AGENCY: Employment and Training Administration, Office of Workers' Compensation Programs, Office of the Secretary, Wage and Hour Division, Occupational Safety and Health Administration, Employee Benefits Security Administration, and Mine Safety and Health Administration, Department of Labor.

ACTION: Interim final rule; request for comments.

SUMMARY: The U.S. Department of Labor is issuing this interim final rule to adjust the amounts of civil penalties assessed or enforced in its regulations. The Federal Civil Penalties Inflation Adjustment Act of 1990 as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Inflation Adjustment Act) requires agencies to adjust the levels of civil monetary penalties with an initial catch-up adjustment, followed by annual adjustments for inflation. The Department is required to calculate the catch-up and subsequent annual

adjustments based on the Consumer Price Index for all Urban Consumers. The Department must publish the interim final rule by July 1, 2016, and the new penalty levels are effective no later than August 1, 2016.

DATES: This interim final rule is effective August 1, 2016. See **SUPPLEMENTARY INFORMATION** for applicability dates. Interested persons are invited to submit written comments on this interim final rule on or before August 15, 2016.

I. Regulatory Information

The U.S. Department of Labor (Department) is publishing this interim final rule (IFR) to adjust its civil monetary penalties for inflation pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990 as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Inflation Adjustment Act). This law requires the Department to publish an initial "catch-up adjustment" through an interim final rule.

Pursuant to the Inflation Adjustment Act and 5 U.S.C. 553(b)(3)(B), the Department finds that good cause exists for issuing this IFR without prior notice and comment. By operation of the Inflation Adjustment Act, the Department must publish the catch-up adjustment by July 1, 2016, and the rule must be effective no later than August 1, 2016. The Inflation Adjustment Act further provides that the increased penalty levels apply to any penalties assessed after the effective date of the increase. Additionally, the Inflation Adjustment Act provides a clear

formula for adjustment of the civil penalties, leaving little room for discretion. For these reasons, the Department finds that notice and comment would be impracticable and unnecessary in this situation and contrary to the language of the Inflation Adjustment Act.

II. Background

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, Pub. L. 114–74, 701 (Inflation Adjustment Act), which further amended the Federal Civil Penalties Inflation Adjustment Act of 1990 as previously amended by the 1996 Debt Collection Improvement Act (collectively, the “Prior Inflation Adjustment Act”), to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The Inflation Adjustment Act requires agencies to: (1) Adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rulemaking (IFR); and (2) make subsequent annual adjustments for inflation.

The Inflation Adjustment Act amends the Prior Inflation Adjustment Act in two key respects. First, the Inflation Adjustment Act rescinds an exemption that previously disallowed inflationary adjustments for violations of the Occupational Safety and Health Act (OSH Act). As a result, the Department is updating the penalties under the OSH Act for the first time since 1990.

Second, the Inflation Adjustment Act substantially revises the method of calculating inflation adjustments. The Prior Inflation Adjustment Act required adjustments to civil penalties to be rounded significantly. For example, a penalty increase that was greater than \$1,000, but less than or equal to \$10,000, would be rounded to the nearest multiple of \$1,000. As a result, penalties were increased infrequently, and when they were finally increased, the amounts of the increases were sometimes substantial. Over time, this formula caused most of the Department’s penalties to lose value relative to total inflation for long periods of time, thereby undermining the Prior Inflation Adjustment Act’s purposes of maintaining the deterrent effect of civil money penalties and promoting compliance with the law.

The Inflation Adjustment Act has removed these rounding rules; now, penalties are simply rounded to the nearest dollar. This rounding ensures that penalties will be increased each year to more effectively keep up with

inflation, and ensures that penalties are more evenly established.

