

Managers!

We challenge you to take 3 actions in 30 days.

Management leadership is a core element of a workplace safety and health program. Accelerate your program and show your commitment in your workplace.

Ready to take the challenge? It's as easy as **1-2-3**

1 Take 3 actions in 30 days

There are lots of ways to accelerate your program!

Choose from our list below or pick one of your own. Every workplace is different so select actions that work best for you.

Get started today or visit www.osha.gov/safeandsound for more information on management leadership.

2 Share in your workplace

It is important for your employees to see your commitment to safety!

Show them that safety starts with you! List your three actions and share it on social media, in your company newsletter, or post it in the workplace.

Use [#SafeAndSoundAtWork](#) on social media or email us for the chance to have your photo featured on our website.

3 Accept your challenge coin

You did it! Visit our website at the end of the month to download your virtual challenge coin for showing Management Leadership. Share it on social media, post it in your workplace, or put it in your signature file – display it proudly!

Challenge your colleagues, suppliers, and partner organizations to [#Take3in30](#) to be [#SafeAndSoundAtWork](#).

15 Actions to Show Leadership in Safety and Health... or pick one of your own!

1 Make safety part of your daily conversations with workers.

2 Walk the floor to identify hazards.

3 Host a short safety meeting.

4 Request a no-cost and confidential OSHA consultation.

5 Write a company newsletter article about your commitment to safety in the workplace.

6 Make a video on safety, for example, with an interview or demonstration.

8 Spot workers who meet or exceed safety and health goals.

9 Allocate additional resources toward safety and health programs.

10 Find or become a safety mentor.

11 Post a flyer or poster about safety in the workplace.

7 Set safety and health program goals and objectives.

12 Establish or update a written safety or health policy.

13 Review and modify your business procedures to ensure they consider safety and health.

14 Tell businesses you work with about your commitment to safety and health.

15 Send an email blast with a key message about your commitment to safety and health.
