## Citation and Notification of Penalty

---

**To:**  
I-80 Equipment, LLC  
and its successors  
120 Walnut Lane  
Colona, IL 61241

**Inspection Number:** 1068975  
**Inspection Date(s):** 06/09/2015 - 06/09/2015  
**Issuance Date:** 12/04/2015

**Inspection Site:**  
120 Walnut Lane  
Colona, IL 61241

*The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.*

---

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

**Posting** - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

**Informal Conference** - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

**Right to Contest** – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. **Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.**

**Penalty Payment** – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to “DOL-OSHA”. Please indicate the Inspection Number on the remittance. You can also make your payment electronically on [www.pay.gov](http://www.pay.gov). On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>.

You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will process the payments as if these restrictions or conditions do not exist.

**Notification of Corrective Action** – For each violation which you do not contest, you must provide ***abatement certification*** to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that ***abatement documentation*** is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

**Employer Discrimination Unlawful** – The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

**Employer Rights and Responsibilities** – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

**Notice to Employees** – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

**Inspection Activity Data** – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at [www.osha.gov](http://www.osha.gov). If you have any dispute with the accuracy of the information displayed, please contact this office.

## NOTICE TO EMPLOYEES OF INFORMAL CONFERENCE

An informal conference has been scheduled with OSHA to discuss the citation(s) issued on 12/04/2015. The conference will be held by telephone or at the OSHA office located at 1320 W. Commerce Dr., Suite 800, Peoria, IL 61615 on \_\_\_\_\_ at \_\_\_\_\_.

Employees and/or representatives of employees have a right to attend an informal conference.

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

**Citation 1 Item 10 a**      Type of Violation: **Serious**

29 CFR 1910.134(e)(1): The employer did not provide a medical evaluation to determine the employee's ability to use a respirator, before the employee was fit tested or required to use the respirator in the workplace:

Employees were required to wear respirators to perform different activities throughout the facility and medical evaluations had not been provided before the employee was fit tested or required to use the respirator in the workplace, including the following:

- (a) Employees engaged in sandblasting activities for vehicle preparation used a Gen VX Series Airline Respirator.
- (b) Employees engaged in aiding the sandblaster wore 3M-7502 half face respirators during sandblasting activities.
- (c) Employees engaged in sanding for body repair activities wore 3M-7502 half face respirators.
- (d) Employees engaged in spray painting activities wore 3M full face respirators while applying isocyanate-containing spray paint to vehicles.
- (e) Employees engaged in torch cutting for vehicle fabrication wore 3M-7502 half face respirators.

### Citation and Notification of Penalty

**Company Name:** I-80 Equipment, LLC  
**Inspection Site:** 120 Walnut Lane, Colona, IL 61241

---

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

#### Citation 1 Item 23 a      Type of Violation: **Serious**

Employees were exposed to airborne concentrations of air contaminants listed in Table Z-1 in excess of the permissible exposure limits as follows:

(a) Employee(s) were exposed to an airborne concentration of particulates not otherwise regulated (PNOR) respirable fraction listed in Table Z-1 in excess of the 8 hour Time Weighted Average concentration of 5 mg/m<sup>3</sup>:

An employee engaged in sandblasting activities on July 8, 2015 was exposed to PNOR (respirable fraction) at an 8-hr time-weighted average level of 14.30 mg/m<sup>3</sup>, approximately 2.9 times the limit of 5 mg/m<sup>3</sup>; this limit was established to prevent adverse health effects. The blaster used The Original Black Beauty abrasive media to blast a trailer and part of a truck. The exposure level is derived from one sample collected over a 360 minute period, assuming 0 exposure for the remaining 120 minutes.

An employee engaged in sandblast helping activities on July 8, 2015 was exposed to PNOR (respirable fraction) at an 8-hr time-weighted average level of 8.34 mg/m<sup>3</sup>, approximately 1.7 times the limit of 5 mg/m<sup>3</sup>; this limit was established to prevent adverse health effects. The blaster used The Original Black Beauty abrasive media to blast a trailer and part of a truck. The exposure level is derived from one sample collected over a 360 minute period, assuming 0 exposure for the remaining 120 minutes.

(b) Employee(s) were exposed to an airborne concentration of particulates not otherwise regulated (PNOR) total dust listed in Table Z-1 in excess of the 8 hour Time Weighted Average concentration of 15 mg/m<sup>3</sup>:

An employee engaged in sanding activities on July 15, 2015 was exposed to PNOR (total dust) at an 8-hr time-weighted average level of 19.33 mg/m<sup>3</sup>, approximately 1.3 times the limit of 15 mg/m<sup>3</sup>; this limit was established to prevent adverse health effects. The sander used a hand held electric sander to sand different parts of a bucket truck. The exposure level is derived from one sample collected over a 420 minute period, assuming 0 exposure for the remaining 60 minutes.