Furthermore, the Inflation Adjustment Act provides for an initial “catch-up” adjustment that generally excludes prior inflationary adjustments under the Prior Inflation Adjustment Act. For this catch-up adjustment, the Inflation Adjustment Act requires agencies to identify, for each penalty, the year and corresponding amount(s) for which the penalty amount, the maximum penalty level, or range of minimum and maximum penalties was established (*i.e.*, originally enacted by Congress or by regulation) or last adjusted other than pursuant to the Prior Inflation Adjustment Act. That amount becomes the basis of any such catch-up adjustment, subject to a cap on any penalty increase of 150 percent of the current penalty amount as of November 2015—allowing for a total new penalty of no more than 250 percent of the November 2015 penalty amount. The Inflation Adjustment Act also mandates that the catch-up adjustment apply to any civil monetary penalty assessed after August 1, 2016, “including those whose associated violation predated such increase.” Pub. L. 114–74 at § 701. The adjusted civil penalty amounts are applicable only to civil penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, the date of enactment of the Inflation Adjustment Act. Therefore, violations occurring on or before November 2, 2015, as well as assessments made prior to August 1, 2016 whose associated violations occurred after November 2, 2015, will continue to be subject to the civil monetary penalty amounts currently set forth in the Department’s prior regulations at 20 CFR parts 655, 702, 725, and 726; 29 CFR parts 5, 500, 501, 530, 570, 578, 579, 801, 825, 1902, 1903, 2560, 2575, and 2590; 30 CFR part 100; and 41 CFR part 50–201 (or as set forth by statute if the amount has not yet been adjusted by regulation).

The Department has undertaken a thorough review of civil penalties administered by its various components pursuant to the Inflation Adjustment Act and in accordance with guidance issued by the Office of Management and Budget.¹ The Department first identified for each penalty the year and corresponding amount or amounts for which the maximum penalty level or range of minimum and maximum penalties was established or last adjusted, other than pursuant to the

Prior Inflation Adjustment Act. Then the Department determined the applicable inflation adjustments based upon the percent change between the October Consumer Price Index for all Urban Consumers (CPI-U) for the preceding year versus the year of enactment or last adjustment.² The Department compared the amount of the penalty adjustment against the 150 percent cap and added the lower of the two to the existing penalty to compute the new penalty. This IFR establishes the initial catch-up adjustment for civil penalties as described.³

III. Section-by-Section Analysis

The following section-by-section discussion of this IFR presents the contents of each section in more detail. The Department invites comments on any issues addressed in this IFR.

A. Employment and Training Administration (20 CFR Part 655)

1. General

This section A of the preamble addresses civil monetary penalties authorized by the Immigration and Nationality Act’s (INA) D–1 and H–1B visa programs and that are reflected in the Employment and Training Administration’s regulations, but are enforced by the Department’s Wage and Hour Division (WHD). Paragraph 2(a) involves violations of the D–1 visa program, and paragraph 2(b) involves violations of the H–1B visa program.

2. Specific Penalty Increases

a. Section 655.620—Civil Money Penalties and Other Remedies

Section 258(c)(4)(E)(i) of the INA, 8 U.S.C. 1288(c)(4)(E)(i), and existing 20 CFR 655.620(a), provide for the imposition of civil money penalties where the Secretary of Labor (Secretary) finds, after notice and an opportunity for hearing, that there has been a violation of, or misrepresentation in, the attestations by employers using alien crewmembers for longshore activities in U.S. ports, pursuant to the D–1 visa program, or of the Secretary’s regulations regarding the D–1 program. These authorities provide that such civil money penalties are not to exceed \$5,000 for each alien crewmember with respect to whom there has been a violation. The maximum penalty amount last established by statute or regulation, other than the Prior Inflation Adjustment Act, was set in 1990 and is the same as the existing maximum

penalty amount. *See* Immigration Act of 1990, Pub. L. 101–649, 203(a)(1) (Nov. 29, 1990).

To adjust the existing civil money penalty for this section, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1990 of 1.78156, which resulted in a maximum penalty of \$8,908. The amount of the increase from \$5,000 to \$8,908 is \$3,908, which is less than the statutory cap of 150 percent of the existing \$5,000 penalty, which is \$7,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 655.620(a) is revised to increase the maximum penalty for violations specified therein from \$5,000 to \$8,908 for each alien crewmember with respect to whom there has been a violation.

b. Section 655.810—What remedies may be ordered if violations are found?

Section 212(n)(2)(C) of the INA, 8 U.S.C. 1182(n)(2)(C), and existing 20 CFR 655.810(b) provide for the imposition of civil money penalties for certain violations of the H–1B visa program. There are three levels of civil money penalties provided for by these authorities.

