SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Crawler, Locomotive, and Truck Cranes Standard for General Industry information collection requirements codified in regulation 29 CFR 1910.180 that require an Occupational Safety and Health Act (OSH Act) covered employer subject to the standard to perform a monthly inspection on cranes and running ropes and prepare a certification record for each inspection. A rope that has been idle for a month or more must undergo a thorough inspection and a certification record must be generated. OSH Act sections 6(b)(7) and 8(c) authorize this information collection. See 29 U.S.C. 655(b)(7) and 657(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0221.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on February 28, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information

about this ICR, see the related notice published in the **Federal Register** on September 7, 2016 (81 FR 61715).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0221. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
