

**U.S. DEPARTMENT OF LABOR
OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION**

FUNDING OPPORTUNITY ANNOUNCEMENT/NOTICE OF AVAILABLE FUNDING:
Susan Harwood Training Grant Program Workplace Safety and Health Training on Infectious Diseases, Including COVID-19

CATALOG OF FEDERAL DOMESTIC ASSISTANCE NUMBER: 17.502

FUNDING OPPORTUNITY NUMBER: SHTG-FY-21-05

GRANT CATEGORY: Workplace Safety and Health Training on Infectious Diseases, Including COVID-19

ACTION: This Funding Opportunity Announcement (FOA)/Notice of Available Funding is for eligible nonprofit organizations to submit proposals to deliver workplace safety and health training to eligible employers and workers on the topic of infectious diseases, including COVID-19. Grant activities support conducting training on infectious diseases, including COVID-19 in a timely and efficient manner. Therefore, grantees must initially begin using existing training materials and guidance documents in order to deliver training as soon as practical following award. During the performance period, grantees may develop and use new tailored training materials (following OSHA approval of the new materials).

ELIGIBLE APPLICANTS: Non-profit organizations including qualifying labor unions, community-based and faith-based organizations, employer associations that are not an agency of a state or local government, institutions of higher education supported by a state or local government, Indian tribes, tribal organizations, Alaska Native entities, Indian-controlled organizations serving Indians, and Native Hawaiian organizations may apply.

APPLICATION REQUIREMENTS: Applicants must follow the guidelines stated in this FOA before submitting a complete application package including attachments at www.Grants.gov (Grants.gov). Submission instructions are available at Grants.gov.

APPLICATION DEADLINE: This FOA closes on July 26, 2021, at 11:59 p.m. eastern time. Applications not validated by Grants.gov, or submitted after this deadline, are ineligible for consideration.

NOTICE OF CONCURRENT FUNDING OPPORTUNITY ANNOUNCEMENT: This FOA (SHTG-FY-21-05) is for Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grants only. Applications submitted for other Harwood grants will be invalid and not considered for an award under this FOA.

FURTHER INFORMATION: This FOA does not itself obligate any federal funds. Information about the Susan Harwood Training Grant Program is located on the OSHA website at www.osha.gov/harwoodgrants. Email your questions about this FOA to HarwoodGrants@dol.gov, or call 847-725-7805, weekdays between 9:00 a.m. – 5:00 p.m.,

Eastern Time. Questions about Grants.gov or problems submitting your application may be answered using the Grants.gov Support webpage, www.grants.gov/web/grants/support.html, or by contacting them by email, Support@grants.gov, or telephone, 1-800-518-4726, 24 hours a day, 7 days a week (except federal holidays).

I. EXECUTIVE SUMMARY

Under the authority of Section 21 of the Occupational Safety and Health Act of 1970 (OSH Act), the U.S. Department of Labor (DOL) Occupational Safety and Health Administration (OSHA) established its discretionary grant program in 1978. In 1997, OSHA renamed the program in honor of the late Susan Harwood, former director of the OSHA Office of Risk Assessment. The grant program offers opportunities for nonprofit organizations to compete annually for funding so they may develop and conduct training and educational programs for small business employers and workers on the recognition, avoidance, and prevention of occupational safety and health hazards in their workplaces, and to inform workers of their rights and employers of their responsibilities under the OSH Act.

The American Rescue Plan Act (ARPA) of 2021 appropriated \$200,000,000 to the Secretary of Labor for specified agencies to carry out COVID-19-related worker protection activities and allocated not less than \$100,000,000 of those funds for OSHA. ARPA also specified that \$10,000,000 of OSHA's funds be for Susan Harwood training grants.

The Susan Harwood Training Grant Program awards funds to qualifying organizations who have demonstrated capabilities to achieve the program's performance expectations outlined in this FOA. This includes experience in the subject matter, administering and delivering adult training programs, recruiting students, and managing grants. Following the grant awards, OSHA monitors each organization's progress in achieving their performance goals and training targets. OSHA accomplishes this by conducting orientation meetings, training material reviews, training observations, program and financial monitoring visits, and quarterly and year-end report reviews.

For FY 2021, OSHA announces the availability of \$10,000,000 to train employees and employers on infectious disease, including COVID-19 exposure in the workplace through the Susan Harwood Training Grant Program. OSHA expects to award multiple grants to eligible nonprofit organizations under this competitive FOA. Program funding is for a grant performance period ending on March 31, 2023. The maximum award for a Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant is \$200,000. This FOA does not itself obligate any federal funds. The obligation of funds occurs when grant recipients acknowledge receipt and acceptance of award documents.

Applications submitted under this FOA are competing for a Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant. Organizations may receive a FY 2021 Susan Harwood Training Grant (i.e., a Targeted Topic Training, Training and Educational Materials Development, or one of the Capacity Building grants) and a Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant in the same year. If an organization submits multiple applications for a Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant, OSHA will review the last viable application. An application is not available for additions, corrections, or revisions once it is submitted at Grants.gov. To make changes to a submitted application, the applicant must submit a new application package. This FOA closes on July 26, 2021, at 11:59 p.m. Eastern Time. Applications not validated by Grants.gov, or submitted after this deadline, are ineligible for consideration.

Eligible nonprofit applicants include qualifying labor unions, community-based and faith-based organizations, and employer associations that are not an agency of a state or local government. However, institutions of higher education that are supported by a state or local government are eligible to apply in accordance with OMB 2 CFR 200 and DOL exceptions in 2 CFR 2900. In addition, Indian tribes, tribal organizations, Alaska Native entities, Indian-controlled organizations serving Indians, and Native Hawaiian organizations are eligible to apply in accordance with Executive Order 13175. Individuals, for profit organizations, and 501(c)(4) nonprofit organizations are not eligible to apply.

Information and forms needed to apply for this funding opportunity are published on the www.grants.gov website (hereinafter “Grants.gov”). Prior to submitting an application, the applicant’s registration must be accurate, up-to-date, and active with Grants.gov and the System for Award Management (SAM). To maintain an active registration in the SAM database, an applicant must review and update their information every 12 months. Inaccurate or expired information may result in rejection of the grant application.

If an applicant is using Grants.gov for the first time, it is strongly recommended that the organization complete the steps to “Register as an Organization” with Grants.gov at www.grants.gov/web/grants/applicants/organization-registration.html as soon as possible. It can take up to five weeks to complete the registration process. Grants.gov requires applicants to have a DUNS number that may be acquired in one or two business days from the Dun & Bradstreet at fedgov.dnb.com/webform. The required SAM registration may take from two to more than five weeks to complete, and requires an employer identification number (EIN) and a notarized letter from the organization’s authorized representative. It is free to register with SAM at www.sam.gov

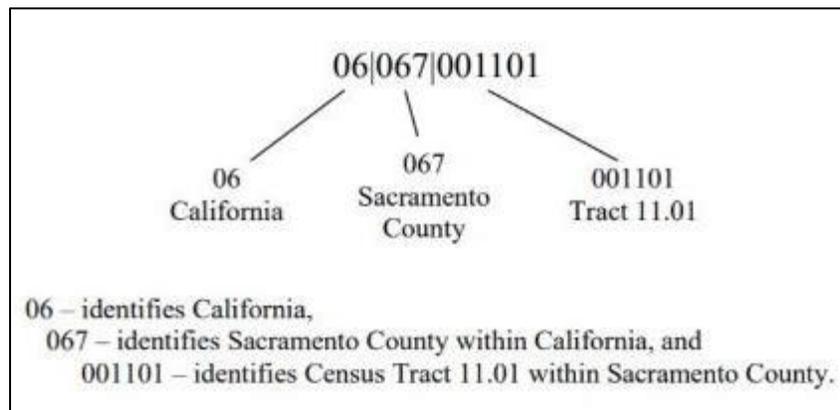

To avoid delays that could result in the rejection of the application, the applicant must factor these processes into their plans for submitting their application. It is strongly recommended that applicants/organizations register with SAM themselves, and not rely on third parties to engage in SAM registration on their behalf. Third parties may misrepresent (intentionally or unintentionally) that they have obtained a SAM registration for the applicant/organization when they have not in fact done so. In cases where an applicant does not obtain and maintain an active bona-fide SAM registration, a grant application will be denied even if the applicant relied in good faith on a third party’s representation that an active bona-fide SAM registration was obtained. Additional information about these requirements is located in [Appendix C](#).

II. PROGRAM OVERVIEW AND FUNDING OPPORTUNITY DESCRIPTION

The Susan Harwood Training Grant Program funds eligible nonprofit organizations to develop and deliver training on the recognition, abatement, and prevention of occupational safety and health hazards in workplaces. For this funding opportunity, the applicant must focus on providing training on infectious diseases, including COVID-19, to workers and employers from multiple small businesses. Trainings must focus either on COVID-19 specifically or infectious diseases broadly, including COVID-19. When providing training, consider these four program emphasis areas:

- Training workers and employers in small businesses with 250 or fewer employees;
- Training that focuses on identifying and preventing occupationally-related infectious diseases, including COVID-19 illnesses in industries with high illness rates, for frontline workers, or for susceptible populations;
- Training on OSHA standards that address infectious diseases, including COVID-19 hazards; and
- Training on workplace hazards identified in OSHA special emphasis programs or other priorities associated with infectious diseases, including COVID-19.

Applicants who demonstrate in their proposal that at least one census tract within their physical service area is designated by the Secretary of Treasury as a qualified Opportunity Zone will receive 2 points toward their overall application score. Applicants will not receive additional points for multiple Opportunity Zones within the proposed physical service area. For more information on Opportunity Zones, go to <https://www.irs.gov/newsroom/opportunity-zones-frequently-asked-questions>. Please be aware the IRS list provides the full 11-digit census tract numbers. Use the example below to identify your census tract number(s):

III. AWARD INFORMATION

OSHA may award a grant with or without negotiations with the applicant.

