DEPARTMENT OF LABOR

Office of the Secretary

Submission for OMB Review; Comment Request

August 31, 2010.

The Department of Labor (DOL) hereby announces the submission of the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of the ICR, with applicable supporting documentation, including, among other things, a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained from the RegInfo.gov Web site at <http://www.reginfo.gov/public/do/PRAMain> or by contacting Michel Smyth on 202-693-4129 (this is not a toll-free number)/e-mail: DOL_PRA_PUBLIC@dol.gov.

Interested parties are encouraged to send comments to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Department of Labor—Occupational Safety and Health Administration

(OSHA), Office of Management and Budget, Room 10235, Washington, DC 20503, Telephone: 202-395-7316/Fax: 202-395-5806 (these are not toll-free numbers), E-mail:

OIRA_submission@omb.eop.gov within 30 days from the date of this publication in the **Federal Register**. In order to ensure the appropriate consideration, comments should reference the OMB Control Number (see below).

The OMB is particularly interested in comments which:

- Evaluate whether the proposed information collection requirements are necessary for the proper performance of the Agency, including whether the information will have practical utility;

- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collections of information on those who are to respond including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Occupational Safety and Health Administration.

Type of Review: Extension without change of a previously approved collection.

Title of Collection: Definition and Requirements for a Nationally Recognized Testing Laboratory (NRTL) (29 CFR 1910.7).

OMB Control Number: 1218-0147.

Affected Public: Business or other for-profits.

Estimated Number of Respondents: 67.

Estimated Total Annual Burden Hours: 1,340.

Estimated Total Annual Costs Burden (excludes hourly wage costs): \$0.

Description: A number of standards issued by the Occupational Safety and Health Administration (OSHA) contain requirements for equipment, products, or materials. These standards often specify that employers use only equipment, products, or material tested or approved by a nationally recognized testing laboratory (NRTL); this requirement ensures that employers use safe equipment, products, or materials in complying with the standards. Accordingly, OSHA promulgated the regulation titled "Definition and Requirements for a Nationally Recognized Testing Laboratory" (the

Regulation). The Regulation specifies procedures that organizations must follow to apply for, and to maintain, OSHA's recognition to test and certify equipment, products, or material for this purpose. For additional information, see the related notice published in the **Federal Register** on March 4, 2010, (Vol. 75 FR 9953).

Dated: August 31, 2010.

Agency: Occupational Safety and Health Administration.

Type of Review: Extension without change of a previously approved collection.

Title of Collection: Standard on Ethylene Oxide (29 CFR 1910.1047).

OMB Control Number: 1218-0108.

Affected Public: Business or other for-profits.

Estimated Number of Respondents: 4,001.

Frequency: On occasion.

Estimated Total Annual Burden Hours: 41,544.

Estimated Total Annual Costs Burden (excludes hourly wage costs): \$6,640,301.

Description: The EtO Standard specifies a number of paperwork requirements. The following is a brief description of the collections of information requirements contained in the Standard.

The information collection requirements specified in Ethylene Oxide Standard protect workers from the adverse health effects that may result from occupational exposure to ethylene oxide. The principal information collection requirements in the EtO Standard include conducting worker exposure monitoring, notifying workers of the exposure, implementing a written compliance program, and implementing medical surveillance of workers. Also, the examining physician must provide specific information to ensure that workers receive a copy of their medical examination results. The employer must maintain exposure-monitoring and medical records for specific periods, and provide access to these records by OSHA, the National Institute for Occupational Safety and Health, the affected workers, and their authorized representatives and other designated parties. For additional information, see the related notice published in the **Federal Register** on November 4, 2009, (Vol. 74 FR 57199).