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

**Inspection Site:** 120 Walnut Lane, Colona, IL 61241

---

(c) Employee(s) were exposed to an airborne concentration of methylene bisphenyl isocyanate(MDI) listed in Table Z-1 in excess of the 15 minute Ceiling concentration of 0.02 ppm:

An employee engaged in spray painting activities on July 15, 2015 was exposed to Methylene bisphenyl isocyanate (MDI) at a 15-minute Ceiling level of 0.23 ppm, approximately 1.15 times the limit of 0.02 ppm; this limit was established to prevent adverse health effects. The spray painter used spray paint guns to apply isocyanate-containing material to a bucket truck. The exposure level is derived from one sample collected over a 15 minute period.

**ABATEMENT DOCUMENTATION REQUIRED FOR THIS ITEM**

Date By Which Violation Must be Abated:	01/25/2016
Proposed Penalty:	\$4900.00

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

### Citation and Notification of Penalty

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

Citation 1 Item 24 a      Type of Violation: **Serious**

29 CFR 1910.1052(c)(1): The employer did not ensure that no employee(s) was exposed to an airborne concentration of methylene chloride in excess of twenty-five parts per million as an 8-hour TWA:

An employee engaged in spray paint gun cleaning activities on July 8, 2015 was exposed to methylene chloride at an 8-hr time-weighted average level of 64 ppm, approximately 2.6 times the limit of 25 ppm; this limit was established to prevent adverse health effects. The employee used Naked Gun Spray Gun Paint Remover to clean parts of spray paint guns. The exposure level is derived from five samples collected over a 325 minute period, assuming 0 exposure for the remaining 155 minutes.

**Citation 1 Item 29** Type of Violation: **Serious**

29 CFR 1910.1052(k)(1)(iii): The employer did not include MC in the hazard communication program established to comply with the HCS ( 1910.1200). The employer did not ensure that each employee has access to labels on containers of MC and to safety data sheets, and is trained in accordance with the requirements of HCS and paragraph (l) of this section.

An employee used Naked Gun Spray Gun Paint Remover containing 30-60% methylene chloride to clean the spray paint guns and the employer did not include MC in the hazard communication program established to comply with the HCS (1910.1200).

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

Citation 1 Item 30 a      Type of Violation: **Serious**

29 CFR 1910.1052(l)(1): The employer did not provide information and training for each affected employee prior to or at the time of initial assignment to a job involving potential exposure to methylene chloride:

An employee used Naked Gun Spray Gun Paint Remover containing 30-60% methylene chloride to clean the spray paint guns with brushes and other tools in front of an open bucket of the product and the employer did not provide information and training for each affected employee prior to or at the time of initial assignment to a job involving potential exposure to methylene chloride.

Citation 1 Item 30 b      Type of Violation: **Serious**

29 CFR 1910.1052(l)(3): In addition to the information required under the Hazard Communication Standard at 29 CFR 1910.1200, 29 CFR 1915.1200, or 29 CFR 1926.59, as appropriate:

- (i) The employer did not inform each affected employee of the requirements of this section and information available in its appendices, as well as how to access or obtain a copy of it in the workplace;
- (ii) Wherever an employee's exposure to airborne concentrations of MC exceeded or could reasonably be expected to exceed the action level, the employer did not inform each affected employee of the quantity, location, manner of use, release, and storage of MC and the specific operations in the workplace that could result in exposure to MC, particularly noting where exposures may be above the 8-hour TWA PEL or STEL;

An employee used Naked Gun Spray Gun Paint Remover containing 30-60% methylene chloride to clean the spray paint guns and the employer did not inform each affected employee of the requirements of this section or the quantity, location, manner of use, release, and storage of MC and the specific operations in the workplace that could result in exposure to MC.

The alleged violations below have been grouped because they involve similar or related hazards that may increase the potential for injury or illness.

Citation 1 Item 31 a      Type of Violation: **Serious**

29 CFR 1910.1200(e)(1)(i): The employer did not compile a list of the hazardous chemicals known to be present using a product identifier that was referenced on the appropriate safety data sheet

Employees engaged in fabrication, body and spray paint operations throughout the facility were exposed to multiple hazardous chemicals including, but not limited to, corrosives, flammables, potential carcinogens, skin and respiratory sensitizers and irritants found in spray paints, coatings, paint removers, solvents and other products and the employer did not ensure a list of the hazardous chemicals known to be present at the facility was compiled and included with the written program.

## INVOICE / DEBT COLLECTION NOTICE

---

**Company Name:** I-80 Equipment, LLC  
**Inspection Site:** 120 Walnut Lane, Colona, IL 61241  
**Issuance Date:** 12/04/2015

<b>Summary of Penalties for Inspection Number</b>	<b>1068975</b>
<b>Citation 1, Serious</b>	<b>\$133000.00</b>
<b>TOTAL PROPOSED PENALTIES</b>	<b>\$133000.00</b>

---

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance. You can also make your payment electronically on [www.pay.gov](http://www.pay.gov). On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is <https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>. You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$25,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to 2 times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

**Interest:** Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

**Delinquent Charges:** A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

**Administrative Costs:** Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
