SUPPLEMENTARY INFORMATION:

I. Background

Section 503 of ERISA provides that, pursuant to regulations promulgated by the Secretary of Labor, each employee benefit plan shall provide notice in writing to any participant or beneficiary whose claim for benefits under the plan has been denied. This notice must set forth the specific reasons for the denial and must be written in a manner calculated to be understood by the claimant. Plans must also afford a reasonable opportunity for a participant or beneficiary whose claim has been denied to obtain a full and fair review of the denial by the appropriate named fiduciary.

The Department first issued regulations pertaining to claims procedures in 1977. These procedures were subsequently amended by a Notice of Final Rulemaking published on November 21, 2000 (65 FR 70246). The regulatory provisions pursuant to ERISA section 503 are codified at 29 CFR 2560.503–1. These regulations require the establishment of reasonable claims procedures, and describe the timing and content of notices and disclosures that will be deemed to constitute part of a reasonable claims procedure.

II. Review Focus

The Department of Labor (Department) is particularly interested in comments that:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

III. Current Actions

The Office of Management and Budget’s (OMB) approval of this ICR is scheduled to expire on November 30, 2003. After considering comments received in response to this notice, the Department intends to submit the ICR to OMB for continuing approval. No change to the existing ICR is proposed or made at this time.
