Citation and Notification of Penalty

To:
Taylor's Drain and Sewer Service
2201 Sewell Street
Lincoln, NE 68502

Inspection Number: 897301
Inspection Date(s): 03/22/2013 - 03/22/2013
Issuance Date: 09/12/2013

Inspection Site:
5600 South 90th Street
Lincoln, NE 68502

The violation(s) described in this Citation and Notification of Penalty is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

This Citation and Notification of Penalty (this Citation) describes violations of the Occupational Safety and Health Act of 1970. The penalty(ies) listed herein is (are) based on these violations. You must abate the violations referred to in this Citation by the dates listed and pay the penalties proposed, unless within 15 working days (excluding weekends and Federal holidays) from your receipt of this Citation and Notification of Penalty **you either call to schedule an informal conference (see paragraph below) or** you mail a notice of contest to the U.S. Department of Labor Area Office at the address shown above. Please refer to the enclosed booklet (OSHA 3000) which outlines your rights and responsibilities and which should be read in conjunction with this form. Issuance of this Citation does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless this Citation is affirmed by the Review Commission or a court.

Posting - The law requires that a copy of this Citation and Notification of Penalty be posted immediately in a prominent place at or near the location of the violation(s) cited herein, or, if it is not practicable because of the nature of the employer's operations, where it will be readily observable by all affected employees. This Citation must remain posted until the violation(s) cited herein has (have) been abated, or for 3 working days (excluding weekends and Federal holidays), whichever is longer.

Informal Conference - An informal conference is not required. However, if you wish to have such a conference you may request one with the Area Director during the 15 working day contest period. During such an informal conference you may present any evidence or views which you believe would support an adjustment to the citation(s) and/or penalty(ies).

If you are considering a request for an informal conference to discuss any issues related to this Citation and Notification of Penalty, you must take care to schedule it early enough to allow time to contest after the informal conference, should you decide to do so. Please keep in mind that a written letter of intent to contest must be submitted to the Area Director within 15 working days of your receipt of this Citation. The running of this contest period is not interrupted by an informal conference.

If you decide to request an informal conference, please complete, remove and post the Notice to Employees next to this Citation and Notification of Penalty as soon as the time, date, and place of the informal conference have been determined. Be sure to bring to the conference any and all supporting documentation of existing conditions as well as any abatement steps taken thus far. If conditions warrant, we can enter into an informal settlement agreement which amicably resolves this matter without litigation or contest.

Right to Contest – You have the right to contest this Citation and Notification of Penalty. You may contest all citation items or only individual items. You may also contest proposed penalties and/or abatement dates without contesting the underlying violations. **Unless you inform the Area Director in writing that you intend to contest the citation(s) and/or proposed penalty(ies) within 15 working days after receipt, the citation(s) and the proposed penalty(ies) will become a final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency.**

Penalty Payment – Penalties are due within 15 working days of receipt of this notification unless contested. (See the enclosed booklet and the additional information provided related to the Debt Collection Act of 1982.) Make your check or money order payable to “DOL-OSHA”. Please indicate the Inspection Number on the remittance.

OSHA does not agree to any restrictions or conditions or endorsements put on any check or money order for less than the full amount due, and will cash the check or money order as if these restrictions, conditions, or endorsements do not exist.

Notification of Corrective Action – For each violation which you do not contest, you must provide *abatement certification* to the Area Director of the OSHA office issuing the citation and identified above. This abatement certification is to be provided by letter within 10 calendar days after each abatement date. Abatement certification includes the date and method of abatement. If the citation indicates that the violation was corrected during the inspection, no abatement certification is required for that item. The abatement certification letter must be posted at the location where the violation appeared and the corrective action took place or employees must otherwise be effectively informed about abatement activities. A sample abatement certification letter is enclosed with this Citation. In addition, where the citation indicates that *abatement documentation* is necessary, evidence of the purchase or repair of equipment, photographs or video, receipts, training records, etc., verifying that abatement has occurred is required to be provided to the Area Director.

Employer Discrimination Unlawful – The law prohibits discrimination by an employer against an employee for filing a complaint or for exercising any rights under this Act. An employee who believes that he/she has been discriminated against may file a complaint no later than 30 days after the discrimination occurred with the U.S. Department of Labor Area Office at the address shown above.

Employer Rights and Responsibilities – The enclosed booklet (OSHA 3000) outlines additional employer rights and responsibilities and should be read in conjunction with this notification.

Notice to Employees – The law gives an employee or his/her representative the opportunity to object to any abatement date set for a violation if he/she believes the date to be unreasonable. The contest must be mailed to the U.S. Department of Labor Area Office at the address shown above and postmarked within 15 working days (excluding weekends and Federal holidays) of the receipt by the employer of this Citation and Notification of Penalty.