A. AWARD CATEGORY

Grants awarded under this FOA will support the delivery of workplace safety and health training on infectious diseases, including COVID-19. Proposals must emphasize delivering quality occupational safety and health training with existing training materials.

B. PERFORMANCE PERIOD

The performance period will begin immediately upon award and last 18 months.

C. FUNDING

There is \$10,000,000 available for Workplace Safety and Health Training on Infectious

Diseases, Including COVID-19 grants. Applicants may request federal funding up to \$200,000.

D. TRAINING TOPICS

The training topic for this funding opportunity is workplace safety and health hazards, prevention, and control for infectious diseases, including COVID-19. Training topics must focus either on COVID-19 specifically or infectious diseases broadly, including COVID-19. To conduct infectious disease, including COVID-19 training in a timely and efficient manner, grantees must initially begin using existing training materials and guidance documents in order to deliver training as soon as practical following award. During the performance period, grantees may develop and use new tailored training materials (following OSHA approval of the new materials).

E. ELIGIBLE TRAINEES

OSHA covers most private sector employers and workers. Under this grant program, grantees may train only eligible workers and their employers covered under the OSH Act of 1970, SEC. 4, codified at 29 U.S.C. 653 (for more information, see [Appendix A](#)). Grant funds may not be used to train the applicant's staff or employees, or train workers to qualify for employment.

This grant program does not cover activities that benefit state and local government employees unless the employees are responsible for occupational safety and health duties within their agency. These employees include agency safety and health trainers/program managers/committee members, or other employees who may be responsible for the abatement of unsafe and unhealthy working conditions in their agency. Most state and local government employees are ineligible trainees under this program, including those who may have occupational safety and health protection because they work in a state operating an OSHA-approved State Plan occupational safety and health program. For information about OSHA-approved State Plan occupational safety and health programs, go to www.osha.gov/dcsp/osp/index.html.

F. TRAINING AUDIENCES

Training and training materials must be in a language the participants can understand, and must serve employers and workers from multiple small businesses as well as at-risk workers in other workplaces. In addition to training on OSHA guidance and applicable federal standards related to infectious diseases, including COVID-19, training planned for workers and employers in any of the 28 OSHA-approved State Plans may include a reference to that state's occupational safety and health infectious disease, including COVID-19 requirements or guidance. Training must reach workers and employers in one or more of the following target audiences:

- Small businesses in industries at high risk of infectious diseases, including COVID-19 exposure;
- Small businesses in industries with high fatality rates from infectious diseases,

- including COVID-19; or
- Workers with limited access to occupational safety and health training, e.g., young workers (ages 16-24), temporary, workers of color, low literacy, limited English speaking, domestic workers, or other hard-to-reach workers and small businesses employing such workers.

IV. GRANT APPLICATION AND SUBMISSION

This announcement includes instructions for developing and organizing the application package. Application submission information and standard forms are on the Grants.gov website.

Applying for and receiving an FY 2021 Susan Harwood training grant (i.e., a Targeted Topic Training, Training and Educational Materials Development, or one of the Capacity Building grants) does not disqualify organizations from applying for and receiving a Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant. OSHA allows organizations to receive both grants. If an organization submits more than one application for this funding opportunity, OSHA will review the last application accepted by Grants.gov.

A. ELIGIBLE APPLICANTS

Eligible applicants are eligible nonprofit organizations. Eligible applicants include qualifying labor unions, community-based and faith-based organizations, employer associations (may not be an agency of a state or local government), institutions of higher education supported by a state or local government, and Indian tribes, tribal organizations, Indian-controlled organizations serving Indians, Alaska Native entities, and Native Hawaiian organizations. Individuals, 501(c)(4) nonprofit organizations, and for-profit entities are **not** eligible for a Susan Harwood training grant.

All organizations listed in an application as a partner, or as a part of a consortium, must be eligible to be a non-profit grantee as defined by this FOA, and must adhere to program requirements. An organization cannot be a grantee and a partner/contractor for another grantee for this grant award. Grant duties may not be sub-awarded or passed through to other organizations or contractors. Organizations may not use grant funds from another federal program to benefit an OSHA training program. If contracting services, applicants must provide a description of the duties of each contractor and justify why the contractor is necessary and how the contractor will support grant goals. These contracts may require a full and open competition to meet the requirements of the award and 2 CFR 200.

The applicant is the lead partner and must have the ability to perform the program activities. The authorized representative and the financial certifying official must be identified in the application and employed by the lead partner. The authorized representative must have the authority to enter into a grant agreement, and will be the primary contact for OSHA communication regarding the grant.

B. APPLICATION SUBMISSION

Prepare your grant application package using the checklist in [Appendix B](#). After reviewing the Grants.gov application submission and receipt procedures in [Appendix C](#), submit your application at www.Grants.gov (Grants.gov) prior to this announcement's closing date and time. Refer to [Appendix D](#) for important information about application viability.

For Grants.gov questions, use the online answers section at Grants.gov Support (www.grants.gov/web/grants/support.html), or contact Grants.gov Applicant Support by emailing Support@grants.gov, or calling 1-800-518-4726. Grants.gov support is available 24 hours a day, 7 days a week except federal holidays.

If applying online poses a hardship, applicants must contact the OSHA Office of Training and Education (OTE) office at least three weeks prior to the application closing date. An OSHA representative will advise the applicant on how to submit an application online prior to the closing date. Send an email to HarwoodGrants@dol.gov, or call the Susan Harwood Grants Coordinator at 847-725-7805, weekdays between 9:00 a.m. and 5:00 p.m. Eastern Time excluding federal holidays.

C. REQUIRED APPLICATION CONTENT

OSHA will review complete applications only. Use the checklist in [Appendix B](#) to ensure you submit all the required documents listed below.

1. SF-424 APPLICATION FOR FEDERAL ASSISTANCE

- Funds requested must be rounded to the nearest whole dollar.
- The amount entered on the SF-424, box 18a, is the official federal funding request.
- The applicant information must be consistent on all documents.
- The authorized representative's electronic signature on the SF-424, block 21, constitutes a binding offer by the applicant.
- The authorized representative listed on the SF-424 must be the same authorized representative listed on the application summary document.

2. SF-424A BUDGET INFORMATION – NON-CONSTRUCTION PROGRAMS

- The projected budget must cover the entire performance period.
- The projected budget must be allocated by cost categories on the detailed budget support documentation as shown on the SF-424A.
- Projected costs in each cost category must be shown as either a program or an administrative cost (defined in [Appendix E](#)).
- Budget information provided on the SF-424A must match the information provided by the applicant on the detailed budget support and budget narrative documents. Examples of the SF-424A and the detailed budget support

documents are in [Appendix F](#).

3. SF-424B ASSURANCES – NON-CONSTRUCTION PROGRAMS

The authorized representative's electronic signature certifies the applicant's agreement to comply with federal laws, executive orders, regulations, policies, grant requirements, certifications, and assurances governing this program.

4. PROJECT/PERFORMANCE SITE LOCATION(S)

The completed form identifies the sites and locations where grant activities will take place. Any plans or contingencies for remote training delivery are identified here.

5. GRANTS.GOV CERTIFICATION REGARDING LOBBYING FORM

The authorized representative's electronic signature certifies the applicant agrees to comply with lobbying restrictions. If item 2 is applicable, complete the SF-LLL, Disclosure of Lobbying Activities form.

6. SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES (IF APPLICABLE)

Complete only if the organization makes payments to lobbying entities with the intent to influence an officer, employee, or member of any federal agency or Congress in connection with a covered federal action.

Refer to [Appendix G](#) for approved formatting for the following documents:

7. APPLICATION SUMMARY (NOT TO EXCEED 2 PAGES)

Follow the example in [Appendix H](#) to provide basic information about the application.

8. PROGRAM ABSTRACT (NOT TO EXCEED 1/2 PAGE)

Follow the guidance in [Appendix I](#) and briefly describe the proposed training plan and expected outcome.

9. TECHNICAL PROPOSAL (NOT TO EXCEED 20 DOUBLE-SPACED PAGES – [APPENDIX G](#))

Describe the applicant's business, training experience, interaction with the target audience, successes in completing program obligations, staff's occupational safety and health knowledge and experience, and planned activities for accomplishing project training goals. Use the following outline for the proposal.

A. PROPOSAL IDENTIFICATION

- Applicant/organization name
- Grant category (Workplace Safety and Health Training on Infectious Diseases, Including COVID-19)
- Training topic
- Audience

B. PROPOSAL NARRATIVE

a. ORGANIZATION AND PARTNERS BACKGROUND

Provide an overview of the organization, its purpose, function, usual business activities, and the past five years of experience with governmental (federal, state, or local) grant programs. Discuss the organization's experience with occupational safety and health, conducting training, and interacting with adults. Include a list of organizational activities that are specific to the selected training topic. Organizational experience includes recruitment, training, and other services related to the selected training topic. If an organization has experience conducting the proposed type of training, attach a list of the training conducted over the past five years. Describe the training conducted and include the program titles, type(s) of training materials used, numbers of workers and/or employers trained, the training contact hours, and whether the training was part of a previous Harwood grant. Describe the organization's experience in conducting and using level 1 training session reaction evaluations and level 2 trainee learning assessments.

b. STAFF EXPERIENCE

The applicant must use knowledgeable staff to support this grant program. Describe key personnel and professional staff who will be working on project activities. Describe their experience in conducting training and/or developing training materials for adult learners, occupational safety and health qualifications, experience with the targeted audience, and other experience relevant to the work activities proposed in the application. Include the following attachments:

- Organizational chart (may be an attachment)
 - Identify by name and position the staff working on the grant
- Resumes, curricula vitae (CVs), position description/minimum hiring qualifications (limited each to no more than seven pages each)
 - Show occupational safety and health knowledge and experience;
 - Key personnel (authorized representative, project director, and others who spend more than 50% of their time working on grant activities)
 - Professional staff (material developers, trainers, etc.)

c. PROBLEM, PURPOSE, AND FUNDING NEEDS STATEMENT

Provide a clear and concise statement describing the goals for the project, issues addressed by the training, and organizational need for federal assistance.

d. WORK PLAN PROPOSAL

The work plan allows the applicant to detail the grant activities required to complete the project requirements and goals during the performance period. The proposal is comprised of two components, a matrix table that identifies the activities by quarter, and a descriptive narrative about the planned activities. The work plan must address the following:

- Training materials;
- Targeted audience, including workers and employers;
- Recruitment of trainees;
- Proposed training sessions ;
- Training location(s) (general);
- Training delivery methods;
- Anticipated number of trainees and training contact hours per training; and
- Planned activities for conducting level 1 evaluations and level 2 trainee assessments.

