## DEPARTMENT OF LABOR

### Request for Comments Under Executive Order 12898

**AGENCY:** Office of the Assistant Secretary of Policy, Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor (DOL or Department) is committed to Environmental Justice (EJ). President Obama has renewed agencies' environmental justice planning by reinvigorating Executive Order 12898 (EO 12898), which tasked several Federal agencies with making environmental justice part of their mission. The agencies were directed to do so by identifying and addressing, as appropriate, the disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority and low-income populations. In August 2011, agencies listed in EO 12898 signed a Memorandum of Understanding (EJ MOU), which, among other things, commits agencies to develop a final Environmental Justice Strategy. The purpose of this notice is to invite public comment on how the Department of Labor can address environmental justice through its programs, policies, regulations or reporting requirements.

**DATES:** Comments must be received on or before November 18, 2011.

**ADDRESSES:** You may submit comments through <http://dolenvironmentaljustice.ideascale.com/>.

All comments will be available for public inspection at <http://dolenvironmentaljustice.ideascale.com/>.

**FOR FURTHER INFORMATION CONTACT:** E. Christi Cunningham, Associate Assistant Secretary for Regulatory Policy, U.S. Department of Labor, 200 Constitution Avenue, NW., Room S-2312, Washington, DC 20210, [cunningham.christi@dol.gov](mailto:cunningham.christi@dol.gov), (202) 693-5959; (this is not a toll-free number). Individuals with hearing impairments may call 1-800-877-8339 (TTY/TDD).

**SUPPLEMENTARY INFORMATION:** Executive Order 12898 did not create a new legal remedy. As an internal management tool of the Executive Branch, the Order

directs Federal agencies to put in place procedures and take actions to make achieving environmental justice part of their basic mission. Former President Clinton explained that Federal agencies have the responsibility to promote nondiscrimination in Federal programs substantially affecting human health and the environment. Accordingly, agencies must implement actions to identify and address disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority and low-income populations and federally-recognized Indian tribes. The Department views Environmental Justice from a workplace training, health and safety perspective. The Department is developing an Environmental Justice Strategy that is in line with the mission of the Department and Secretary Solis' vision for the future: good jobs for everyone. The vision of good jobs for everyone includes ensuring that workplaces are safe and healthy; helping workers who are in low-wage jobs or out of the labor market find a path into middle-class jobs; and helping middle-class families remain in the middle-class. The Department's Environmental Justice Strategy focuses on agencies directly involved with worker training (the Employment Training Administration (ETA)), and health and safety issues (the Occupational Safety and Health Administration (OSHA) and the Mine Safety and Health Administration (MSHA)).

*Request for Comments:* As part of our development of the DOL Environmental Justice Strategy, we are soliciting public comment. Your input is important to us. Please provide responses that are supported with specific examples and data, where possible.

This request for public input will inform development of the Department of Labor's draft Environmental Justice Strategy. To facilitate receipt of the information, the Department has created an Internet portal specifically designed to capture your input and suggestions, <http://dolenvironmentaljustice.ideascale.com/>. The portal contains a series of questions designed to gather information on how DOL can best meet the requirements of the Executive Order. The portal is open to receive comments through November 18, 2011.

*Questions for the Public:* The Department of Labor intends the questions on the portal to represent a starting point for discussion of the draft Strategic Plan. The questions are meant to initiate public dialogue, and are not intended to restrict the issues that may

be raised or addressed. The questions were developed with the intent to probe a range of areas.

When addressing these questions, the Department of Labor requests that commenters identify with specificity the program, policy, regulation or reporting requirement at issue, providing legal citation(s) where available. The Department also requests that submitters provide, in as much detail as possible, an explanation of why a program, policy, regulation or reporting requirement should be modified, streamlined, expanded, or repealed as well as specific suggestions of ways the Department of Labor can better achieve environmental justice. Whenever possible, please provide empirical evidence and data to support your response.

The Department of Labor is issuing this request solely to seek useful information as it develops its plan. While responses to this request do not bind the Department of Labor to any further actions related to the response, all submissions will be made available to the public on <http://dolenvironmentaljustice.ideascale.com/>.

**Authority:** Executive Order 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," February 11, 1994. 59 FR 7629 (Feb. 16, 1994).

Dated: October 12, 2011.

## DEPARTMENT OF LABOR

### Occupational Safety and Health Administration

[Docket No. OSHA-2010-0057]

#### Telecommunications; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Request for public comments.

**SUMMARY:** OSHA solicits public comments concerning its proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirement contained in the Standard on Telecommunications (29 CFR 1910.268). The purpose of this requirement is to ensure that workers have been trained as required by the Standard to prevent risk of death or serious injury.

**DATES:** Comments must be submitted (postmarked, sent, or received) by December 27, 2011.

**ADDRESSES:**

*Electronically:* You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

*Facsimile:* If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693-1648.

