Citation and Notification of Penalty

To:
Pride Plating, Inc.
and its successors
2900 East Highway 10
Grove, OK 74344

Inspection Number: 971831
Inspection Date(s): 04/14/2014 - 04/17/2014
Issuance Date: 09/03/2014

Inspection Site:
2900 East Highway 10
Grove, OK 74344

The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty you either call to schedule an informal conference (see paragraph below) or you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

Posting - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

Informal Conference - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

Right to Contest – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.

Penalty Payment – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to "DOL-OSHA". Please indicate the Inspection Number on the remittance. You can also make your payment electronically on www.pay.gov. On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on OSHA Penalty Payment Form. The direct link is:

<https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>.

You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$50,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will process the payments as if these restrictions or conditions do not exist.

Notification of Corrective Action – For each violation which you do not contest, you must provide *abatement certification* to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that *abatement documentation* is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

Employer Discrimination Unlawful – The law prohibits discrimination by an employer against an

employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

Employer Rights and Responsibilities – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

Notice to Employees – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

Inspection Activity Data – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

NOTICE TO EMPLOYEES OF INFORMAL CONFERENCE

An informal conference has been scheduled with OSHA to discuss the citation(s) issued on 09/03/2014. The conference will be held by telephone or at the OSHA office located at 55

North Robinson, Suite 315, Oklahoma City, OK 73102 on _____ at

_____. Employees and/or representatives of employees have a right to attend an informal conference.

CERTIFICATION OF CORRECTIVE ACTION WORKSHEET

POSTING: A copy of completed Corrective Action Worksheet should be posted for employee review

Citation and Notification of Penalty

Company Name: Pride Plating, Inc.
Inspection Site: 2900 East Highway 10, Grove, OK 74344

Citation 1 Item 1 Type of Violation: **Serious**

29 CFR 1910.107(b)(2): The interior surfaces of spray booths were not smooth and continuous without edges and otherwise designed to prevent pocketing of residues and facilitate cleaning and washing without injury.

The employer does not ensure that the interior surfaces of the spray booths are smooth and continuous without edges. This violation occurred on or about April 14, 2014, in the small parts paint area, in front of dry filters booths, the floor has low and high areas where overspray could accumulate and are not smooth and continuous. Employees spray flammable primers at the booths and are exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure the interior surfaces of spray booths are smooth and continuous without edges to prevent pocketing and facilitate cleaning and washing without injury.

ABATEMENT DOCUMENTATION REQUIRED FOR THIS ITEM

Date By Which Violation Must be Abated:	10/17/2014
Proposed Penalty:	\$6930.00

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

Citation and Notification of Penalty

Company Name: Pride Plating, Inc.
Inspection Site: 2900 East Highway 10, Grove, OK 74344

Citation 1 Item 2 Type of Violation: **Serious**

29 CFR 1910.107(b)(5)(i): Visible gauges or audible alarm or pressure activated devices were not installed to indicate or insure that the required air velocity is maintained. Filter rolls were not inspected to insure proper replacement of filter media:

The employer does not ensure visible gauges or audible alarm or pressure activated devices are installed in conventional dry type spray booths to insure required air velocity is maintained. This violation occurred on or about April 14, 2014, in the small parts paint area, conventional dry filter booths 1, 2, 3, and 4 do not have properly functioning manometers to indicate or insure the required air velocity is maintained. Employees spray flammable primers at the booths and are exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure conventional dry type spray booths have visible gauges or audible alarm or pressure activated devices are installed in conventional dry type spray booths to insure required air velocity is maintained.

Citation 1 Item 3 Type of Violation: **Serious**

29 CFR 1910.107(b)(5)(iv): Space within the spray booth on the downstream and upstream sides of filters were not protected with approved automatic sprinklers:

The employer does not ensure that the space within the conventional dry type spray booths on the downstream and upstream sides of the filters were protected with approved automatic sprinklers. This violation occurred on or about April 14, 2104, at spray booths 5 and 6, no sprinklers are installed downstream and upstream of the dry filters. Employees spray flammable paints at booths 5 and 6 and are exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure the space within the conventional dry type spray booths on the downstream and upstream sides of the filters are protected with approved automatic sprinklers.

