Steps to Reducing Worker Exposure to COVID-19 in Fish and Seafood Processing and Packaging Facilities

Keep you and the people working around you safe. Take these steps even if you have no symptoms of COVID-19.

- **Stay home if you are sick.**
- **Maintain at least six feet physical distance between co-workers, where possible.**
- **Avoid group gatherings during work breaks onshore and offshore.**
- **Use partitions installed along the production line to achieve physical distance, where social distancing is not possible.**
- **Avoid sharing equipment and tools. Regularly clean tools and equipment that must be shared.**
- **Wash your hands with soap and water or alcohol-based hand rubs containing at least 60% alcohol.**
- **Wear protective equipment for general safety and to limit the spread of the virus.**
- **Report any safety and health concerns to your supervisor, or to OSHA.**

- **Limit the number of workers in shared living quarters onboard vessels.**

Stay current on public health recommendations. For more information, visit [www.osha.gov/coronavirus](http://www.osha.gov/coronavirus) or call 1-800-321-OSHA (6742).
