DEPARTMENT OF LABOR
Office of the Secretary
Bureau of International Labor Affairs; Labor Advisory Committee for Trade Negotiations and Trade Policy

ACTION: Meeting notice.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92–463, as amended), notice is hereby given of a meeting of the Labor Advisory Committee for Trade Negotiation and Trade Policy.

Date, Time, Place: December 8, 2009; 10:30 a.m.–11:30 a.m.; U.S. Department of Labor, Secretary’s Conference Room, 200 Constitution Ave., NW., Washington, DC.

Purpose: The meeting will include a review and discussion of current issues which influence U.S. trade policy. Potential U.S. negotiating objectives and bargaining positions in current and anticipated trade negotiations will be discussed. Pursuant to 19 U.S.C. 2155(f) it has been determined that the meeting will be concerned with matters the disclosure of which would seriously compromise the Government’s negotiating objectives or bargaining positions. Accordingly, the meeting will be closed to the public.

FOR FURTHER INFORMATION CONTACT: Gregory Schoepfle, Director, Office of Trade and Labor Affairs; Phone: (202) 693–4887.

Signed at Washington, DC, the 17th day of November 2009.

Sandra Polaski,
Deputy Undersecretary, Bureau of International Labor Affairs.

Paragraph (d)(2) requires employers to certify in writing that they have performed the hazard assessment. The certification must include the date and the person certifying that the hazard assessment was conducted, and the identification of the workplace evaluated (area or location).

The hazard assessment assures that potential workplace hazards necessitating PPE use have been identified and the PPE selected is appropriate for those hazards and the affected workers. The required certification of the hazard assessment verifies that the required hazard assessment was conducted.

**Training and Verification (§ 1910.132(f))**

Section 1910.132(f) requires that employers provide training for each worker who is required to wear PPE. Paragraph (f)(3) requires that employers also provide retraining when there is reason to believe that any previously trained worker does not have the understanding and skill to use PPE properly. Circumstances where such retraining is required include changes in the workplace that render prior training obsolete, changes in the types of PPE used, and inadequacies in the worker’s knowledge or use of PPE that indicate the worker had not retained the requisite understanding and skill.

Paragraph (f)(4) requires that employers certify that workers have received and understood the PPE training required in § 1910.132(f). The training certification must include the name of the worker(s) trained, the date(s) of training, and the subject of the training (i.e., a statement identifying the document as a certification of training in the use of PPE).

The training certification verifies that workers have received the necessary training and know how to properly use PPE. OSHA compliance officers may require employers to disclose the certification records during an Agency inspection.

### II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency’s functions, including whether the information is useful;
- The accuracy of OSHA’s estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

### III. Proposed Actions

OSHA is requesting that OMB extend its approval of the information collection requirements contained in the Personal Protective Equipment Standard for General Industry (29 CFR part 1910, subpart I). OSHA is proposing to decrease the burden hours in the currently approved information collection request from 3,953,759 to 3,552,171 (a total decrease of 401,588 hours). This decrease is due to the reduction in the percentage of establishments with 20 or more workers affected by the Standard.

The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.

**Type of Review:** Extension of a currently approved collection.

**Title:** Personal Protective Equipment (PPE) for General Industry (29 CFR part 1910, subpart I).

**OMB Number:** 1218–0205.

**Affected Public:** Business or other for-profits; Federal Government; State, Local, or Tribal Government.

**Number of Respondents:** 3,500,000.

**Frequency of Response:** On occasion.

**Average Time per Response:**
- Various: from one minute (.02 hour) to maintain a training certification record to 29 hours to perform a hazard assessment.
- **Estimated Total Burden Hours:** 3,552,171.
- **Estimated Cost (Operation and Maintenance):** $0.

### IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

1. Electronically at www.regulations.gov, which is the Federal eRulemaking Portal; (2) by facsimile (FAX); or (3) by hard copy. All submissions, including copyrighted material must identify the Agency name (OSHA), the document number (Docket No. 5–2007), and the docket number for the ICR (Docket No. OSHA–2009–0028).

You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled ADDRESSES). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693–2350 (TTY (877) 889–5627).

Comments and submissions are posted without change at http://www.regulations.gov. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and date of birth. Although all submissions are listed in the http://www.regulations.gov index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office.

Information on using the http://www.regulations.gov Web site to submit comments and access the docket is available at the Web site’s “User Tips” link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

### V. Authority and Signature

Jordan Barab, Acting Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 et seq.) and Secretary of Labor’s Order No. 5–2007 (72 FR 31160).

Signed at Washington, DC, this 18th day of November 2009.

Jordan Barab,
Acting Assistant Secretary of Labor for Occupational Safety and Health.