The work plan must be reasonable and achievable within the grant performance period. Grantees are accountable for completing the activities listed in the work plan and meeting the proposed quarterly training projections. The work plan goals are the basis for measuring actual quarterly performance reported to the Assistant Secretary of Labor. Grantees must be mindful of performance issues and consult with OSHA as early as possible. Organizations applying for both a FY 2021 Susan Harwood Training Grant (i.e., a Targeted Topic Training, Training and Educational Materials Development, *or* one of the Capacity Building grants) *and* a Susan Harwood Workplace Safety and Health Training on Infectious Diseases, Including COVID-19 grant (i.e., the grant advertised in this FOA) in the same year must describe and demonstrate the capacity to manage the increased programmatic and financial activity associated with multiple grants.

A WORK PLAN ACTIVITY TABLE divided by program quarter for the performance period must include the activities and tasks projected for each performance quarter. The project's quarters are:

- Quarter 1: MM DDD, 2021 – September 30, 2021
- Quarter 2: October 1, 2021 – December 31, 2021
- Quarter 3: January 1, 2022 – March 31, 2022
- Quarter 4: April 1, 2022 – June 30, 2022
- Quarter 5: July 1, 2022 – September 30, 2022
- Quarter 6: October 1, 2022 – December 31, 2022
- Quarter 7: January 1, 2023 – March 31, 2023

Develop the work plan activity table to identify the expected results and who, what, when, where, or how the activity or task supports accomplishing the work plan goals. Include all required grant-related activities in your work plan. These include attending OSHA-required meetings and monitoring visits, submitting training materials for OSHA review, submitting quarterly reports, projecting training sessions, projecting trainee numbers and training contact hours, and other grant related activities.

WORK PLAN DETAILED NARRATIVE describes the activities, tasks, and expected results of the project's performance goals. Program requirements are:

1. TRAINING MATERIALS

This funding opportunity focuses on delivering infectious disease, including COVID-19 workplace safety and health training to workers and employers. Applicants must identify the training materials they plan to use and explain how they will acquire the materials. Training materials include promotional flyers, advertisements, training objectives, presentation/training materials, instructor guides/presenter notes, videos, student manuals/handouts, student exercises, sign-in sheets, pre- and post-tests (or other methods for assessing changes in the student's safety and health knowledge and skills), and evaluations for training material content, instructor, and training environment.

This funding opportunity requires the grantee to conduct workplace safety and health training on infectious diseases, including COVID-19. Grantees are expected to conduct training as soon as possible. Applicants are to use existing training materials and guidance documents initially and may propose developing new tailored training or educational materials for later training sessions. Grantees must adhere to all copyright laws.

Training materials must address the recognition, abatement, and prevention of infectious disease, including COVID-19 in the workplace. Training planned for workers and employers in any of the 28 OSHA-approved State Plans must include a reference to that state's OSHA requirements or guidelines and Federal OSHA guidelines or requirements.

Training sessions should include a brief overview of OSHA Whistleblower Protection Programs (www.whistleblowers.gov/) regarding employee rights and employer responsibilities. The overview must be included in the workplace safety and health training on infectious diseases, including COVID-19, but limited to no more 30 minutes.

TRAINING AND EDUCATIONAL MATERIALS from an outside source must be identified. These materials must follow the commonly accepted Instructional Systems Design. Grantees must adhere to all copyright laws and provide a written certification that materials are free from copyright infringements.

Acquired materials may be subject to OSHA review and approval.

Grantees are encouraged to review the guidance document “Best Practices for the Development, Delivery, and Evaluation of Harwood Training Grants” at www.osha.gov/harwoodgrants/best-practices. An updated publication, “Resource for Development and Delivery of Training to Workers,” is available at www.osha.gov/Publications/osha3824.pdf. These resources address proven adult learning techniques, effective models for worker training, and training evaluation documentation.

Each training session must include a statement that acknowledges OSHA funding for this workplace safety and health training on infectious diseases, including COVID-19 as follows:

This training is presented under grant number SH-____-SH_ from the Occupational Safety and Health Administration, U.S. Department of Labor. It does not necessarily reflect the views or policies of the U.S. Department of Labor, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.

OSHA MUST APPROVE THE ENGLISH VERSION OF GRANT MATERIALS before the grantee may use the materials to conduct training or translate them into another language. Allow at least three weeks for OSHA to review materials for technical accuracy and suitability. If the grantee revises the materials after receiving OSHA approval, the grantee must submit the updated materials to OSHA for re-approval.

OSHA reserves the right to review the translated materials prior to their use. OSHA may request the grantee to certify accuracy of the translation by identifying the translator and providing the translator’s qualifications. Organizations proposing to use Spanish-language training materials must use appropriate terminology from the OSHA dictionaries located at www.osha.gov/dcsp/compliance_assistance/spanish_dictionaries.html.

2. TRAINING PLAN AND PROJECTIONS

RECRUITMENT PLAN for reaching trainees must be provided. Additionally, describe past successes in reaching the training audience as well as any plans to enlist other organizations during the recruiting efforts. Grantees may not train an individual more than once during the grant period. Harwood grant funds may not be used to conduct training at conferences.

THE TRAINING PROPOSAL must focus on conducting training on workplace safety and health infectious diseases, including COVID-19. Describe the teaching methods, training locations, geographical impact, and quarterly projection for the number of trainees and trainee contact hours. Describe the

methodology used to develop the projections for total number trained and total contact hours for each type of training (worker, employer, and train-the-trainer). Explain how you plan to involve workers during the training to create a participatory learning environment.

TRAINING SESSIONS must last a minimum of 30 minutes, but may not exceed 7½ trainee contact hours per day. Contact hours refer to time spent conducting training on workplace safety and health infectious diseases, including COVID-19 and whistleblower protection topics. Trainee contact hours do not include breaks, lunchtime, or instructor-led time used for administrative activities such as trainee sign-in, general training site information, training presentation evaluation, or presentation of certificates of completion. If the training occurs over multiple days, the trainee must attend the entire training before the grantee may count them as trained, or include their contact hours in the quarterly report. Training that begins in one quarter, but ends in the next quarter is reported only in the quarter the training is completed.

TRAINING CLASS SIZE must be no fewer than 3 and no more than 40 trainees per class. The ideal class size to facilitate participatory learning with actively involved trainees is between 10 – 30 trainees. OSHA infectious disease including COVID-19 guidelines for workplaces, such as distancing, masking, and other protection requirements, and all state and local guidelines and requirements must be enforced during trainings where multiple trainees are in one location. Should these guidelines necessitate remote delivery of training, training must remain participatory and interactive.

TRAINING EVALUATIONS AND ASSESSMENTS are important in validating training materials and presentation. Occasionally, the Department of Labor conducts a separate study on the impact of the program's training. In accepting grant funding under this program, the grantee agrees to fully cooperate with and provide any data needed for the federally sponsored evaluation(s) of the training. Grantees must administer a training evaluation and learning assessments at each training session.

LEVEL 1 – TRAINING SESSION EVALUATION measure how trainees react to the training experience including trainees' perceptions of the training environment, instructor(s), and quality and usefulness of the training. A level 1 evaluation must be in writing and completed by the trainee. If language or literacy is an issue, the evaluation may include an instructor-documented verbal satisfaction survey.

LEVEL 2 – TRAINEE LEARNING ASSESSMENTS measures the skills, knowledge, and safety attitude the trainee acquires and retains. The instructor must document the pre- and post-training assessment results of each trainee. Level 2 assessments may be written tests, or instructor-

documented oral pre- and post-training assessments. All pre- and post-assessments must measure the training objectives and match in content, format, and approach. This will accurately document changes in trainees' knowledge and skills because they participated in the training.

The grantee/instructor must maintain documentation of all verbal- or activities-based assessments. Alternative pre- and post-test assessment methods may include having the trainees perform a task or interactive activity that demonstrates their knowledge before and after their participation in the training. Evaluations and assessments must be retained for OSHA monitoring purposes.

TRAINING PROJECTIONS define the proposed training sessions by type of training, course duration, projected number of trainees, and training contact hours. Provide a description of the method you will use to reach multiple employers and their workers. Include a table similar to the following:

TABLE 1: TRAINING PROJECTIONS BY TRAINING TYPE

Type of Training	Length of training (hours)	Projected Number of Trainees	Total Contact hours
Employer	4	20	80
Worker	4	400	1,600
Train-the-Trainer	8	20	160
	Total	440	1,840

TRAINEE NUMBERS AND TRAINING CONTACT HOURS are estimates based on proposed training for each quarter. Describe the methodology used to develop your estimates. Grantees must limit the grant expenses to no more than \$500 per trainee. Projections must be a single number estimate (not a range) as shown in the table below.

TABLE 2: TRAINING NUMBERS AND TRAINING CONTACT HOURS

Quarter	Performance Period	Projected Trainees	Projected Contact Hours
Quarter 1	July 1 to September 30	0	0
Quarter 2	October 1 to December 31	40	200
Quarter 3	January 1 to March 31	75	310
Quarter 4	April 1 to June 30	100	420
Quarter 5	July 1 to September 30	90	370
Quarter 6	April 1 to June 30	75	300
Quarter 7	July 1 to September 30	60	240
Totals		440	1,840
Total funding (federal and non-federal)		\$200,000	\$200,000
*Costs per Trainee/Contact Hour		\$455	\$109

*Cost per trainee is determined by dividing the total grant funding (federal and non-federal funds) by the total number of trainees.

