SUPPLEMENTARY INFORMATION:

1. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA—95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and impact of information collection requirements on respondents can be properly assessed.

The Occupational Safety and Health Act of 1970 (the Act) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents. (29 U.S.C. 657.) In this regard, the information collection requirements in the Process Safety Management of Highly Hazardous Chemicals Standard (29 CFR 1910.119) prevent or minimize the consequences of accidents involving highly hazardous chemicals.

II. Proposed Actions

OSHA proposes to reduce its earlier estimates of the burden hours for the Process Safety Management Standard from 93,407,489 to 73,111,180 hours.

The burden reduction resulted when the Agency reestimated the number of plants and processes that were in compliance with the standard before it was promulgated. Under ORA—95, the burden for activities that are a normal and customary business practice are not counted when calculating the burden associated with information collection requirements. OSHA will summarize the comments submitted in response to this notice, and will include this summary in the request to OMB to extend the approval of the information collection requirements contained in the PSM standard.

Type of Review: Extension of currently approved information collection requirements.

Agency: Occupational Safety and Health Administration.

OMB Number: 1218—0200.

Affected Public: Business or other for-profit; Federal government; state, local or tribal government.

Number of Respondents: 192,865.

Frequency: Varies (on occasion, annually).

Average Time per Response: Varies from 5 minutes (.08 hr.) to 146.5 hours.

Estimated Total Burden Hours: 73,711,180.

III. Authority and Signature

Charles N. Jeffress, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506), Secretary of Labor's Order No. 6—96 (62 FR 111), and 29 CFR part 11.

Signed at Washington, DC, this 24th day of May 1999.

Charles N. Jeffress,
Assistant Secretary of Labor for Occupational Safety and Health.
