their accounts. In addition, the rules require that every firm engaged in this business that is fully-registered both as an FCM and as a broker-dealer establish written procedures regarding how customer security futures products are held. The rules also specify how CEA and Exchange Act recordkeeping, reporting, and certain other rules apply to security futures product transactions and accounts in which security futures products are held.

Prior Commission Determination Under 5 U.S.C. 610: Pursuant to Section 605(b) of the RFA, the Chairman of the Commission certified that the rules would not have a significant economic impact on a substantial number of small entities. This certification was attached to Proposing Release No. 44854 (Sept. 26, 2001) as Appendix A. The SEC solicited comments concerning the impact on small entities and the RFA certification, but received no comments. The rules were adopted in Release No. 34–46473 (September 9, 2002).

By the Commission.

Secretary.

ACTION: Proposed rule.

SUMMARY: PBGC is proposing to amend its multiemployer regulations to make the provision of information to PBGC and plan participants more efficient and effective and to reduce burden on plans and sponsors. SUPPLEMENTARY INFORMATION:

The Pension Benefit Guaranty Corporation (PBGC) is proposing to amend certain regulations governing its multiemployer program to make the provision of information to PBGC and plan participants more efficient and effective. This rule is needed to reduce burden on multiemployer plans and sponsors and to facilitate potentially beneficial plan merger transactions. The rule would reduce burden by allowing certain small terminated but not insolvent plans to provide valuations less frequently, easing reporting requirements for plan sponsors contemplating a merger transaction, and streamlining and removing certain notice requirements for insolvent plans. These requirements impose administrative costs and reduce plan assets that could otherwise be used to fund plan benefits.

PBGC’s legal authority for this regulatory action comes from section 4002(b)(3) of the Employee Retirement Income Security Act of 1974 (ERISA), which authorizes PBGC to issue regulations to carry out the purposes of title IV of ERISA; section 4041A(f)(2), which gives PBGC authority to prescribe reporting requirements for terminated plans; section 4231(a), which gives PBGC authority to prescribe regulations setting the requirements for one or more multiemployer plans to merge; and section 4281(d), which directs PBGC to prescribe by regulation the notice requirements to plan participants and beneficiaries in the event of a benefit suspension.

Executive Summary—Major Provisions of the Regulatory Action

Annual Valuations

When a multiemployer plan terminates, the plan must perform an annual valuation of the plan’s assets and benefits. This proposed rule would allow valuations for plans that were terminated by mass withdrawal but are not insolvent and where the value of nonforfeitable benefits is $25 million or
