

SAFE & SOUND Week

RAISE YOUR BANNER: SHARE YOUR SAFETY AND HEALTH WINS!

Safety is a team sport, and we only win when everyone gets home safe. Every day, you are out there making quick decisions, calling out hazards, and protecting your teammates. Now, it is time to celebrate those victories!

We want to fill our workplace with your best safety plays.

Think of your most impactful "Safety Win." This can be a recent success or a proud moment from the past year.

- What was your key assist?
- How did you block a hazard?
- What's new in your safety game plan?

Write your win directly onto the blank pennant. Fill in your name and department or keep it anonymous if you prefer. Hang your pennant on our designated area.

No safety win is too small. If you took a step that made your workplace safer for yourself or those around you, that's a win worth celebrating.

Grab a marker, claim your victory, and show everyone what a winning team looks like!

PRINT AND SHARE!
