Mr. Robert Kulick, Regional Administrator
US Department of Labor-OSHA
201 Varick Street
New York, N.Y. 10014

Dear Mr. Kulick,

I, along with the New Jersey Office of Public Employees Occupational Safety and Health (OPEOSH) have reviewed the FY2012 Federal Annual Monitoring and Evaluation (FAME) report.

As indicated in your letter accompanying the EFAME report, the OPEOSH has been given an opportunity to provide a written response to the report.

The OPEOSH worked closely with Region II staff on responding to the corrective action procedures (CAP) outlined in the report. As indicated in the EFAME report, OPEOSH has satisfactorily addressed all of the CAP measures and has taken all necessary steps to assure that case files are being properly documented and written notification is being made to complainants.

Additionally, we are continuing to work with the Region II staff who are providing us guidance in submitting the documentation required to obtain final approval as a State Plan.

Thank you for your continued interest and support on our ongoing efforts to provide a safe and healthy work environment for all public and private employees and our New Jersey State Citizenry.

Sincerely,

John Monahan, Assistant Commissioner
Labor Standards and Safety Enforcement