Inspection Activity Data – You should be aware that OSHA publishes information on its inspection and citation activity on the Internet under the provisions of the Electronic Freedom of Information Act. The information related to these alleged violations will be posted when our system indicates that you have received this citation. You are encouraged to review the information concerning your establishment at www.osha.gov. If you have any dispute with the accuracy of the information displayed, please contact this office.

NOTICE TO EMPLOYEES OF INFORMAL CONFERENCE

An informal conference has been scheduled with OSHA to discuss the citation(s) issued on 09/12/2013. The conference will be held by telephone or at the OSHA office located at 444 Regency Parkway Drive, Suite 303, Omaha, NE 68114 on _____ at

_____. Employees and/or representatives of employees have a right to attend an informal conference.

CERTIFICATION OF CORRECTIVE ACTION WORKSHEET

Inspection Number: 897301

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502
Issuance Date: 09/12/2013

List the specific method of correction for each item on this citation in this package that does not read "Corrected During Inspection" and return to: **U.S. Department of Labor – Occupational Safety and Health Administration, 444 Regency Parkway Drive, Suite 303, Omaha, NE 68114**

Citation Number _____ and Item Number _____ was corrected on _____
By (Method of Abatement): _____

POSTING: A copy of completed Corrective Action Worksheet should be posted for employee review

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 1 Type of Violation: **Serious**

29 CFR 1910.1200(e)(1): Employer had not developed or implemented a written hazard communication program included the requirements outlined in 29 CFR 1910.1200(e)(1)(i) and (e)(1)(ii):

29 CFR 1910.1200(e)(1): This provision is applicable to construction employment by 1926.59.

The employer is failing to protect employees from potential chemical hazards associated with using primers and adhesives while connecting PVC piping without having developed a written HAZCOM program and all its components as outlined within this subpart. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had untrained employees installing water and sewer lines in a new residential construction while using primer and cement to adhere the pipes together without having met the requirements of this subpart. Instances include but are not limited to:

- i. Failure to develop and implement a written program that outlines the companys approach to handling chemicals in the work place.
- ii. Failure to provide training to employees on the proper methods to work with chemicals in general and more specific training on the particular chemicals they are exposed to.
- iii. Failure to develop a list documenting all the different chemicals the company uses or has used over the years.
- iv. Failure to maintain Safety Data Sheets(SDS) for each chemical in use and have provided training on reading SDS to employees prior to their exposure.

Abatement certification is required for this violation. The abatement certification sheet is enclosed with the citations.

Date By Which Violation Must be Abated:	10/12/2013
Proposed Penalty:	\$5000.00

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 2 Type of Violation: **Serious**

29 CFR 1926.21(b)(2): The employer did not instruct each employee in the recognition and avoidance of unsafe conditions and the regulations applicable to his/her environment to control or eliminate any hazards or other exposure to illness or injury:

The employer is failing to train employees to recognize, avoid and prevent against potential caught between and struck by hazards associated with trenching and excavations. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had inadequately trained employees installing new water and sewer lines in a trench that failed to meet several requirements of this subpart and had not provided the employees with any training formal or otherwise. Instances of trenching violations include but are not limited to:

- i. No soil test was conducted, where at least one test should be performed both visibly and manually.
- ii. Benching/sloping was used improperly to protect employees; specifically they did not meet the requirement of class B soil, 1:1 ration as outlined in Appendix A of this subpart.
- iii. Leaving an underground utility gas line exposed and unprotected during the operation exposed employees to potential explosion hazards.

Abatement certification and abatement documentation is required for this violation. The documentation should include written verification of abatement, applicable measurements or monitoring results, and photographs or videos which you believe will be helpful. The abatement certification sheet is enclosed with the citations.

ABATEMENT DOCUMENTATION REQUIRED FOR THIS ITEM

Date By Which Violation Must be Abated:	10/12/2013
Proposed Penalty:	\$7000.00

See pages 1 through 4 of this Citation and Notification of Penalty for information on employer and employee rights and responsibilities.

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 3 Type of Violation: **Serious**

29 CFR 1926.651(b)(4): While the excavation was opened, underground installations were not protected, supported or removed as necessary to safeguard employees:

The employer is failing to protect employees from potential explosion hazards associated with trenching and excavations in close proximity to active underground utilities. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had employees installing new water and sewer lines in a trench where they have unearthed an active gas line to the home and failed to protect that line against damage as the result of accidental contact, leaving it directly exposed to equipment operating in the trench throughout the duration of the job and creating the potential for employees to be injured in the event of an explosion.

