AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 18) issued by the presiding administrative law judge (“ALJ”) terminating the above-captioned investigation as to respondents Lynx Industries, Inc., Napoleon Spring Works, Inc., and Guardian Access Corp. on the basis of withdrawal of the complaint. Since these three respondents are the only respondents remaining in the investigation, their termination terminates the investigation.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on 202–205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 19, 2001, based on a complaint filed by the Chamberlain Group, Inc. of Elmhurst, Illinois (“Chamberlain”) against six respondents, 66 FR 37704 (July 19, 2001). Two respondents and an intervenor were subsequently added to the investigation. The complaint alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain garage door operators including components thereof by reason of infringement of claims 1–8 of U.S. Letters Patent Re. 35,364 and claims 5–30 of U.S. Letters Patent Re. 36,703. On February 6, 2002, complainant Chamberlain filed a motion to terminate the investigation as to respondents Lynx Industries, Inc., Napoleon Spring Works, Inc., and Guardian Access Corp. on the basis of withdrawal of the complaint. The Commission investigative attorney supported the joint motion and the three respondents opposed it. On June 5, 2002, the ALJ issued an ID (Order No. 18) granting the motion. No petitions for review of the ID were filed. This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and section 210.42 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.42.

By order of the Commission.

Issued: June 25, 2002.

Marilyn R. Abbott,
Secretary to the Commission.

The paperwork provisions of this Standard specify requirements for developing, maintaining, and disclosing inspection records for cranes and ropes, as well as disclosing written reports of rated load tests. FOR FURTHER INFORMATION CONTACT: Theda Kenney, Directorate of Safety Standards Programs, OSHA, U.S. Department of Labor, Room N–3609, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693–2444. A copy of the Agency’s Information-Collection Request (ICR) supporting the need for the information collections specified by the Crawler, Locomotive, and Truck Cranes Standard is available for inspection and copying in the Docket Office, or by requesting a copy from Todd Owens at (202) 693–2444. The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information-collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA–95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and cost) is minimal, collection instruments are understandable, and OSHA’s estimate of the information-collection burden is correct.

The Crawler, Locomotive, and Truck Cranes Standard (i.e., “the Standard”) specifies several paperwork requirements. The following sections describe who uses the information collected under each requirement, as well as how they use it.

• The quality, utility, and clarity of the information collected; and

• Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information-collection and -transmission techniques.
