

Worst Forms of Child Labor with respect to countries eligible for the aforementioned programs. The 2013 report and additional background information are available on the Internet at <http://www.dol.gov/ilab/reports/child-labor/findings/>.

Information Requested and Invitation to Comment: Interested parties are invited to comment and provide information regarding DOL's 2013 TDA Report which may be found on the Internet at <http://www.dol.gov/ilab/reports/child-labor/findings/> or obtained from OCFIT. DOL requests comments or information to update the findings and suggestions for government action for countries reviewed in the TDA Report, as well as to assess each country's individual advancement toward eliminating the worst forms of child labor during the current reporting period compared to previous years. For more information on the types of issues covered in the TDA Report, please see Appendix II of the report. Materials submitted should be confined to the specific topics of the TDA report. DOL will generally consider sources with dates up to five years old (i.e., data not older than January 1, 2010). DOL appreciates the extent to which submissions clearly indicate the time period to which they apply. In the interest of transparency, classified information will not be accepted. Where applicable, information submitted should indicate its source or sources, and copies of the source material should be provided. If primary sources are utilized, such as research studies, interviews, direct observations, or other sources of quantitative or qualitative data, details on the research or data-gathering methodology should be provided. Please see the 2013 TDA Report for a complete explanation of relevant terms, definitions, and reporting guidelines employed by DOL.

This notice is a general solicitation of comments from the public.

Signed at Washington, DC, this 6th day of November 2014.

Carol Pier,

Deputy Undersecretary for International Affairs.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements specified in the Cotton Dust Standard protect workers from the adverse health effects that may result from their exposure to cotton dust. The major information collection requirements of the Cotton Dust Standard include: performing exposure monitoring, including initial, periodic,

and additional monitoring; notifying each worker of their exposure monitoring results either in writing or by posting; implementing a written compliance program; and establishing a respiratory protection program in accord with OSHA's Respiratory Protection Standard (29 CFR 1910.134).

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting to increase its current burden hours from 20,558 to 22,381 hours, a total increase of 1,823 hours. Although the cost of exposure monitoring sampling increased slightly from \$19 to \$20, there was a \$14,976 increase in the overall cost of sampling (from \$79,344 to \$94,320). Further, although the cost of a medical exam increased from \$175 to \$187, there was a \$976,550 increase in the overall cost of medical exams (from \$2,369,850 to \$2,848,384), as a result of the increase in the number of medical exams.

Type of Review: Extension of a currently approved collection.

Title: Cotton Dust Standard (29 CFR 1910.1043).

OMB Control Number: 1218-0061.

Affected Public: Business or other for-profits.

Number of Respondents: 257.

Frequency of Responses: Annually; semi-annually; on occasion.

Total Responses: 59,718.

Average Time per Response: Varies from 5 minutes (.08 hour) for a secretary to maintain a record to 2 hours to conduct exposure monitoring.

Estimated Total Burden Hours: 22,381.

Estimated Cost (Operation and Maintenance): \$2,942,704.

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA-2011-0194). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this Web site.

All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available from the Web site and for assistance in using the Internet to locate docket submissions.
