Small group exercise – Module 1

The Incident -

Employee Is Struck By Falling Logs That Rolled Off A Truck

- **Accident: 171262231 – OSHA Report ID: 0522000 –**
- **Event Date: 09/23/2002**
- On September 23, 2002, an employee drove a truckload of logs to a sawmill. He was unstrapping them in preparation for off-loading, when three logs rolled off the top and fell on him. The employee was killed.

1. Select a leader for your small group.
2. Select a group member to write down the answers.
3. Read and discuss the information for the incident described above.

Based on the incident description, identify a least one example for each of the following hazard types.

Unsafe condition _____

Unsafe behavior _____

Describe the movement for the unsafe condition _____

Describe the movement required for the unsafe behavior _____

What was the event? _____

Based on your findings, how could this incident have been prevented? _____
