Meet the OSHA Experts

ASSE Conference

Denver, CO

June 23rd and 24th

in the exposition hall

Booth 636

Enhanced Enforcement Programs

Emergency Preparedness

Regulatory Agenda

Monday morning – June 23, 9:15 to 12 noon

Walt Siegfried is a Certified Safety Professional with 21 years OSHA experience. His concentration is safety science and he was an industry-trained safety engineer before joining OSHA. Walt will be available to discuss how OSHA's Enhanced Enforcement Programs will help employers provide a safer working environment for their employees

Monday afternoon – June 23, 1 to 3:30 pm

Brian T. Liddell is a member of OSHA's Health Response Team. He is a Certified Industrial Hygienist with 10 years experience. Brian will be available to discuss OSHA's emergency preparedness and response activities as an agency, as well as how organizations can address their own emergency planning efforts.

Tuesday morning – June 24, 9:15 to 11:00 pm

Steve Witt has more than 30 years OSHA experience and heads OSHA's Directorate of Standards and Guidance. He will be available to discuss OSHA's regulatory agenda.

Don't miss this communication opportunity!
