Original Inspection Number: 958980
Original Inspection Date: 02/19/2014 - 03/20/2014

Inspection Number: 1130513
Inspection Date(s): 03/14/2016 - 03/14/2016
Issuance Date: 08/30/2016

The violation(s) described in this Notification of Failure to Abate Alleged Violations is (are) alleged to have occurred on or about the day(s) the inspection was made unless otherwise indicated within the description given below.

After the original inspection, a Citation(s) was issued to you in accordance with the provisions of the Occupational Safety and Health Act of 1970 (the Act), notifying you of certain violations of the Act and the dates by which they were to be abated. Based upon re-inspection, it is alleged that you have failed to abate the violation(s) listed below within the time prescribed, and the following additional penalties are proposed. The additional penalty is computed by multiplying a daily penalty times the number of days the violation(s) remained unabated. You are to notify the Area Director in writing of the date and nature of the corrective action taken. If you do not abate the violation(s), further penalties may be proposed and other enforcement action to compel abatement may be taken under section 11(b) of the Act.

Notification of Corrective Action - For each violation which you do not contest, you are required by 29 CFR 1903.19 to submit an Abatement Certification to the Area Director of OSHA office issuing the citation and identified above. The certification must be sent by you within 10 calendar days of the abatement date indicated on the citation. For **Willful** and **Repeat** violations, documents (examples: photos, copies of receipts, training records, etc.) demonstrating that abatement is complete must accompany the certification. Where the citation is classified as **Serious** and the citations states the abatement documentation is required, documents such as those described above are required to be submitted along with the abatement certificate. If the citation indicates that the violation was corrected during the inspection, no abatement certificate is required for that item.

All abatement verification documents must contain the following information: 1) Your name and address; 2) the inspection number (found on the front page); 3) the citation and citation item number(s) to which the submission relates; 4) a statement that the information is accurate; 5) the signature of the employer or employer's authorized representative; 6) the date the hazard was corrected; 7) a brief statement of how the hazard was corrected; and 8) a statement that affected employees and their representatives have been informed of the abatement.

The law also requires a copy of all abatement verification documents, required by 29 CFR 1903.19 to be sent to OSHA, also be posted at the location where the violation appeared and the corrective action took place.

You are further notified that you must pay the ADDITIONAL PENALTY unless you inform the Area Director in writing that you intend to contest the Notification or the Additional Penalty within 15 working days (excluding weekends and Federal holidays) from your receipt of this notification. If you do not contest within 15 working days after receipt, the Notification and the additional penalties will become the final order of the Occupational Safety and Health Review Commission and may not be reviewed by any court or agency. Issuance of this Notification does not constitute a finding that a violation of the Act has occurred unless there is a failure to contest as provided for in the Act or, if contested, unless the Notification is affirmed by the Review Commission.

Pursuant to the Debt Collection Act of 1982 (Public Law 97-365) and regulations of the U.S. Department of Labor (29 CFR Part 20), the Occupational Safety and Health Administration is required to assess interest, delinquent charges, and administrative costs for the collection of delinquent penalty debts for violations of the Occupational Safety and Health Act.

Interest: Interest charges will be accessed at an annual rate determined by the Secretary of the Treasury on all penalty debt amounts not paid within one month (30 calendar days) of the date on which debt amount becomes due and payable (penalty due date). The current interest rate is one percent (1%). interest will accrue from the date on which the penalty amounts (as proposed or adjusted) become a final order of the Occupational Safety and Health Review Commission (that is, 15 working days from your receipt of the Citation and Notification of Penalty), unless you file a notice to contest. Interest charges will be waived if the full amount owed is paid within 30 calendar days of the final order.

Delinquent Charges: A debt is considered delinquent if it has not been paid within one month (30 calendar days) of the penalty due date or if a satisfactory payment arrangement has not been made. If the debt remains delinquent for more than 90 calendar days, a delinquent charge of six percent (6%) per annum will be accessed occurring from the date that the debt became delinquent.

Administrative Costs: Agencies of the Department of Labor are required to assess additional charges for the recovery of delinquent debts. These additional charges are administrative costs incurred by the Agency in its attempt to collect an unpaid debt. Administrative costs will be accessed for demand letters sent in an attempt to collect the unpaid debt.
