PLEASE SELECT ONE COURSE – *Fill out one registration for each individual*

FIRST AID (English)

9:00AM – 12:00PM

FIRST AID (Spanish)

9:00AM – 12:00PM

COURSE DESCRIPTION: “How to Give a ‘Jump’ Start” - In an emergency minutes count and the sooner First Aid is provided the better the chances of recovery. Learn how to help others at or on the jobsite and at home.

FALL PROTECTION (English)

9:00AM – 12:00PM

FALL PROTECTION (Spanish)

9:00AM – 12:00PM

COURSE DESCRIPTION: “I’ve Fallen and I Can’t Get Up” - Students will learn how to protect themselves on ladders, roofs, bridges, and leading edges and why a harness isn’t always your best option. Students will also learn about new changes to fall protection in residential building.

SCAFFOLDING (English)

9:00AM – 12:00PM

SCAFFOLDING (Spanish)

9:00AM – 12:00PM

COURSE DESCRIPTION: “Working Above Everyone Else” - Learn basic scaffolding safety which will help you to avoid the most common mistakes in the use of this equipment and prevent accidents and injuries.

CRANE RIGGING & SIGNALING (English)

8:00AM – 12:00PM

CRANE RIGGING & SIGNALING (Spanish)

8:00AM – 12:00PM

COURSE DESCRIPTION: “It’s Not Only For Sailboats” - Rigging involves using the necessary equipment and techniques to lift loads. Learn the basics of rigging properly and how to signal a crane properly.

Fax Completed Forms to (954) 382-5748
