Training Videos

- (Newly approved for the 2017-18 grant.) We utilize one training video created by a 3rd-party entity (National Safety Compliance). The video is titled “**LOCKOUT/TAGOUT – CONTROL OF HAZARDOUS ENERGY**”, and is provided in English and Spanish. We used this video as part of our presentation on Amputation Prevention including Lockout/Tagout and Machine Guarding. Our powerpoint has a slide indicating when the video occurs during the presentation.