Citation 1 Item 4 Type of Violation: **Serious**

29 CFR 1910.107(b)(9): A clear space of not less than 3 feet on all sides was not kept free from storage or combustible construction:

The employer does not ensure a clear space of not less than 3 feet on all sides of spray booths is kept free from storage or combustible material. This violation occurred on or about April 16, 2104, at spray booth 6, where cardboard and cans of paint were stored within 3 feet of one side of spray booth 6. Employees sprayed flammable paints at booth 6 and were exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure a clear space of not less than 3 feet on all sides of spray booths is kept free from combustible material.

Citation 1 Item 5 Type of Violation: **Serious**

29 CFR 1910.107(c)(5): Electrical equipment not approved for locations containing both deposits of readily ignitable residues and explosive vapors was present in spraying area(s):

The employer does not ensure that only approved electrical equipment is located in areas subject to ignitable residues and explosive vapors. This violation occurred on or about April 14, 2104, in the small parts paint area, near booth 2, a wall mounted light switch box has small screw openings and green spray residue present on the front of the light switch box. Employees spray flammable primers at the booths and are exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure that only approved electrical equipment is located in areas subject to ignitable residues and explosive vapors.

Citation 1 Item 6 Type of Violation: **Serious**

29 CFR 1910.107(g)(3): Residue scrapings and debris contaminated with residue were not immediately removed from the premises and properly disposed. Approved metal waste cans were not provided wherever rags or waste were impregnated with finishing material; and all such rags or waste were not deposited therein immediately after use. The contents of waste cans were not properly disposed of at least once daily or at the end of each shift.

The employer does not ensure residue contaminated material is collected in an approved metal container immediately after use. This violation occurred on or about April 14, 2104, in the small parts paint mixing room, coating or primer containers impregnated with flammable residue are placed into a plastic trash can that lacks a lid. Employees spray flammable paints at booths in the small parts painting area and are exposed to fire hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure that immediately after use, waste impregnated with finishing material is placed into approved metal waste cans.

Citation 1 Item 7 Type of Violation: **Serious**

29 CFR 1910.1025(d)(3)(i): The initial determination for lead was not based on employee exposure monitoring results and other relevant considerations listed in 29 CFR 1910.1025(d)(3)(i)(A), (B) and/or (C):

The employer does not base initial lead determinations on personal employee monitoring for air borne lead. This violation occurred on or about May 5, 2014, in the abrasive blasting area, where the employer does not conduct personal employee monitoring for lead during abrasive blasting while an employee is inside an enclosure using an abrasive blasting gun. Lead was found on a wipe of an abrasive blasting cabinet which exposes employees to lead health hazards.

Pursuant to 29 C.F.R. 1903.19, within (10) calendar days of the abatement date, the employer must submit documentation showing that it is in compliance with the standard, including describing the steps that it is taking to ensure initial lead determinations include employee exposure monitoring results for air borne lead.

INVOICE / DEBT COLLECTION NOTICE

Company Name: Pride Plating, Inc.
Inspection Site: 2900 East Highway 10, Grove, OK 74344
Issuance Date: 09/03/2014

Summary of Penalties for Inspection Number	971831
Citation 1, Serious	\$41580.00
TOTAL PROPOSED PENALTIES	\$41580.00

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance. You can also make your payment electronically on www.pay.gov. On the left side of the pay.gov homepage, you will see an option to Search Public Forms. Type "OSHA" and click Go. From the results, click on **OSHA Penalty Payment Form**. The direct link is <https://www.pay.gov/paygov/forms/formInstance.html?agencyFormId=53090334>. You will be required to enter your inspection number when making the payment. Payments can be made by credit card or Automated Clearing House (ACH) using your banking information. Payments of \$50,000 or more require a Transaction ID, and also must be paid using ACH. If you require a Transaction ID, please contact the OSHA Debt Collection Team at (202) 693-2170.

OSHA does not agree to any restrictions or conditions or endorsements put on any check, money order, or electronic payment for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to 2 times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.
