AGENCY: Occupational Safety and Health Administration, Labor.

ACTION: Notice of proposed information collection request; opportunity for public comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and information collection burdens, is conducting a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on both current and proposed collections of information in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 (c)(2)(A)). This program

helps to ensure that reporting burden (time and financial resources) is minimized, collection materials are clearly understood, impact of collection requirements on respondents can be accurately assessed, and requested data can be provided in the desired format. Currently, the Occupational Safety and Health Administration (OSHA) is soliciting comments concerning the proposed extension of the information collection requirements contained in 29 CFR 1926.550(a)(6). That standard requires that written records be kept and maintained of the dates and results of all annual inspections of cranes and derricks used in construction. These inspections must be made by a competent person, or by a government or private agency recognized by the U.S. Department of Labor.

The Agency is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of OSHA's responsibilities, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (for example, permitting electronic submissions of responses).

DATES: Written Comments must be submitted on or before August 7, 1998.

ADDRESSES: Comments are to be submitted to the Docket Office, Docket ICR-98-14, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210, (202) 219-7894. Written comments limited to 10 pages or less may be transmitted by facsimile to (202) 219-5046.
