*Changes will be incorporated into one directive under one number and with the effective date of the last change e.g. four directives: CPL 2.32A and Changes 1 - 3 will become one: CPL 02-00-032 of 04/11/1994

If the classification remains the same - consecutive number remains the same (hence the lowest number in some class. will not be 1, e.g. STD 1-11.3 becomes STD 01-11-003 and is the lowest number in the STD 01-11 class)

If the classification changes - numbers will be assigned sequentially by effective date e.g. PUB 8.4 A becomes IPC 00-00-001
