[Docket No. ICR 98-3]

#### Agency Information Collection Activities: Proposed Collection; Comment Request; 4,4'-Methylenedianiline in Construction

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Occupational Safety and Health Administration is soliciting comments concerning the proposed extension of the information collection request for the 4,4'-Methylenedianiline Standard 29 CFR 1926.60.

A copy of the proposed information collection request (ICR) can be obtained by contacting the employee listed below in the addressee section of this notice. The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**DATES:** Written comments must be submitted by March 31, 1998.

**ADDRESSES:** Comments are to be submitted to the Docket Office, Docket No. ICR 98-3, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, NW, Washington, DC 20210, telephone number (202) 219-7894. Written comments limited to 10 pages or less in length may also be transmitted by facsimile to (202) 219-5046.

**FOR FURTHER INFORMATION CONTACT:** Adrian Corsey, Directorate of Health Standards Programs, Occupational Safety and Health Administration, U.S. Department of Labor, Room N3718, telephone (202) 219-7075. A copy of the referenced information collection request is available for inspection and copying in the Docket Office and will be mailed immediately to persons who request copies by telephoning Adrian Corsey at (202) 219-7075 extension 105 or Barbara Bielaski at (202) 219-8076 extension 142. For electronic copies of the Information Collection Request on 4,4'-Methylenedianiline, contact OSHA's WebPage on the Internet at <http://www.osha.gov/> and click on standards.