First, existing § 655.810(b)(1) provides for a civil money penalty, not to exceed \$1,000 per violation, for certain specific violations of the H–1B program. *See* § 655.810(b)(1)(i)–(vi). The maximum penalty amount last established by statute or regulation, other than the Prior Inflation Adjustment Act, was set in 1990 and is the same as the existing maximum penalty amount. *See* Immigration Act of 1990, Pub. L. 101–649, 205(3) (Nov. 29, 1990). In 1998, Congress amended the INA by, in part, providing for additional civil money penalties in the H–1B program, as discussed below. *See* American Competitiveness and Workforce Improvement Act of 1998 (ACWIA), Div. C, Title IV, of Pub. L. 105–277, 413(a) (Oct. 21, 1998). The 1998 amendments did not adjust the \$1,000 civil money penalty reflected in existing § 655.810(b)(1). Accordingly, we consider 1990 as the year in which this maximum penalty amount was last established by statute or regulation other than the Prior Inflation Adjustment Act.

To adjust the existing civil money penalty for this section, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1990 of 1.78156, which resulted in a maximum penalty of \$1,782. The amount of the increase from \$1,000 to \$1,782 is \$782, which is less than the statutory cap of 150 percent of

the existing \$1,000 penalty, which is \$1,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 655.810(b)(1) is revised to increase the maximum penalty for violations specified therein from \$1,000 to \$1,782 per violation.

Second, existing § 655.810(b)(2) provides for a civil money penalty, not to exceed \$5,000 per violation for certain willful violations specified therein and for discrimination against an employee, as described in 20 CFR 655.801(a). The civil money penalty for discrimination against an employee is also referenced in § 655.801(b). The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 1998 and is the same as the existing maximum penalty amount. *See* ACWIA § 413(a).

To adjust the existing civil money penalty for this section, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1998 of 1.45023, which resulted in a maximum penalty of \$7,251. The amount of the increase from \$5,000 to \$7,251 is \$2,251, which is less than the statutory cap of 150 percent of the existing \$5,000 penalty, which is \$7,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 655.810(b)(2) is revised to increase the maximum penalty for violations specified therein from \$5,000 per violation to \$7,251 per violation. Conforming changes to reflect the adjusted civil money penalty amount were also made to 20 CFR 655.801(b).

Third, existing § 655.810(b)(3) provides for a civil money penalty, not to exceed \$35,000 per violation, where an employer displaced a U.S. worker employed by the employer in the period beginning 90 days before and ending 90 days after the filing of an H–1B petition in conjunction with certain willful violations specified therein. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 1998 and is the same as the existing maximum penalty amount. *See* ACWIA § 413(a).

To adjust the existing civil money penalty for this section, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1998 of 1.45023, which resulted in a maximum penalty of \$50,758. The amount of the increase from \$35,000 to \$50,758 is \$15,758, which is less than the statutory cap of 150 percent of the existing \$35,000 penalty, which is \$52,500; accordingly, the amount of the increase is not limited

by the statutory cap. Consequently, § 655.810(b)(3) is revised to increase the maximum penalty for violations specified therein from \$35,000 to \$50,758 per violation.

B. Office of Workers' Compensation Programs (20 CFR Parts 702, 725, 726)

1. General

This section B of the preamble addresses the civil monetary penalties administered by Office of Workers' Compensation Programs (OWCP) to enforce provisions of the Longshore and Harbor Workers' Compensation Act (Longshore Act), and the Longshore Act extensions, the Defense Base Act, the District of Columbia Workmen's Compensation Act, the Outer Continental Shelf Lands Act, and the Black Lung Benefits Act (BLBA). Paragraphs 2(a) through (f) explain revisions to each of the civil penalties administered and enforced by OWCP.