A TRAIN-THE-TRAINER PROGRAM allows the grantee to expand the distribution of their occupational safety and health training, ultimately

reaching more workers. However, a train-the-trainer program requires more effort by the grantee to monitor the trainers, and to acquire quarterly training and evaluation results.

Grantees provide “**tier-one training**” to workers, employers, and trainees under the train-the-trainer component of the grant. The train-the-trainer component does not include training the applicant’s staff.

After trainees complete a train-the-trainer class, they may conduct “**tier-two training**” under the supervision of the grantee. Tier-two trainers may train workers and employers, but may not conduct additional tiers of train-the-trainer classes.

Grantees **may not** use grant funds to compensate tier-two trainers. Tier-two trainers must follow grant requirements and provide appropriate supporting documents to the grantee for inclusion in the quarterly reports. Grantees must formally monitor the training provided by the tier-two trainers to validate the quality of the training and to ensure the training numbers and contact hours are reported correctly.

In the technical proposal, provide the following information about the tier-two training:

- proposed tier-two training audience;
- proposed number of trainings;
- proposed number of trainees (workers and employers);
- proposed training contact hours;
- proposed process for acquiring the quarterly training, assessments, and evaluation data from the tier-two trainers;
- planned support by the grantee to the tier-two trainers; and
- planned monitoring of the tier-two trainers by the grantee to validate training quality and reporting accuracy.

INSTITUTIONS OF HIGHER EDUCATION must observe Constitution Day and Citizenship Day on September 17 in accordance with 36 USC 106, Consolidated Appropriations Act. The U.S. Department of Education requires every school and college receiving federal money to teach about the U.S. Constitution on the anniversary date of the adoption of the Constitution in 1787. Visit [Commemorating Constitution Day](#) for relevant information. **This grant does not include funding these activities.**

10. FISCAL RESPONSIBILITY AND PROGRAM BUDGETING

Briefly describe the organization’s financial management process including any separation of fiscal duties and internal funds controls.

THE FUNDS REQUESTED ON THE SF-424, APPLICATION FOR FEDERAL ASSISTANCE, BOX 18, TAKE PRECEDENCE OVER FUNDS SHOWN ON ALL OTHER DOCUMENTS.

Funds requested must be rounded to the nearest whole dollar. It is important the supporting budget information match the requested funding stated on the SF-424. Supporting budget documents include the SF-424A, Budget Information – Non-Construction Programs, the project funding stated on the application summary document, and the total funding allocated in the detailed budget and budget narrative.

The applicant's budget and budget narrative must demonstrate that the funds requested are necessary and sufficient to cover the cost of the project activities identified in the proposal. The federal share of the budget shall not exceed the maximum award established in this FOA. No additional federal funds will be available during this grant performance period.

Proposed costs must be necessary, reasonable, and in accordance with federal guidelines. Allowable costs support recruiting activities, training preparation, and conducting training. All costs must comply with federal cost principles found in the Uniform Guidance in 2 CFR 200 and 2 CFR 2900. Appendices [E](#) and [J](#) identify allowable costs for this program.

A DETAILED PROJECT BUDGET SUPPORT NARRATIVE must describe and justify the projected costs stating the methodology for each cost allocation. This includes providing a budget and cost allocation details for non-profit partners, if applicable. Explain where the partners' costs are included in the proposed grant budget. Clearly describe the costs related to the program and administrative activities for the performance period as shown on the SF-424A, Budget Information. Cost categories must match the SF-424A categories, and be identified as either administrative or program costs, as defined in [Appendix E](#). The budget must include all grant funding (federal award and non-federal funds, if applicable).

The personnel and benefits cost categories of the detailed budget and narrative must include the names, positions, and percent of time the staff works on grant activities. For the other cost categories, provide detailed lists such as travel locations, supplies, services, and other costs necessary for the project. Show how the costs are calculated.

For service contracts, state the purpose of the contract, anticipated duties, and the method for calculating the costs. Grantees are expected to execute the majority of the grant administration and program activities with little or no assistance from contractors. Contracts must meet the requirements stated in [Appendix E](#).

ADMINISTRATIVE COSTS are costs that support the management of the grant and administration of the project. These include salaries and benefits for the authorizing representative, financial certifying representative, administrative assistants, and others who manage the grant and/or complete the reporting requirements, travel costs to attend OSHA-required meetings, and cost of supplies and materials used for

administrative tasks. Indirect costs are inherently administrative and are applicable to the budget as an administrative cost only.

The focus of this program is occupational safety and health training associated with infectious diseases, including COVID-19 in the workplace. OSHA has established a maximum allowance for administrative costs under this funding opportunity of no more than 25 percent of the total funding amount (federal award and applicant's non-federal funds).

PROGRAM COSTS are identifiable costs necessary to conduct training on infectious diseases, including COVID-19. These include salaries and benefits for the project director, trainers, travel costs to conduct training, and costs to purchase supplies and material needed for the training presentation. Grantees may not use grant funds to compensate employers or worker trainees during the grant period, including refreshments, gift cards, stipends, lost salaries, or other enticements.

APPLICANTS PROPOSING TO PURCHASE INFECTIOUS DISEASE, INCLUDING COVID-19 SAFETY OR TRAINING ITEMS FOR DEMONSTRATION PURPOSES must justify how the purchase will enhance the program or training. Items must be used during the training and may not be given as gifts, incentives, or awards to trainees. Grant funds may not be used to purchase an item with a useful life of more than one year, cost more than \$5000, or is depreciable for tax purposes. Grant funds may not be used to purchase items to establish or update offices or training spaces, including desks, tables, chairs, file cabinets, room dividers, technical equipment, machinery, or models. If reasonable and justified, informational technology (IT) equipment purchases such as a laptop or projector are allowed for training presentation purposes only. Information about allowable administrative and program costs is included in [Appendix J](#).

APPLICANTS MUST IDENTIFY ALL VOLUNTARY RESOURCE CONTRIBUTIONS used to support the project. Describe the source(s) of funds and amount(s). Explain how these funds will be used to support the goals and objectives of this grant program. The voluntary contributions may not include federal funds received from another agency nor may grant funds be used to pay consultants who are federal employees, or federally funded state employees such as OSHA 21(d) consultants or 23(g) compliance officers.

INDIRECT OR 10 PERCENT DE MINIMIS COSTS ALLOCATED TO THE BUDGET require appropriate supporting documentation. Applicants must submit a current copy of their approved negotiated Indirect Cost Rate Agreement (ICRA) with their application. The effective dates in the ICRA must cover the entire grant performance period.

Applicants without an approved ICRA, and who have never had an ICRA, may add a 10 percent de minimis rate to their budget based on their Modified Total Direct Costs (MTDC) as described in 2 CFR 200.68 and 2 CFR 200.414. If allocating a 10 percent

de minimis rate to their budget, applicants must provide their method for identifying and calculating the MTDC. All indirect or 10 percent de minimis costs are administrative costs for this grant.

THIS PROGRAM REQUIRES EVIDENCE OF AN ORGANIZATION’S NON-PROFIT STATUS. An institution of higher education supported by a state or local government is exempt. Applicants must attach a legible copy of one of the following documents:

- Internal Revenue Service letter recognizing the applicant as tax exempt under the Internal Revenue Code, 26 U.S.C. § 501(c)(3);
- State taxing body or Secretary of State letter certifying that the organization is a nonprofit organization operating within the state and that no part of its net earnings benefits any private shareholder or individual;
- Certified copy of the applicant’s certificate of incorporation or similar document that clearly establishes the nonprofit status of the applicant;
- Parent (state or national) organization’s proof of non-profit status listed above, and a statement from the parent organization that the applicant is a local nonprofit affiliate; or
- Comparable documentation to that listed above supporting the non-profit status for Indian tribes and other tribal organizations.

D. MEETINGS, REPORTING, AND DOCUMENTATION

Grantees must participate in OSHA meetings and monitoring/observation visits, maintain training documentation, and submit quarterly progress reports. Applicants must include these activities in their work plan and show related costs in their budget proposal. OSHA uses the activities listed in the work plan to measure the grantee’s progress toward the work plan goals. These assessments allow OSHA to evaluate the grantee’s performance and to provide guidance to the grantee as needed. OSHA Instruction TED 03-00-002, “Administering OSHA Discretionary Grant Programs” establishes the requirements. Go to www.osha.gov/harwoodgrants/requirements to view the document.

A GRANTEE ORIENTATION MEETING is mandatory and occurs early in the performance period at a location determined by OSHA. All applicants must budget for two staff members (one program and one financial) to attend this meeting in their OSHA regional office city. OSHA infectious disease including COVID-19 guidelines for workplaces, or other state and local guidelines may dictate this meeting is held remotely.

GRANTEE REPORTING REQUIREMENTS include quarterly submission of financial and program progress reports to OSHA. Quarterly reports include a comparison of the work plan activities to actual accomplishments, and may include corrective actions, if needed. Quarterly reports are due no later than 30 days after the end of the quarter. The grant closeout report is due no later than 90 days after the end of the grant period. Reminder, personnel time, and other costs related to OSHA meetings, reporting, and visits requirements, are administrative costs.

TABLE 3: GRANTEE REPORTING DUE DATES

Program and Financial Reports Due Dates		
Report for	Reporting Period	Due Date
Quarter 1	07/01/2021 – 09/30/2021	10/30/2021
Quarter 2	10/01/2021 – 12/31/2021	01/30/2022
Quarter 3	01/01/2022 – 03/31/2022	04/30/2022
Quarter 4	04/01/2022 – 06/30/2022	07/30/2022
Quarter 5	07/01/2022 – 09/30/2022	10/30/2022
Quarter 6	10/01/2022 – 12/31/2022	01/30/2023
Quarter 7	01/01/2023 – 03/31/2023	04/30/2023
Closeout/Final	04/01/2023 – 06/30/2023	06/30/2023

SF-425 FEDERAL FINANCIAL REPORT (FFR) is due 30 days after the end of each quarter showing grant expenses for that quarter. The final report is due no later than 90 days after the end of the grant performance period. No expenditures may be obligated during the closeout period.

