

UTEP Excavation Hazards Prevention Training for Construction Workers

- The training will be completed in 60-80 minutes sessions.
- At the conclusion of the training, we'll issue certificates of completion as well.
- We can accommodate any time slots that might be good within your company's daily schedule, either at a job site or an office before work or at lunchtime, etc.
- The best of all, this training is totally **FREE**.

Please let us know if you are willing to be a part of this program by providing a date and time and we'll be happy to provide the training to the workers in your company.