2. Specific Penalty Increases

a. Section 702.204—Employer's Report; Penalty for Failure To Furnish and or Falsifying

Existing § 702.201 requires employers to furnish a report of an employee's injury (resulting in the loss of one or more shifts) or death within 10 days of the injury or death, or an employer's knowledge of the same, and to provide additional supplemental information upon request. Existing § 702.204 provides that an employer who, on or after November 17, 1997, knowingly and willfully fails or refuses to file any report required by § 702.201 or who knowingly or willfully makes a false statement or misrepresentation on any report shall be subject to a civil penalty not to exceed \$11,000 for each failure, refusal, false statement, or misrepresentation. It provides that an employer who does so before November 17, 1997 shall be subject to a civil penalty not to exceed \$10,000 for each instance. The maximum penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act was \$10,000 in 1984. *See* Public Law 98–426.

To adjust the existing civil penalty for this section, the Department multiplied the penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act, \$10,000, by the inflation adjustment factor for 1984 of 2.25867, which resulted in a penalty of \$22,587 (rounded to the nearest dollar). The amount of the increase from existing § 702.204's \$11,000 penalty to \$22,587 is \$11,587. \$11,587 is less than the statutory cap of 150 percent of the

existing \$11,000 penalty, which is \$16,500. Accordingly, the amount of the increase is not limited by the statutory cap. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 702.204 therefore increases the maximum penalty for each failure to furnish or falsifying an employer's report from \$11,000 to \$22,587.

b. Section 702.236—Penalty for Failure To Report Termination of Payments

Existing § 702.235 requires employers to notify the district director within 16 days after making a final payment of compensation. Existing § 702.236 provides that an employer who, on or after November 17, 1997, fails to notify the district director that a final payment of compensation has been made as required by § 702.235, shall be assessed a civil penalty in the amount of \$110. It provides that an employer who does so before November 17, 1997 shall be assessed a civil penalty in the amount of \$100. The penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act was \$100 in 1927. *See* 33 U.S.C. 914(g).

To adjust the existing civil penalty for this section, the Department multiplied the penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act, \$100, by the inflation adjustment factor for 1927 of 13.66885, which resulted in a penalty of \$1,367 (rounded to the nearest dollar). The amount of the increase from existing § 702.236's \$110 penalty to \$1,367 is \$1,257, which would be more than the statutory cap of 150 percent of the existing \$110 penalty, which is \$165. Accordingly, the amount of the increase is limited by the statutory cap to a total of \$165. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 702.236 therefore increases the penalty for failure to report termination of payments from \$110 to \$275 (the current \$110 penalty amount plus the \$165 statutory cap).

c. Section 702.271—Discrimination; Against Employees Who Bring Proceedings, Prohibition and Penalty

Existing § 702.271(a)(1) provides that no employer or its agent may discharge or in any manner discriminate against an employee as to his or her employment because that employee has claimed or attempted to claim compensation under the Longshore and Harbor Workers' Compensation Act, or has testified or is about to testify in a proceeding under that Act. Existing

§ 702.271(a)(2) provides that any employer who, on or after November 17, 1997, violates § 702.271 shall be liable for a penalty of not less than \$1,100 or more than \$5,500. It provides that an employer who does so before November 17, 1997 shall be liable for a penalty of not less than \$1,000 or more than \$5,000. The penalty amounts last established by statute or regulation other than pursuant to the Inflation Adjustment Act were a minimum amount of \$1,000 and a maximum amount of \$5,000 in 1984. *See* Public Law 98-426.

To adjust the civil penalties for this section, the Department multiplied the minimum and maximum penalty amounts last established by statute or regulation other than pursuant to the Inflation Adjustment Act, \$1,000 and \$5,000, respectively, by the inflation adjustment factor for 1984 of 2.25867, which resulted in a minimum penalty of \$2,259 (rounded to the nearest dollar) and a maximum penalty of \$11,293 (rounded to the nearest dollar). The amount of the increase from existing § 702.271(a)(2)'s \$1,100 minimum penalty to \$2,259 is \$1,159, which is less than the statutory cap of 150 percent of the existing \$1,100 minimum penalty, which is \$1,650. The amount of the increase from existing § 702.271(a)(2)'s \$5,500 maximum penalty to \$11,293 is \$5,793. \$5,793 is less than the statutory cap of 150 percent of the existing \$5,500 maximum penalty, which is \$8,250. Accordingly, neither the amount of the increased minimum nor the increased maximum penalty is limited by the statutory cap. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 702.271 therefore increases the minimum penalty for discrimination against employees who claim compensation or bring proceedings under the Act from \$1,100 to \$2,259, and increases the maximum penalty from \$5,500 to \$11,293.