THE OSHA 171, GRANTEE QUARTERLY PROGRESS REPORT, is due to the regional program staff within 30 days after the end of each quarter. The OSHA 171 is a quantitative report showing the date and location of the training sessions, the number of workers and employers trained, and training contact hours. A separate OSHA 171 is required for each type/tier of training conducted during the quarter.

The quarterly narrative report accompanying the OSHA 171 is a self-analysis of the grantee’s progress toward meeting quarterly work plan goals. The grantee uses the quarter’s training records to identify successes, challenges, and gaps in meeting work plan goals. When possible, the assessments and evaluations shall provide quantitative and qualitative results.

The analysis of level 1 training evaluations and level 2 trainee assessments must describe the instructor(s)’ training effectiveness, changes in the trainees’ knowledge/skill level, safety attitude, workplace practices, and any long-term changes in the trainees’ safety attitudes and in their workplaces. If the grantee recognizes a shortfall in achieving their work plan activities, the grantee must identify a plan to resolve the issues that prevented them from reaching their work plan goals.

The “Instructions for Preparing Grantee Quarterly Progress Reports” printed on the back of the OSHA 171 describe the reporting format. The narrative report must address the following:

- Quarterly activities completed and compared to the work plan;
- Training materials used;
- Recruitment activities;
- Training conducted, including type of training;
- Quarterly training numbers and contact hours compared to the work plan;
- Training evaluations/assessments completed with results (levels 1 and 2);
- Successes and challenges identified;

- Corrective plans implemented to correct performance deficiencies; and
- Other activities accomplished.

THE GRANT CLOSEOUT NARRATIVE REPORT is due no later than June 30, 2023, for grants ending on March 31, 2023. The closeout narrative is the final analysis of the entire grant performance and is due no later than 90 days after the grant ends. This cumulative report summarizes the grant activities highlighting successes and problems. The report explains how the grant activities enabled the grantee to accomplish the work plan goals. The report must include a summary of the level 1 evaluations and level 2 assessments results.

SELF-CERTIFICATIONS must accompany the closeout report. Self-certifications must be on the organization's letterhead and signed by the authorized representative. The grantee certifies that:

- Ineligible audiences did not participate in grant-funded programs or receive grant-funded materials; and
- Training materials used are free from copyright infringements.

OSHA RESERVES THE RIGHT to implement special program requirements and may request additional documentation related to grant activities during the grant cycle. Grantees must immediately respond to OSHA or DOL requests for performance and/or training impact evaluations relating to this grant program. Other special requests may relate, but are not limited, to site visits, review of program, administrative, performance data, and interviews with grant personnel and participants.

E. SUBMISSION FORMAT

The grant application package includes forms and attachments itemized in the Application Checklist located in [Appendix B](#). Use the checklist to verify the application package is complete prior to submitting the application at [Grants.gov](#). Attachments to the Grants.gov grant application must be Microsoft Office or Adobe Acrobat (PDF) documents. Documents must be readable, and print on standard letter-size paper without modification. Missing and incomplete documents, including documents that are not printable, may affect the viability of the application.

Attach required documents only. The application summary, program abstract, technical proposal, resumes for key personnel, position descriptions for key vacancies, and budget support documentation are required documents. Other attachments may include a list of prior government grants and signed letters of commitment to the project. If desired, attach the organization chart(s) for the applicant and the partners separately from the technical proposal. Do not separate other components of the technical proposal including the work plan or work plan matrix. Do not include sample documents of training materials or training programs.

F. INTERGOVERNMENTAL REVIEW

The Susan Harwood Training Grant Program is not subject to Executive Order 12372 Intergovernmental Review of Federal Programs.

G. APPLICATION EVALUATION CRITERIA, REVIEW, AND SELECTION PROCESS

OSHA will screen applications only after Grants.gov determines the viability of the submission. OSHA will use the checklist in [Appendix B](#) to determine whether the application meets the requirements of the FOA. Applications that do not comply with one or more of the requirements are non-responsive and disqualified.

A technical panel of OSHA staff will rate each responsive application against a defined criterion similar to the one included in [Appendix K](#). After reviewing the panel ratings, comments, and recommendations, the Assistant Secretary will consider Agency priorities, training value, geographic presence, related cost, and other factors before selecting the applications most advantageous to the government. The Assistant Secretary's award decisions are final.

H. ANTICIPATED AWARD ANNOUNCEMENT DATE AND NOTIFICATION

Award announcements will occur before September 30, 2021. The Assistant Secretary, or representative, will notify successful applicants. Office of Training and Education (OTE) will notify unsuccessful applicants by mail.

The award notice sent to a successful applicant does not constitute approval of the submitted grant application. The acceptance of a proposal and award of federal funds to sponsor any program does not constitute a waiver to comply with grant requirements or procedures. OSHA may elect to award a grant with or without negotiations with the applicant. A grant awarded without negotiations constitutes a binding offer by the authorized representative, shown on the SF-424, Section 21 (the Grants.gov E-Authentication electronic signature), and the application summary document.

OSHA may enter into negotiations with the applicant regarding compliance with program components, staffing, budgeting, funding levels, and/or administrative systems. If negotiations do not result in an acceptable submittal, the Assistant Secretary reserves the right to terminate the negotiation and decline to fund the proposal. Awardees must submit negotiated revisions to their application to the appropriate Regional Office within 30 days after the award.

I. REQUEST FOR APPLICATION COMMENTS

Award decisions are final and cannot be appealed. Unsuccessful applicants may request comments on their application within six months following the award announcement. All requests must be on the organization's letterhead and signed by the authorized representative as shown in Section 21 of the SF-424, Application for Federal Assistance,

and/or identified as the authorized representative on the application summary document. Send requests by email to HarwoodGrants@dol.gov, or by regular mail to:

Susan Harwood Training Grants Program Coordinator
U.S. Department of Labor, OSHA
Office of Training and Education
2020 South Arlington Heights Road
Arlington Heights, IL 60005-4102

Include the following information with the written request:

1. Funding Opportunity Announcement number (SHTG-FY-21-05);
2. Grants.gov Tracking Number (GRANT_____);
3. Organization name;
4. Workplace Safety and Health Training on Infectious Diseases, Including COVID-19;
5. Authorized representative's name and complete mailing address, zip + 4; and
6. A contact phone number or e-mail address.

V. POST AWARD ADMINISTRATION

A. APPLICABLE FEDERAL LAWS

All grantees, including faith-based organizations, are subject to applicable federal laws and regulations (including provisions of appropriations law) and the applicable OMB Uniform Guidance. Grantees are required to cooperate with all federal, state, and local requirements. The grant awards under this FOA are subject to the following administrative standards and provisions, as applicable to the particular grantee:

- 29 CFR 2, Subpart D, equal treatment regulations;
- 29 CFR Parts 31, 32, 35, and 36, as applicable;
- 29 CFR 93, restrictions on lobbying;
- 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), which covers grant requirements for nonprofit organizations, including universities and hospitals (www.ecfr.gov/cgi-bin/searchECFR?ob=r&idno=2&q1=200&r=&SID=c62e3c4ba0fc212d93130cdeb0a9b70a&mc=true);
- 2 CFR 2900, Department of Labor exceptions to the OMB Uniform Guidance (www.gpo.gov/fdsys/pkg/FR-2014-12-19/pdf/2014-28697.pdf);
- General Terms and Conditions of Award (www.osha.gov/harwoodgrants/requirements);
- Federal Funding Accountability and Transparency Act of 2006 or Transparency Act – Public Law 109-282, as amended by section 6202(a) of Public Law 110-252 (31 U.S.C. 6101) (www.grants.gov/learn-grants/grant-policies/ffata-act-2006.html);

- 2 CFR 25, Universal Identifier And System For Award Management (www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr25_main_02.tpl);
- 2 CFR 170, Reporting Subaward and Executive Compensation Information (www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr170_main_02.tpl); and
- 41 U.S.C. 702 – Drug-Free Workplace Requirement for Federal Grant Recipients Act of 1988, and 2 CFR 182 (www.gpo.gov/fdsys/granule/USCODE-2009-title41/USCODE-2009-title41-chap10-sec702).

DRUG-FREE WORKPLACE: The Drug-Free Workplace Act of 1988, 41 U.S.C. 702 et seq., and 2 CFR 182 require that all organizations receiving grants from any federal agency maintain a drug-free workplace. The recipient must notify the awarding office about any employee convictions related to any violation of a criminal drug statute. Failure to comply with these requirements may result in suspension or debarment.

TRANSPARENCY: DOL is committed to conducting a transparent grant award process and publicizing information about grant awards. The act of submitting a grant application constitutes the applicant’s agreement to indemnify and hold harmless the United States, the U.S. Department of Labor, its officers, employees, and agents against any liability, loss, or damages arising from this application. By such submission of this grant application, the applicant further acknowledges having the authority to execute this release of liability.

THE FREEDOM OF INFORMATION ACT: Grant applications will be protected by DOL from public disclosure in accordance with federal law, including the Trade Secrets Act (18 U.S.C. § 1905), the Freedom of Information Act (FOIA), and the Privacy Act of 1974 (5 U.S.C. § 552a). If DOL receives a FOIA request for an application, OSHA will respond according to DOL FOIA regulations 29 CFR § 70, and will use the exemptions and procedures in 29 CFR § 70.26 for responding to requests for commercial/business information.

B. GRANT PROGRAM CONDITIONS

EVALUATIONS OF THE OVERALL PERFORMANCE of the Harwood grants and/or training impact on participants may be required. As a condition of an award, grantees are required to cooperate with any evaluation of the program DOL may undertake. This cooperation includes, but is not limited to site visits, collection of program, administrative, performance data, and interviews with grant personnel and participants.

