Description: The basic purpose of the information collection requirements in 29 CFR 1910.1001 (the Standard) is to document that employers in general industry are providing their employees with protection from hazardous asbestos exposure. Asbestos exposure results in asbestosis, a scarring of the lung tissue; lung cancer; mesothelioma; and gastrointestinal cancer. The Standard permits employers, employees and their designated representatives, OSHA, and other specified parties to determine the effectiveness of an employer's asbestos-control program. Accordingly, the requirements ensure that employees exposed to asbestos receive all of the protection afforded by the Standard.

DEPARTMENT OF LABOR

Office of Disability Employment Policy

Solicitation of Nominations for the Secretary of Labor's New Freedom Initiative Award; Reopening and Extension of Period for Submission of Nominations

AGENCY: Office of Disability Employment Policy, U.S. Department of Labor.

ACTION: Reopening and Extension of period for submission of nominations.

SUMMARY: This document re-opens and extends the period for submission of nominations for the Secretary of Labor's New Freedom Initiative Award. This action is taken to permit increased participation by interested stakeholders. **DATES:** Nomination packages must be submitted to the Office of Disability Employment Policy by May 28, 2004. Any application received after 4:45 p.m. e.d.s.t. on May 28, 2004 will not be considered unless it was received before the award is made and:

1. It was sent by registered or certified mail no later than the 3rd calendar day before May 28, 2004;

2. It is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the U.S. Department of Labor at the address indicated; or

3. It was sent by U.S. Postal Service Express Mail Next Day Service—Post Office to Addressee, not later than 5 p.m. at the place of mailing two (2) working days, excluding weekends and Federal holidays, prior to May 28, 2004.

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date will be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (not a postage meter machine impression) that is readily identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on the date of mailing. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the U.S. Department of Labor is the date/time stamp of the Office of Disability Employment Policy on the application
