

updated (1) Objectives and Scope of Activities; (2) Estimated Annual Operating Cost and Staff Years; and (3) Membership and Designation.

### Summary of the Changes

**1. Objectives and Scope of Activities**—The objectives and scope section of the ACA Charter outlines the areas of focus where the ACA will provide advice and recommendations. The current ACA Charter states that the ACA will advise on strategies to expand apprenticeship into the Manufacturing, Energy, and the Healthcare industries. The proposed ACA Charter is being updated to reflect the industries currently being targeted for expansion and now includes Transportation/Logistics, Healthcare, Energy, Advanced Manufacturing, and Information Technology and Communications industries.

**2. Estimated Annual Operating Cost and Staff Years**—The operating costs in the proposed Charter are being increased to account for increases in travel costs, resulting from an increase in the number of ACA members from outside of the Washington, DC metropolitan area. Further cost have been updated to more accurately account for the decrease in contractor support and the subsequent increase in federal staff time utilized to support the ACA, as well as, the participation of its ex-officio federal members.

**3. Membership and Designation**—Given the apprenticeship expansion efforts, the ACA representatives will be balanced in terms of (1) points of view, (2) sectors (employers, labor and public), and (3) industries targeted for expansion. Therefore, the range of voting members is being increased from 24–27 members to 27–30 members to provide the flexibility to ensure balance is maintained and all the necessary stakeholder groups are represented. In addition, the current ACA Charter states that the ACA may consult with industry experts and others as appropriate. The proposed ACA Charter includes language to affirm that the ACA will consult with industry experts, and further clarifies that they will specifically consult with experts from the industries that are being targeted for apprenticeship expansion.

### Portia Wu,

*Assistant Secretary for the Employment and Training Administration.*

## DEPARTMENT OF LABOR

### Occupational Safety and Health Administration

[Docket No. OSHA–2011–0186]

#### Inorganic Arsenic Standard; Extension of the Office of Management and Budget's (OMB) Approval of Information Collection (Paperwork) Requirements

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Request for public comments.

**SUMMARY:** OSHA solicits public comments concerning its proposal to extend the Office of Management and Budget's (OMB) approval of the information collection requirements specified in the Inorganic Arsenic Standard (29 CFR part 1910.1018).

**DATES:** Comments must be submitted (postmarked, sent, or received) by March 16, 2015.

#### ADDRESSES:

**Electronically:** You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

**Facsimile:** If your comments, including attachments, are not longer than 10 pages, you may fax them to the OSHA Docket Office at (202) 693–1648.

**Mail, hand delivery, express mail, messenger, or courier service:** When using this method, you must submit your comments and attachments to the OSHA Docket Office, Docket No. OSHA–2011–0186, U.S. Department of Labor, Occupational Safety and Health Administration, Room N–2625, 200 Constitution Avenue NW., Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Department of Labor's and Docket Office's normal business hours, 8:15 a.m. to 4:45 p.m., e.t.

**Instructions:** All submissions must include the Agency name and OSHA docket number (OSHA–2011–0186) for the Information Collection Request (ICR). All comments, including any personal information you provide, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the "Public Participation" heading in the section of this notice titled **SUPPLEMENTARY INFORMATION**.

**Docket:** To read or download comments or other material in the

docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the address above. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You also may contact Theda Kenney at the address below to obtain a copy of the ICR.

#### FOR FURTHER INFORMATION CONTACT:

Theda Kenney, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, Room N–3609, 200 Constitution Avenue NW., Washington, DC 20210; telephone (202) 693–2222.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements in the Inorganic Arsenic Standard provide protection for workers from the adverse health effects associated with exposure to inorganic arsenic. The Inorganic Arsenic Standard requires employers to: Monitor workers' exposure to inorganic arsenic and notify workers of exposure-monitoring results; notify anyone who cleans protective clothing or equipment of inorganic arsenic exposure; develop, update and

maintain a housekeeping and maintenance plan; monitor worker health by providing medical surveillance; post warning signs and apply labels to shipping and storage containers of inorganic arsenic; develop and maintain worker exposure monitoring and medical records; establish and implement written compliance programs; and provide workers with information about their exposures and the health effects of exposure to inorganic arsenic.

## II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

## III. Proposed Actions

The Agency is requesting an adjustment of 14,728 burden hours (from 637 to 15,365 hours) primarily due to the Agency's identification and inclusion of 688 covered coal-fired electric power plant establishments (including cogenerators) and workers at these establishments. The operation and maintenance cost increased from \$54,197 to \$1,078,069 due to the increase in establishments and workers, and also in the cost of exposure monitoring samples, medical examinations and chest x-rays. The Agency makes the new assumption that personal breathing zone samples, collected by a contract industrial hygienist and analyzed by a contract laboratory, will be used instead of vapor badges for exposure monitoring under the Standard.

*Type of Review:* Extension of a currently approved collection.

*Title:* Inorganic Arsenic Standard (29 CFR 1910.1018).

*OMB Number:* 1218-0104.

*Affected Public:* Business or other for-profits.

*Number of Respondents:* 691.

*Frequency of Response:* On occasion; quarterly; semi-annually; annually.

*Total Responses:* 24,764.

*Average Time per response:* Varies from five minutes (.08 hour) for a

secretary to develop and maintain records to eight hours for a supervisor to update each compliance plan.

*Estimated Total Burden Hours:* 15,365.

*Estimated Cost (Operation and Maintenance):* \$1,078,069.

## IV. Public Participation—Submission of Comments on this Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile; or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for this ICR (Docket No. OSHA-2011-0186). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY) (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

## V. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1-2012 (77 FR 3912).

Signed at Washington, DC, on January 7, 2015.

**David Michaels,**

*Assistant Secretary of Labor for Occupational Safety and Health.*

## NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

### National Endowment for the Arts

#### Proposed Collection; Comment Request

**ACTION:** Notice.

**SUMMARY:** The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed. Currently, the NEA is soliciting comments concerning the proposed information collection of an NEA applicant survey. A copy of the current information collection request can be obtained by contacting the office listed below in the address section of this notice.

**DATES:** Written comments must be submitted to the office listed in the address section below within 60 days from the date of this publication in the **Federal Register**. The NEA is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