DOL PROHIBITS THE USE OF THE DOL SEAL OR OSHA LOGO BY THE GRANTEE. This includes using the seal or logos on grant-produced materials.

DOL RESERVES A ROYALTY-FREE, NON-EXCLUSIVE, AND IRREVOCABLE RIGHT to reproduce, publish, or otherwise use for federal purposes any work produced under a grant, and to authorize others to do so (2 CFR 200.315). Awardee must agree to provide DOL with a paid-up, non-exclusive, and irrevocable license to reproduce,

publish, or otherwise use for federal purposes all products developed, or for which ownership was purchased, under an award including, but not limited to, curricula, training models, technical assistance products, and any related materials, and to authorize others to do so. Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronic or otherwise.

GRANTEES USING EXISTING TRAINING MATERIALS USED FOR GRANT TRAINING PURPOSES must certify the materials are free of copyrights. Provide a list of the acquired training materials used during the grant period including previously-approved Susan Harwood materials. State the type of materials acquired, the name/title of the materials, the author/owner of the materials, the rights to use the materials, information about where to acquire the materials, and a description of how the materials were used, i.e., instructional, recruiting, evaluating, audiovisual.

GRANTEES MAKING PUBLIC REFERENCE to a federal grant award including issuing statements, press releases, proposal requests, bid solicitations, and other documents must describe the project/program funded under the grant and clearly state the following in their public documents in accordance to the Stevens Amendment:

- Dollar amount of federal financial assistance for the project or program;
- Dollar amount of the total cost of the project or program funded by non-governmental sources;
- Percent of the total cost of the program or project funded with federal money; and
- Percent of the total cost of the program or project funded with non-governmental sources.

The grantee may satisfy this requirement by supplying the missing information and then including the following in the above-referenced publications:

The [*Organization's Name*], at the time of initial publication of this document (*MM/YYYY*), is funded by a grant of \$ ___ federal funds, which constitutes ___ percent of the program budget. ___ percent, or \$ ___ of the program budget, is financed through non-governmental sources.

AUTHORITY: Section 21(c) of the Occupational Safety and Health (OSH) Act of 1970, (29 U.S.C. 670), Public Laws 111-117 and 112-10.

OMB Approval No.: 1225-0086

Expiration Date: 07/31/2022

**OFFICE OF MANAGEMENT AND BUDGET INFORMATION COLLECTION
REQUIREMENTS:**

This FOA requests information from applicants. This collection of information is approved under OMB Control No. 1225-0086 (Expires 07/31/2022).

In accordance with the Paperwork Reduction Act of 1995, no person is required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for the grant application is estimated to average 56 hours per response, for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimated or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov. A copy of your comments may be sent electronically to the Susan Harwood Grant Coordinator at HarwoodGrants@dol.gov, or by mail to Susan Harwood Grant Coordinator, 2020 South Arlington Heights Road, Arlington Heights, IL 60005.

This information is collected for the purpose of awarding a grant. Unless otherwise specifically noted in this announcement, information submitted in the respondent's application is not considered confidential.

Billing Code: 4510-26-P

APPENDIX A – TARGETED AUDIENCES

A. Eligible Trainees

This grant supports training for eligible workers and employers currently covered under the OSH Act of 1970, SEC. 4, codified at 29 U.S.C. 653 who work for small businesses with limited access to safety and health training or work in a high-hazard industry. Additionally, temporarily unemployed workers who are planning to reenter the workforce in a position covered by the OSH Act may be considered eligible workers. Grant funds may not be used to train the applicant’s staff or employees, or train worker to qualify for employment. OSHA covers most private sector employers and workers.

OSH Act of 1970, SEC. 4. Applicability of This Act

- (a) This Act shall apply with respect to employment performed in a workplace in a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, the Trust Territory of the Pacific Islands, Wake Island, Outer Continental Shelf Lands defined in the Outer Continental Shelf Lands Act, Johnston Island, and the Canal Zone. The Secretary of the Interior shall, by regulation, provide for judicial enforcement of this Act by the courts established for areas in which there are no United States district courts having jurisdiction.
- (b) (1) Nothing in this Act shall apply to working conditions of employees with respect to which other Federal agencies, and State agencies acting under section 274 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2021), exercise statutory authority to prescribe or enforce standards or regulations affecting occupational safety or health.

Ineligible trainees are public sector employees including federal, state, and local government employees, even though they may have occupational safety and health protection if they work in a state with an OSHA-approved State Plan. Information about OSHA-approved State Plans can be found at www.osha.gov/dcsp/osp/index.html.

B. Targeted Audience(s)

Training and training materials must be in a language the participants can understand, and serve employers and workers from multiple small businesses with fewer than 250 employees. Training must reach workers and employers in one or more of the following targeted audiences:

- Small businesses in industries at high risk of infectious disease, including COVID-19 exposure;
- Small businesses in industries with high fatality rates from infectious diseases, including COVID-19; or
- Workers with limited access to occupational safety and health training, e.g., young workers (ages 16-24), temporary, workers of color, low literacy, limited English speaking, domestic workers, or other hard-to-reach workers and small businesses employing such workers.

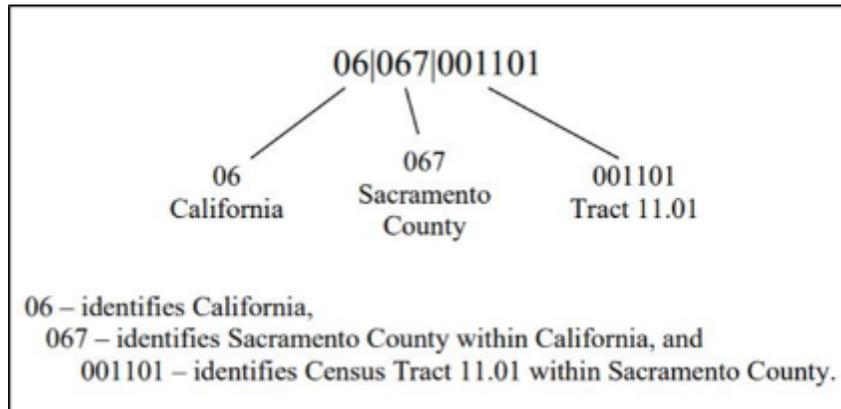

APPENDIX A – TARGETED AUDIENCES (CONT.)

C. Qualified Opportunity Zone

Applicants who demonstrate, in their abstract, that at least one census tract within their physical service area is designated by the Secretary of Treasury as a qualified Opportunity Zone will receive 2 points toward their overall application score. Applicants will not receive additional points for multiple Opportunity Zones within the proposed physical service area.

For more information on Opportunity Zones, go to www.irs.gov/newsroom/opportunity-zones-frequently-asked-questions.

Please be aware the IRS list provides the full 11-digit census tract numbers. Use the example below to identify your census tract number(s):

APPENDIX B – APPLICATION CHECKLIST

Applicants must list the same requested federal grant amount on the SF-424, SF-424A, application summary, and budget support documents. If inconsistencies exist between these documents, the budget amount specified on the SF-424 is the official funding amount requested. If selected for an award, grantees must correct any documents that do not match the official award amount.

Application Checklist	
Forms to be completed on www.Grants.gov	
	SF-424, Application for Federal Assistance
	SF-424A, Budget Information – Non-Construction Programs
	SF-424B, Assurances – Non Construction Programs
	Project/Performance Site Location(s)
	Grants.gov Lobbying Form
	SF-LLL, Disclosure of Lobbying Activities (if applicable)
Documents that must be attached to the application package in Grants.gov	
	Application summary (not to exceed 2 pages)
	Program abstract (not to exceed 1/2 page)
	Technical proposal (not to exceed 20 pages)
	Organizational chart of the grant program
	Experience of key personnel
	Resumes/curriculum vitae (not to exceed 7 pages per document)
	Position description/minimum hiring criteria for vacant positions
	Evidence of nonprofit status (local/state institutions of higher education are exempted)
	Detailed budget support documents
	Form showing cost details by cost category
	Narrative description of the detailed costs for each cost category
	Explanation of non-federal resource contribution (if applicable)
	Cost per trainee
	Cost per training contact hour
	Indirect cost supporting document (if applicable)
	Approved Indirect Cost Rate Agreement (ICRA) or 10 percent de minimis calculation and certification
	Other attachments
	Letters of support from partners, including budget, ICRA, as needed
	Other letters of support (optional)
	Other appropriate documents

APPENDIX C – GRANTS.GOV APPLICATION SUBMISSION AND RECEIPT PROCEDURES

This section provides the application submission and receipt instructions for U.S. Department of Labor, Occupational Safety and Health Administration (OSHA) program applications. Please read the following instructions carefully and completely. Reference: www.grants.gov/web/grants/grantors/grantor-standard-language.html

1. Electronic Delivery

OSHA is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. OSHA requires applicants to submit their applications online through Grants.gov.

2. How to Register to Apply through Grants.gov

a. *Instructions:* Read the instructions below about registering to apply for OSHA funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

Organizations must have a Data Universal Numbering System (DUNS) Number, active System for Award Management (SAM) registration, and Grants.gov account to apply for grants. If individual applicants are eligible to apply for this funding opportunity, then you may begin with step 3, Create a Grants.gov Account, listed below.

Creating a Grants.gov account can be completed online in minutes, but DUNS and SAM registrations may take several weeks. Therefore, an organization's registration should be done in sufficient time to ensure it does not impact the entity's ability to meet required application submission deadlines.

Complete organization instructions can be found on Grants.gov here:
www.grants.gov/web/grants/applicants/organization-registration.html.

1) *Obtain a DUNS Number:* All entities applying for funding, including renewal funding, must have a DUNS Number from Dun & Bradstreet (D&B). Applicants must enter the DUNS Number in the data entry field labeled "Organizational DUNS" on the SF-424 form. For more detailed instructions for obtaining a DUNS Number, refer to:
www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html.

