RESOURCES ON FIXING HAZARDS

Resource from the National Framers Council web page:

- The primary, subscription-based tool the National Framers Council offers to its members to control hazards is the [FrameSAFE](http://www.frameSAFE.org) safety manual, a bilingual (English/Spanish) document that includes a Site-Specific Fall Protection Plan Template, a series of Toolbox Talks, safety posters, and more: <http://www.framecouncil.org/frameSAFE>.

Resources from OSHA's web page:

- OSHA's Safety and Health Topics Page on Construction: <https://www.osha.gov/doc/index.html>
- OSHA Construction eTool: <https://www.osha.gov/SLTC/etools/construction/index.html>
- Fall Protection in Residential Construction web page: <https://www.osha.gov/doc/topics/residentialprotection/index.html>
- OSHA Fall Prevention Campaign web page: <https://www.osha.gov/stopfalls/index.html>