The Department also changes the "that" in the first sentence of § 702.271(a)(2) to "than" to correct a typo in the regulation and twice corrects the phrase "liable to a penalty" to "liable for a penalty." No substantive change results from or is intended by these technical edits.

d. Section 725.621—Reports

Existing § 725.621(a) requires employers to notify the district director upon making a first payment of benefits and upon suspension, reduction, or increase of payments. Existing § 725.621(b) requires employers to notify the district director, within 16

days after making a final payment of benefits. Existing § 724.621(c) allows the Director to prescribe additional reporting by operators, other employers, or carriers. Existing § 725.621(d) provides that an employer who does not file a report required by the section, after January 19, 2001, shall be subject to a civil penalty not to exceed \$550 for each failure or refusal to file. It provides that an employer who does so on or before January 19, 2001, shall be subject to a civil penalty not to exceed \$500 for each failure or refusal to file. The maximum penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act was \$500 in 1978. *See* Public Law 95-239.

To adjust the existing civil penalty for this section, the Department multiplied the penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act, \$500, by the inflation adjustment factor for 1978 of 3.54453, which resulted in a penalty of \$1,772 (rounded to the nearest dollar). The amount of the increase from existing § 725.621(d)'s \$550 penalty to \$1,772 is \$1,222, which is more than the statutory cap of 150 percent of the existing \$550 penalty, which is \$825. Accordingly, the amount of the increase is limited by the statutory cap to a total of \$825. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 725.621 therefore increases the maximum penalty for each failure or refusal to furnish an employer's required report from \$550 to \$1,375 (the current \$550 penalty amount plus the \$825 statutory cap).

e. Section 726.300—Purpose and Scope

Section 423 of the Black Lung Benefits Act and existing § 726.4 require each coal mine operator to secure its liability for benefits either by qualifying as a self-insurer in accordance with regulations prescribed by the Secretary, or by insuring and keeping insured the payment of such benefits with a licensed workers' compensation insurer. 30 U.S.C. 933(a); 20 CFR 726.4. Section 423 also provides that each coal mine operator failing to meet its insurance obligation shall be subject to a civil money penalty of up to \$1,000 per day. 30 U.S.C. 933(d)(1). Existing § 726.300 identifies the purpose and scope of Subpart D of Part 726, which is to set forth definitions, criteria, and procedures for assessing this civil money penalty. In so doing, it references the Black Lung Benefits Act's maximum daily penalty of \$1,000. This statutory maximum, however, is adjusted by the

Federal Civil Penalties Inflation Adjustment Act of 1990, as amended. Thus, the existing regulation is amended to refer to the adjusted penalty amount authorized by the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended.

f. Section 726.302—Determination of Penalty

Existing § 726.302 provides the method for determining the amount of any penalty assessed against a coal mine operator for failure to secure the payment of benefits in violation of Section 423 of the Black Lung Benefits Act and existing § 726.4. Existing § 726.302(b) provides that the penalty will be calculated by multiplying the daily base penalty amount or amounts by the number of days during which the operator was required to and failed to secure its obligations. Existing § 726.302(c)(i) explains that the daily base penalty amount is \$100 per day for operators employing fewer than 25 employees, \$200 per day for operators employing 25 to 50 employees, \$300 per day for operators employing 51 to 100 employees, and \$400 per day for operators employing more than 100 employees. Existing § 726.302(c)(4) provides that the daily base penalty amounts in § 726.302(c)(2)(i) will increase by \$100 on the 11th day after the operator receives the Director's notice of violation. Existing § 726.302(c)(5) provides that if an operator or certain of its related entities has violated § 726.4 and been assessed a penalty, the daily base penalty amount shall increase by \$300. It also provides that an operator who violates § 726.4 after January 19, 2001, shall be subject to a maximum daily base penalty of \$1,100, and that an operator that violates it on or before January 19, 2001, shall be subject to a maximum daily base penalty amount of \$1,000. The daily base penalty amounts and increases in paragraphs (c)(2)(i), (c)(4), and (c)(5) were established by regulation in 2001 and have not subsequently been increased by the Inflation Adjustment Act or otherwise. *See* 65 FR 79920. The maximum daily base penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act was \$1,000 in 1978. *See* Public Law 95–239.