2) *Register with SAM:* All organizations applying online through Grants.gov must register with the System for Award Management (SAM). Failure to register with SAM will prevent your organization from applying through Grants.gov. SAM registration is free and must be renewed annually. For more detailed instructions for registering with SAM, refer to:
<https://www.grants.gov/web/grants/applicants/organization-registration/step-2-register-with-sam.html>.

APPENDIX C – GRANTS.GOV APPLICATION SUBMISSION AND RECEIPT PROCEDURES (CONT.)

3) *Create a Grants.gov Account:* The next step is to register an account with Grants.gov. Follow the on-screen instructions or refer to the detailed instructions here: www.grants.gov/web/grants/applicants/registration.html.

4) *Add a Profile to a Grants.gov Account:* A profile in Grants.gov corresponds to a single applicant organization the user represents (i.e., an applicant) or an individual applicant. If you work for or consult with multiple organizations and have a profile for each, you may log in to one Grants.gov account to access all of your grant applications. To add an organizational profile to your Grants.gov account, enter the DUNS Number for the organization in the DUNS field while adding a profile. For more detailed instructions about creating a profile on Grants.gov, refer to: www.grants.gov/web/grants/applicants/registration/add-profile.html.

5) *EBiz POC Authorized Profile Roles:* After you register with Grants.gov and create an Organization Applicant Profile, the organization applicant's request for Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the Applicant Organization Representative (AOR) role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been assigned the AOR role. For more detailed instructions about creating a profile on Grants.gov, refer to: www.grants.gov/web/grants/applicants/registration/authorize-roles.html.

6) *Track Role Status:* To track your role request, refer to: www.grants.gov/web/grants/applicants/registration/track-role-status.html.

b. *Electronic Signature:* When applications are submitted through Grants.gov, the name of the organization applicant with the AOR role that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC **must** authorize people who are able to make legally binding commitments on behalf of the organization as a user with the AOR role; **this step is often missed and it is crucial for valid and timely submissions.**

3. How to Submit an Application to OSHA via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: www.grants.gov/web/grants/applicants/workspace-overview.html.

APPENDIX C – GRANTS.GOV APPLICATION SUBMISSION AND RECEIPT PROCEDURES (CONT.)

1) *Create a Workspace:* Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

2) *Complete a Workspace:* Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

a. *Adobe Reader:* If you decide not to apply by filling out webforms, you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: www.grants.gov/web/grants/applicants/adobe-software-compatibility.html.

b. *Mandatory Fields in Forms:* In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to submit your application successfully.

c. *Complete SF-424 Fields First:* The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

3) *Submit a Workspace:* An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) *Track a Workspace Submission:* After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to:
www.grants.gov/web/grants/applicants/applicant-training.html.

Applicant Support: Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to this grant opportunity, contact the number listed in the application package.

APPENDIX C – GRANTS.GOV APPLICATION SUBMISSION AND RECEIPT PROCEDURES (CONT.)

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist OSHA with tracking your issue and understanding background information on the issue.

4. Timely Receipt Requirements and Proof of Timely Submission

a. *Online Submission.* All applications must be received by 11:59 p.m. eastern time on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant with the AOR role who submitted the application will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. This applicant with the AOR role will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When OSHA successfully retrieves the application from Grants.gov, and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role who submitted the application. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by OSHA.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role attempting to submit the application. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

APPENDIX D – NON-VIABLE APPLICATIONS

OSHA will not review non-viable applications. Applications must meet all of the viability components listed.

Viable applications are:

- Submitted through Grants.gov;
- Submitted before the application deadline;
- Validated by Grants.gov;
- Submitted under the correct FOA;
- Complete with all the required forms and documents ([Appendix B](#));
- Submitted by eligible nonprofit organizations;
- Submitted with a readable and valid proof of current nonprofit status (local/state institutions of higher education are exempt);
- Proposing training on the topic of workplace safety and health infectious diseases, including COVID-19; and
- Meeting the instruction and program requirements as outlined in this FOA.

APPENDIX E – ADMINISTRATIVE AND PROGRAM COSTS DEFINITION

The SF-424A – Budget Information, detailed project budget support, and detailed project budget narrative must break down grant costs for federal and non-federal grant funds by the cost categories shown on the SF-424A and assigned to the budget as either a program or an administrative cost.

PROGRAM COSTS are direct costs incurred to conduct and develop training and other grant program activities. Direct program costs are easily identifiable and relate to training presentation and development activities.

1. Program personnel salaries and benefits include costs related to:
 - Presenting and developing training for workers and employers
 - Recruiting trainees
 - Tracking and monitoring training activities and participant information
 - Basic worker information
 - Employer information
 - Statistical information relevant to program evaluations
2. Reasonable travel costs to carry out training activities:
 - Costs for trainer(s) to go to a training location
 - Cost for grant personnel to monitor train-the-trainers training
3. Costs of goods and services required for direct program functions:
 - Advertising and outreach services specific to recruiting the target audience for training
 - Training supplies, including local materials reproduction
 - Rental or purchase of approved training supplies (limited to the costs related to grant activities, and may not include office or classroom furniture, storage, equipment)
 - Rental or maintenance of training space (limited to the costs related to grant activities)
4. Payments to partners, vendors, or contractors for services supporting program activities

Some direct costs may support both program and administration, e.g., grant personnel may provide program services and spend time doing administrative functions. Separate and allocate these shared costs based on the role and task. Document the method used to allocate these costs, e.g., based on actual time worked on each function, actual supplies used, or other equitable cost allocation method.

ADMINISTRATIVE COSTS may not exceed 25 percent of the total funding. Any deviation from this restriction requires a written justification and OSHA approval. Administrative costs include direct and **all** indirect costs. Administrative direct costs are easily identifiable costs associated with grant-related activities that support the administration of the grant.

APPENDIX E – ADMINISTRATIVE AND PROGRAM COSTS DEFINITION (CONT.)

General administrative functions are:

1. Administrative personnel salary and fringe benefit costs related to:
 - Report preparation
 - Review resolution
 - Development of systems and procedures for administrative functions
 - Budget, accounting, and audits
 - Financial and cash management
 - Purchasing and procurement
 - Payroll functions
 - Personnel management
2. Travel costs for official business to carry out administrative or management activities of the grant, including travel associated with required attendance at the OSHA Orientation Meeting and other OSHA meetings.
3. Costs of goods and services required for administrative functions of the program:
 - Advertising and outreach to the general public
 - Office supplies
 - Postage
 - Rent for office space (justification required, and limited to the costs related to grant activities)
 - Renting/leasing and maintenance of office equipment (copiers, printers, etc., justification required, and limited to the costs related to grant activities)
 - Utilities (telephones, internet service, etc., justification required, and limited to the costs related to grant activities)
 - Costs to manage administrative functions; i.e., reasonable costs for personnel management, accounting and payroll, or procurement/purchasing
4. Partners' administrative costs allocated to the applicable costs category. Partners budgeting for indirect costs must provide an approved Indirect Cost Rate Agreement (ICRA).

Indirect costs, as specified in the Uniform Guidance 2 CFR 200, are costs incurred for a common or joint purpose, benefit more than one cost objective, and are not readily assignable to the cost objectives specifically benefitted without effort disproportionate to the results achieved. For this grant, indirect costs are budgeted as administrative costs.

1. Indirect costs represent the unidentifiable expenses of doing business for a grant, contract, project function, or activity, but are necessary for the general operation of the organization.
2. An ICRA states the proportion of organization indirect costs that each program should bear.

APPENDIX E– ADMINISTRATIVE AND PROGRAM COSTS DEFINITION (CONT.)

3. An approved ICRA must show effective dates that cover the entire grant performance period.
4. The negotiated rate approved by the organization’s cognizant federal agency is applicable to all federal grant programs.
5. The allowed indirect costs are based on the approved ICRA rate (percentage) times the approved base.
6. If the organization has never had an ICRA, they may apply a 10 percent de minimis allowance as an indirect cost, but must certify that the organization has never had an ICRA and provide the method to calculate the modified base.

CONTRACTS/SUB-AWARDS

Contracts must meet the requirements of 2 CFR 200 and the grant award. Prior to awarding a contract, use a full and open competition method for procurement to the maximum extent possible. This FOA **prohibits** grantees from entering into a sub-award agreement with a third party to execute grant activities. OSHA encourages applicants to offer contracting opportunities to historically Black colleges and universities, Hispanic serving institutions, and tribal colleges and universities, as stated in the policies outlined in Executive Orders 13256, 12928, 13230, and 13021 as amended.

APPENDIX F – EXAMPLE OF BUDGET FORMS

APPENDIX F – EXAMPLE OF BUDGET FORMS (CONT.)

Example Detailed Budget

ABC Organization
Detailed Project Budget

		Program	Administrative	Total
a. Personnel				
Name, Itemize	%	\$0	\$0	\$0
Name, Itemize	%	\$0	\$0	\$0
	%	\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
b. Fringe Benefits				
Name, Itemize	%	\$0	\$0	\$0
Name, Itemize	%	\$0	\$0	\$0
	%	\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
c. Travel				
Attend Orientation Meeting			\$0	\$0
Itemize				
Itemize				
	Subtotal	\$0	\$0	\$0
d. Equipment > \$5000, useful life of more than one year, all Computer related items				
Itemize		\$0	\$0	\$0
Itemize		\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
e. Supplies				
Itemize		\$0	\$0	\$0
Itemize		\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
f. Contractual				
Itemize		\$0	\$0	\$0
Itemize		\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
g. Construction (N/A)				
h. Other				
Itemize		\$0	\$0	\$0
Itemize		\$0	\$0	\$0
	Subtotal	\$0	\$0	\$0
i. Total Direct Charges		\$0	\$0	\$0
j. Indirect Charges			\$0	\$0
k. Total		\$0	\$0	\$0
		%	%	
		Program	Administrative	

Totals for each category on the detailed program budget must match the category lines on the SF-424A.

Personnel and travel costs to attend the Grantee Orientation Meeting must be allocated to the administrative costs column. All indirect charges must be allocated to the administrative costs column.

Total direct and indirect administrative costs may not exceed 25 percent of the total grant funding.

