

must complete the survey for each of the four quarters of the current year.

The proposed quarterly survey will cover the transactions currently covered on the BE-36, Foreign Airline Operators' Revenues and Expenses in the United States, which is collected annually. If the proposed quarterly survey is approved the collection of the BE-36 will be discontinued. The first BE-9 quarterly survey conducted if these proposed rules are adopted cover transactions in the first quarter of 2004. BEA would send the survey to potential respondents in January of 2004; responses would be due 50 days after the end of the calendar quarter.

#### Executive Order 12866

These proposed rules are not significant for purposes of E.O. 12866.

#### Executive Order 13132

These proposed rules do not contain policies with Federalism implications as that term is defined in E.O. 13132.

#### Paperwork Reduction Act

These proposed rules contain a collection of information requirement subject to the Paperwork Reduction Act (PRA) and have been submitted to the Office of Management and Budget for review under the PRA.

Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection-of-information subject to the requirements of the Paperwork Reduction Act unless that collection displays a currently valid Office of Management and Budget Control Number. This collection of information has been submitted to OMB for approval.

The BE-9 survey, as proposed, is expected to result in the filing of reports from about 56 respondents on a quarterly basis, or about 224 responses annually. The average number of hours per response is 5.0 hours, or an annual reporting burden of 1,120 hours (224 responses multiplied by 5 hours average burden). This estimate includes time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The actual burden may vary from reporter to reporter, depending upon the number and variety of the respondent's transactions and the ease of assembling the data.

Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the

information will have practical utility; (b) the accuracy of the burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Comments should be addressed to: Director, Bureau of Economic Analysis (BE-1), U.S. Department of Commerce, Washington, DC 20230; or faxed (202-395-7245) or e-mailed ([pbugg@omb.eop.gov](mailto:pbugg@omb.eop.gov)) to the Office of Management and Budget, O.I.R.A. (Attention PRA Desk Officer for BEA).

#### Regulatory Flexibility Act

The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that this proposed rulemaking, if adopted, will not have a significant economic impact on a substantial number of small entities. The information collection excludes most small foreign air carriers from mandatory reporting because the reporting threshold for this survey is set at a level that will exempt most small foreign air carriers. The proposed BE-9 quarterly survey requests information from foreign air carriers operating in the United States with total annual covered revenues or total annual covered expenses incurred in the United States of \$5 million or more. Foreign air carriers with total annual covered revenues and expenses below \$5 million are exempt from reporting. Thus, the exemption level will exclude most small foreign air carriers from mandatory coverage.

If the U.S. office, agent, or other representative does not have all the information required, it must obtain the additional information from the foreign airline operator.

(ii) *Exemption.* A U.S. person otherwise required to report is exempt from reporting if total annual covered revenues and total annual covered expenses incurred in the United States were each less than \$5 million during the previous year and are expected to be less than \$5 million during the current year.