To adjust the existing daily base penalty for operators employing fewer than 25 employees, the Department multiplied the existing \$100 penalty by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty of \$134 (rounded to the nearest dollar). To adjust the existing daily base penalty for operators employing 25 to 50

employees, the Department multiplied the existing \$200 penalty by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty of \$268 (rounded to the nearest dollar). To adjust the existing daily base penalty for operators employing 51 to 100 employees, the Department multiplied the existing \$300 penalty by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty of \$402 (rounded to the nearest dollar). To adjust the existing daily base penalty for operators employing more than 100 employees, the Department multiplied the existing \$400 penalty by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty of \$535 (rounded to the nearest dollar). To adjust the existing daily base penalty increase for operators who fail to respond to the Director's notice of violation more than 10 days after receipt in paragraph (c)(4), the Department multiplied the existing \$100 penalty increase by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty increase of \$134 (rounded to the nearest dollar). To adjust the existing daily base penalty increase for operators who have been subject to a previous penalty assessment in paragraph (c)(5), the Department multiplied the existing \$300 penalty increase by the inflation adjustment factor for 2001 of 1.33842, which resulted in a penalty increase of \$402 (rounded to the nearest dollar). The Department has not previously updated these penalty amounts pursuant to the Inflation Adjustment Act and the multiplier for each (1.33842) is less than 2.5, the penalty amount (100 percent) plus the statutory cap (150 percent). Thus, the amount of the increase for each is necessarily less than the statutory cap of 150 percent of the existing penalty amount. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 726.302 therefore increases the daily base penalty for operators employing fewer than 25 employees from \$100 to \$134; increases the daily base penalty for operators employing 25 to 50 employees from \$200 to \$268; increases the daily base penalty for operators employing 51 to 100 employees from \$300 to \$402; increases the daily base penalty for operators employing more than 100 employees from \$400 to \$535; increases the daily base penalty increase for operators who continue to be in violation more than 10 days after receiving the Director's notice of violation from \$100 to \$134; and increases the daily base penalty increase

for operators who have been subject to a previous penalty assessment from \$300 to \$402.

To adjust the existing maximum daily base penalty in paragraph (c)(5), the Department multiplied the penalty amount last established by statute or regulation other than pursuant to the Inflation Adjustment Act, \$1,000, by the inflation adjustment factor for 1978 of 3.54453, which resulted in a penalty of \$3,545 (rounded to the nearest dollar). The amount of the increase from existing § 726.302(c)(5)'s \$1,100 maximum penalty to \$3,545 is \$2,445, which is more than the statutory cap of 150 percent of the existing \$1,100 penalty, which is \$1,650. Accordingly, the amount of the increase is limited by the statutory cap to a total of \$1,650. For penalties assessed after August 1, 2016, whose associated violations occurred after November 2, 2015, final § 726.302 therefore increases the maximum daily base penalty for any violation of § 726.4 from \$1,100 to \$2,750 (the current \$1,100 penalty amount plus the \$1,650 statutory cap).

The Department also moves discussion of the maximum daily base penalty from subparagraph (c)(5) to new subparagraph (c)(6) for greater clarity. No substantive change results from or is intended by this technical edit.

C. Office of the Secretary (29 CFR Part 5 and 41 CFR Part 50–201)

1. General

This section C of the preamble addresses the civil monetary penalties provisions of the Contract Work Hours and Safety Standards Act (CWHSSA) and the Walsh-Healey Public Contracts Act (PCA), as amended. These provisions are included in regulations established by the Office of the Secretary, which have been delegated to WHD for enforcement. Paragraphs 2(a) and (b) explain revisions to each of these civil money penalties.