Attach a budget narrative to this detailed program budget that justifies the itemized costs for each cost category, and the method used for estimating the costs.

APPENDIX G – APPLICATION FORMATTING REQUIREMENTS

The program abstract and technical proposal must be double-spaced on plain white 8½” x 11” paper with one-inch margins and portrait layout. Fonts must be 12-point Times New Roman, Verdana, Arial, Tahoma, Helvetica, or Calibri. Graphs and tables in the technical proposal may be single-spaced.

All attachments must be saved as one of the following: Microsoft Word, Microsoft Excel, or Adobe.pdf. Documents must be accessible and may not be locked, password protected, or water marked. For consistency, name the attachments using the applicant name and document type, e.g., *ABCOrg AppSum.docx*. Do not submit sample training materials. Ensure all documents, including Excel spreadsheets, are legible and formatted for printing on 8½” x 11” paper. Compressed files will not be accepted.

File attachment names may not exceed 30 characters. The DOL Grants system limits the special characters in the file names. Using other characters may prevent OSHA from viewing the attachments. Allowable characters in the attachment file names are:

- letters and numbers – A-Z, a-z, 0-9
- underscore (_) and hyphen (-)
- parenthesis (()), curly brackets ({ }), and square brackets ([])
- tilde (~)
- exclamation point (!), comma (,), and period (.)
- dollar sign (\$), percent sign (%), plus sign (+), and equal sign (=)
- spaces

If an application document exceeds the cited page number limitation for double-spaced pages in the technical proposal, program abstract, or application summary, OSHA reviewers will disregard the excess pages. If a document is single-spaced or one-and-one-half-spaced (in whole or in part), OSHA will convert the document to double spacing, and OSHA reviewers will disregard pages exceeding the document’s length limit.

APPENDIX H – APPLICATION SUMMARY DOCUMENT SAMPLE OUTLINE

1. Organization name and physical address
2. Authorized representative (AR)
(*May include secondary AR, e.g., Pre-award AR and Post-award AR*)
 - Name and title (same as on SF-424, section 21)
 - Physical address (for courier delivery)
 - Telephone and fax number
 - Email address
3. Project director
 - Name and title
 - Address
 - Telephone and fax number
 - Email address
4. Financial certifying representative
 - Name and title
 - Address
 - Telephone and fax number
 - Email address
5. Grant category: Workplace Safety and Health Training on Infectious Diseases, Including COVID-19
6. Grant topic:
7. Targeted audience/industry
8. Languages
9. Funds requested (*do not include cents*)
 - Federal funds \$
 - Other funds \$
 - Total funds \$
10. Projected number to be trained
11. Projected contact hours with each trainee
12. Type of organization (Select one: *labor union, community/faith based, trade association, employer association, local or state supported institution of higher education, other non-profit institution of higher education, native tribal, or specify other non-profit*)
13. Affiliations (*unions or other non-profits*), OSHA alliances (*federal or state*), and/or Partners (*associated with this proposal*)
14. Targeted cities/counties/states and associated congressional districts
15. Qualified Opportunity Zone for at least one census tract for population where proposed training will occur, if applicable

APPENDIX I – PROGRAM ABSTRACT NARRATIVE EXAMPLE

A program abstract narrative should be brief (limit to ½ page) and include the following information:

Applicant Name

Grant Category: Workplace Safety and Health Training on Infectious Diseases, Including COVID-19

Program abstract narrative:

- Estimated hours per training
- Estimated total trained
- Targeted training topic
- Training materials
- Focus audience and industry
- Training presentation (subtopics, location, method)
- Languages
- Other activities planned during the program year

Following is an abbreviated example of a program abstract narrative:

ABC non-profit proposes to provide 3 hours of *infectious disease, including COVID-19* training to 748 employers and workers in the *hospitality* industry. The audience includes *youth and limited English proficiency workers*. The organization plans to use guidance and other materials developed by OSHA and CDC. Training will be in *English and Spanish*.

APPENDIX J – ALLOWABLE/UNALLOWABLE USE OF GRANT FUNDS

Proposed costs must be necessary, reasonable, and in accordance with federal guidelines. Determinations of allowable costs are in accordance with the Cost Principles found in the Uniform Guidance 2 CFR 200 and in 2 CFR 2900. OSHA may disallow costs that are unallowable in accordance with the applicable federal cost principles or other conditions defined by the grant program and this FOA.

ALLOWABLE USES OF GRANT FUNDS

Grant awards include OSHA federal funding as requested on the SF-424, and the applicant's non-federal money, if any. Federal funds may not include funding from other federal programs. Grantees must carry out grant activities in accordance with all applicable legal and program requirements. Allowable grant costs support the following:

- Adapting training and educational materials for the project;
- Developing new tailored training and educational materials after initial training commences using existing training materials and guidance documents.
- Conducting recruiting activities to increase the number of workers and/or employers participating in the program; and
- Conducting free training for employers and workers about infectious disease, including COVID-19 hazards in the workplace.

PROHIBITED USES OF GRANT FUNDS

While the activities described below may be part of an organization's regular programs, the terms of this grant program prohibit the use of grant funds, whether from OSHA federal funds or recipient matching resources for the following:

- Conducting activities that are incongruent with the goals and objectives of the OSH Act;
- Conducting activities that benefit state and local government employees unless they have occupational safety and health responsibilities (e.g. occupational safety and health trainers, program managers, committee members, or employees responsible for abating unsafe and unhealthy working conditions for their organization);
- Providing program activities that involve self-employed workers or workplaces that are precluded from enforcement action by OSHA under section 4(b)(1) of the Act, codified at 29 U.S.C. 653(b)(1);
- Training on topics that do not cover the recognition and prevention of unsafe or unhealthy working conditions (e.g., workers' compensation, first aid);
- Attending, presenting, or conducting training at conferences;
- Publishing materials prejudicial to labor, management, or OSHA;
- Assisting workers in arbitration cases or other actions against employers, or assisting workers and/or employers in the prosecution of claims against federal, state or local governments; and
- Duplicating services offered by OSHA, a state under an OSHA-approved State Plan, or consultation programs provided by state designated agencies under section 21(d) of the OSH Act, codified at 29 U.S.C. 670(d)(1).

APPENDIX J – ALLOWABLE/UNALLOWABLE USE OF GRANT FUNDS (CONT.)

PROHIBITED USES OF GRANT FUNDS (CONT.)

- Conducting OSHA Outreach Training Program’s 10- or 30-hour training (www.osha.gov/training/outreach);
- Conducting or attending OSHA Training Institute or OSHA Training Institute Education Center courses;
- Providing staff development or using the grant to train the organization’s employees or contractors unless expressly approved by OSHA;
- Conducting training through any pre-existing, proprietary, industry, or certification program;
- Identifying or using training for a certification program or requirement for a certification program;
- Describing training as OSHA certified training;
- Proposing training required by other federal and/or state agencies;
- Duplicating services of other federal and/or state agencies;
- Paying salary, travel, and other expenses for an OSHA State Plan, OSHA Consultation, or federal employee;
- Reimbursing trainees or employers for the cost of lost-time wages while attending grant-funded training;
- Providing compensation, stipends, or incentives to trainees, including train-the-trainer trainees, for any grant-related activity prior to, during, or after attending a grant-funded training;
- Generating membership in the grantee and/or partner’s organization (e.g., requiring participants to be members to attend training, informing non-members about membership benefits, including membership information, appeals for members printed in materials produced with grant funds, conducting membership drives);
- Providing food and beverages at meetings or training events; and
- Reimbursing pre-award costs (e.g., grant writing costs).

PROHIBITED RELIGIOUS ACTIVITIES

The treatment of DOL programs with religious organizations is contained in 29 CFR Part 2, Subpart D. All organizations, including religious ones, must carry out grant-supported activities in accordance with all applicable legal and programmatic requirements. DOL prohibits the use of grant funds for explicitly religious activities including activities that involve overt religious content, such as worship, religious instruction, or proselytization.

APPENDIX K – SHTG-FY-21-05 EVALUATION CRITERIA

Sample Evaluation Components	Points
1) Application Information a) Applicant name b) Grant category – Workplace safety and health training on infectious diseases, including COVID-19 2) Organization’s Program Capabilities a) Purpose, function, main activities of the organization (and partners) b) Experience with grants (5 yrs. federal, state, local) c) Experience training adults d) Experience working with targeted audience including contact/recruitment successes e) Experience with targeted or other OSHA training topic(s) f) Experience conducting level 1 and level 2 training evaluation activities 3) Staff experience and position working on the grant a) Organizational chart, including personnel assigned to grant positions b) Occupational safety and health knowledge/experience of the staff c) Staff experience conducting training 4) Problem statement/need for federal funding assistance a) Project benefit to the trainees and their workplaces b) Evidence that training occurs in a census tract located in a qualified Opportunity Zone	37
5) Work plan a) Detailed work plan i) Planned grant activities anticipated benefits and outcomes (1) Orientation meeting (2) Infectious diseases, including COVID-19 training topic (3) Training materials (4) Targeted audience (5) Training projections and contact hours (6) Recruiting plan (7) Proposed training method (8) Training activities (9) Trainee assessment and training evaluation (10) OSHA monitoring visits (11) Quarterly training numbers and contact hours (12) Other grant-related activities b) Work plan activities matrix – in a table format divided into quarters	73
6) Budget Information a) Accounting system, internal controls, and funds management processes b) Budget supporting documents i) Budget documents matching the SF-424A ii) Detailed budget projections by cost category matching the SF-424A iii) Detailed budget narrative justifying the proposed costs c) Indirect cost rate support document (if applicable) i) Negotiated Indirect Cost Agreement approved for the project period, or 10% de minimis calculations d) Evidence of non-profit status document (N/A for state/local institutions of higher education) e) Budget request supporting allowable, allocable, and reasonable costs f) Program guidelines and restrictions followed	53
7) Other Attachments a) Required resumes b) Required partners budget and letter of support c) Optional other letters of support	7
Total	170