Abatement certification and abatement documentation is required for this violation. The documentation should include written verification of abatement, applicable measurements or monitoring results, and photographs or videos which you believe will be helpful. The abatement certification sheet is enclosed with the citations.

ABATEMENT DOCUMENTATION REQUIRED FOR THIS ITEM

Date By Which Violation Must be Abated:	09/27/2013
Proposed Penalty:	\$7000.00

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 4 Type of Violation: **Serious**

29 CFR 1926.651(c)(2): A stairway, ladder, ramp or other safe means of egress was not located in trench excavations that were 4 feet (1.22m) or more in depth so as to require no more than 25 feet (7.62m) of lateral travel for employees:

The employer is failing to protect employees from potential access and egress hazards associated accessing or egressing a trench without a ladder or ramp. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had employees installing new water and sewer lines in an unprotected trench where they are entering and exiting the trench by climbing the walls and no other method of acceptable access was available.

Abatement certification and abatement documentation is required for this violation. The documentation should include written verification of abatement, applicable measurements or monitoring results, and photographs or videos which you believe will be helpful. The abatement certification sheet is enclosed with the citations.

Proposed Penalty:	\$7000.00

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 5 Type of Violation: **Serious**

29 CFR 1926.651(k)(1): Daily inspections of excavations, the adjacent areas, and protective systems were not made by a competent person for evidence of a situation that could have resulted in possible cave-ins, indications of failure of protective systems:

The employer is failing to protect employees from potential cave in hazards associated with trenching and excavations when the employer has failed to meet the requirements of having a competent person inspect the trench/excavation prior to employees entering. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had employees installing new water and sewer lines in an unprotected trench that failed to meet multiple requirements of this subpart specifically the lack of a competent persons evaluation of the trench prior to and during use. Instances include but are not limited to:

- i. No soil test was conducted, where at least one test should be performed both visibly and manually.
- ii. Benching/sloping was used improperly to protect employees; specifically they did not meet the requirement of class B soil, 1:1 ration as outlined in Appendix A of this subpart.

Leaving an underground utility line exposed and unprotected during the operation exposed employees to potential explosion hazards.

Abatement certification and abatement documentation is required for this violation. The documentation should include written verification of abatement, applicable measurements or monitoring results, and photographs or videos which you believe will be helpful. The abatement certification sheet is enclosed with the citations.

Citation and Notification of Penalty

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502

Citation 1 Item 6 Type of Violation: **Serious**

29 CFR 1926.652(a)(1): Each employee in an excavation was not protected from cave-ins by an adequate protective system designed in accordance with 29 CFR 1926.652(b) or (c) of this section: The employer is failing to protect employees from potential caught between and struck by hazards associated trenching and excavation work. The most recent example of this was found on the job site located at 5600 South 90th Street, Lincoln, NE 68502, where the employer had employees installing new water and sewer lines in an unprotected trench with an ineffective benching/sloping combination that fails to meet the requirements of this subpart.

Abatement certification and abatement documentation is required for this violation. The documentation should include written verification of abatement, applicable measurements or monitoring results, and photographs or videos which you believe will be helpful. The abatement certification sheet is enclosed with the citations.

INVOICE / DEBT COLLECTION NOTICE

Company Name: Taylor's Drain and Sewer Service
Inspection Site: 5600 South 90th Street, Lincoln, NE 68502
Issuance Date: 09/12/2013

Summary of Penalties for Inspection Number	897301
Citation 1, Serious	\$40000.00
TOTAL PROPOSED PENALTIES	\$40000.00

To avoid additional charges, please remit payment promptly to this Area Office for the total amount of the uncontested penalties summarized above. Make your check or money order payable to: "DOL-OSHA". Please indicate OSHA's Inspection Number (indicated above) on the remittance.

OSHA does not agree to any restrictions or conditions or endorsements put on any check or money order for less than the full amount due, and will cash the check or money order as if these restrictions or conditions do not exist.

If a personal check is issued, it will be converted into an electronic fund transfer (EFT). This means that our bank will copy your check and use the account information on it to electronically debit your account for the amount of the check. The debit from your account will then usually occur within 24 hours and will be shown on your regular account statement. You will not receive your original check back. The bank will destroy your original check, but will keep a copy of it. If the EFT cannot be completed because of insufficient funds or closed account, the bank will attempt to make the transfer up to 2 times.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be assessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which the debt amount

becomes due and payable (penalty due date). The current interest rate is one percent (1%). Interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice of contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be assessed accruing from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be assessed for demand letters sent in an attempt to collect the unpaid debt.

Bonita Winingham
Area Director