*Mail, hand delivery, express mail, messenger, or courier service:* When using this method, you must submit your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2010-0057, U.S. Department of Labor, Occupational Safety and Health Administration, Room N-2625, 200 Constitution Avenue, NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., e.t.

*Instructions:* All submissions must include the Agency name and OSHA docket number for the Information Collection Request (ICR) (OSHA-2010-0057). All comments, including any personal information you provide, are placed in the public docket without change and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

*Docket:* To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You may also contact Theda Kenney at the address below to obtain a copy of the ICR.

**FOR FURTHER INFORMATION CONTACT:** Theda Kenney or Todd Owen, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N-3609, 200 Constitution Avenue, NW., Washington, DC 20210; telephone (202) 693-2222.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

Under the paperwork requirement specified by paragraph (c) of the Standard, an employer must certify that his or her workers have been trained as specified by the training provision of the Standard. Specifically, employers must prepare a certification record which includes the identity of the person trained, the signature of the employer or the person who conducted the training, and the date the training was completed. The certification record shall be prepared at the completion of training and shall be maintained on file for the duration of the employee's employment. The information collected would be used by employers as well as compliance officers to determine whether employees have been trained according to the requirements set forth in 29 CFR 1910.268(c).

**II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements,

including the validity of the methodology and assumptions used;

- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

**III. Proposed Actions**

OSHA is requesting that OMB extend its approval of the information collection requirement contained in the Standard on Telecommunications (29 CFR 1910.268). In the existing ICR, the Agency calculated burden hours and cost for the training certification record for *all* workers in the telecommunications industry. The burden hours have decreased based on the number of telecommunication workers installing and repairing lines and equipment. Therefore, OSHA is proposing to decrease the existing burden hour estimate for the collection of information requirement specified by the Standard from 1,087 hours to 1,077 hours, a total difference of 10 hours. The Agency will summarize the comments submitted in response to this notice and will include this summary in the request to OMB.

*Type of Review:* Extension of a currently approved collection.

*Title:* Telecommunications (29 CFR 1910.268).

*OMB Number:* 1218-0225.

*Affected Public:* Business or other for-profits; Not-for-profit organizations; Federal Government; State, Local, or Tribal Government.

*Number of Respondents:* 659.

*Frequency of Response:* On occasion.

*Average Time per Response:* Two (2) minutes for an establishment to disclose training records and 2 minutes for the training record to be generated.

*Estimated Total Burden Hours:* 1,077.

*Estimated Cost (Operation and Maintenance):* \$0.

**IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions**

You may submit comments in response to this document as follows: (1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2010-0057). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an

electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number, so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information, such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

#### NUCLEAR REGULATORY COMMISSION

[NRC-2011-0245]

##### Access Authorization Program for Nuclear Power Plants

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Regulatory guide; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is issuing a revision to Regulatory Guide 5.66, "Access Authorization Program for Nuclear Power Plants." This guide describes a method that NRC staff considers acceptable to implement the requirements related to an access authorization program.

**ADDRESSES:** You can access publicly available documents related to this regulatory guide using the following methods:

- *NRC's Public Document Room (PDR):* The public may examine and have copied, for a fee, publicly available documents at the NRC's PDR, O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* Publicly available documents created or received at the NRC are available online in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. From this page, the public can gain entry into ADAMS, which provides text and image files of the NRC's public documents. If you do not

have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC's PDR reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to [pdr.resource@nrc.gov](mailto:pdr.resource@nrc.gov). The regulatory guide is available electronically under ADAMS Accession Number ML112060028. The regulatory analysis may be found in ADAMS under Accession Number ML112060032.

Regulatory guides are not copyrighted, and NRC approval is not required to reproduce them.

**SUPPLEMENTARY INFORMATION:**

#### I. Introduction

The NRC is issuing a revision to an existing guide in the NRC's "Regulatory Guide" series. This series was developed to describe and make available to the public information such as methods that are acceptable to the NRC staff for implementing specific parts of the agency's regulations, techniques that the staff uses in evaluating specific problems or postulated accidents, and data that the staff needs in its review of applications for permits and licenses.

The NRC typically seeks public comment on a draft version of a regulatory guide by announcing its availability for comment in the **Federal Register**. However, the NRC may directly issue a final regulatory guide without a draft version or public comment period if the changes to the regulatory guide are non-substantive, including changes to the Regulatory Position section of the regulatory guide. Issuance of regulatory guides using this direct final process reduces processing time and review costs. A regulatory guide revised using this process is called an Administratively Changed Guide (ACG).

Revision 2 of RG 5.66 is being issued directly as a final regulatory guide because the changes between Revision 2 and Revision 1 are non-substantive. Regulatory Guide (RG) 5.66 was written to provide guidance to licensees for the access authorization programs required by Title 10 of the Code of Federal Regulations (10 CFR), section 73.56, "Personnel Access Authorization Requirements for Nuclear Power Plants," and 10 CFR part 26, "Fitness for Duty Programs." The RG was