2. Specific Penalty Increases

a. Section 5.8(a)—Liquidated Damages Under the Contract Work Hours and Safety Standards Act

Section 3702(c) of title 40 of the United States Code and existing 29 CFR 5.8(a) impose “liquidated damages” if a laborer or mechanic is not paid wages at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in any workweek on contracts covered by CWHSSA, to be computed with respect to each laborer or mechanic employed

in violation of CWHSSA.⁴ The penalty amount of \$10 for each calendar day in the workweek on which such individual was required or permitted to work in excess of forty hours without payment of required overtime wages was last established by statute or regulation other than the Prior Inflation Adjustment Act in 1962 and is the same as the existing penalty amount. See Contract Work Hours Standards Act, Title I of Public Law 87–581, § 102(b)(2) (Aug. 13, 1962).

To adjust the existing penalty for this section, the Department multiplied that penalty amount of \$10 by the inflation adjustment factor for 1962 of 7.82362, which would have resulted in a penalty of \$78. The amount of the increase from \$10 to \$78 is \$68, which exceeds the statutory cap of 150 percent of the existing \$10, which is \$15; accordingly, the amount of the increase is limited by the statutory cap to a total of \$15. Consequently, § 5.8(a) is revised to increase the penalty if a laborer or mechanic is not paid wages at least one and one-half times the basic rate of pay for all hours worked in excess of forty hours in any workweek from \$10 to \$25 for each calendar day in the workweek on which such individual was required or permitted to work in excess of forty hours without payment of required overtime wages. Conforming changes to reflect the adjusted penalty amount were also made to § 5.5(b)(2).

b. Section 50–201.3—Public Contracts, Department of Labor; Insertion of Stipulations.

Section 6503(b)(1) of title 41 of the United States Code and existing 41 CFR 50–201.3(e) impose “liquidated damages”⁵ of \$10 per day for each individual under 16 years of age and each incarcerated individual knowingly employed in the performance of a

contract covered by the PCA, as amended. The penalty amount of \$10 for each day and for each individual under 16 years of age and each incarcerated individual knowingly employed was last established by statute or regulation other than the Prior Inflation Adjustment Act in 1936 and is the same as the existing penalty amount. See Walsh-Healey Act of 1936, 49 Stat. 2036, § 2 (June 30, 1936).

To adjust the existing civil money penalty for this section, the Department multiplied that penalty amount of \$10 by the inflation adjustment factor for 1936 of 16.98843, which would have resulted in a penalty of \$170. The amount of the increase from \$10 to \$170 is \$160, which exceeds the statutory cap of 150 percent of the existing \$10 penalty, which is \$15. Accordingly, the amount of the increase is limited by the statutory cap to a total of \$15. Consequently, § 50–201.3(e) is revised to increase the penalty for the knowing employment on a covered contract of individuals under 16 or who are incarcerated from \$10 to \$25 per day.

D. Wage and Hour Division (29 CFR Parts 500, 501, 530, 570, 578, 579, 801, 825)

1. General

This section D of the preamble addresses the civil monetary penalties administered by WHD to enforce provisions of the Migrant and Seasonal Agricultural Worker Protection Act, the Immigration and Nationality Act,⁶ the Fair Labor Standards Act, the Employee Polygraph Protection Act, and the Family and Medical Leave Act. Paragraphs 2(a) through (g) explain revisions to each of these civil penalties administered and enforced by WHD.

a. Section 500.1—Purpose and Scope

Section 503(a)(1) of the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 U.S.C. 1853(a)(1), and existing 29 CFR 500.1(e), authorize the Secretary to impose a civil money penalty of not more than \$1,000 per violation on persons who violate MSPA or any regulation under MSPA. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 1983 and is the same as the existing maximum penalty amount. See MSPA, Public Law 97–470 (Jan. 14, 1983).

⁶ The Department and the Department of Homeland Security are jointly publishing a separate IFR to implement the Inflation Adjustment Act's requirements with respect to the civil money penalty provisions found at 29 CFR 503.23.

To adjust the existing civil money penalty for this paragraph, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1983 of 2.35483, which resulted in a maximum penalty of \$2,355. The amount of the increase from \$1,000 to \$2,355 is \$1,355, which is less than the statutory cap of 150 percent of the existing \$1,000 penalty, which is \$1,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 500.1(e) is revised to increase the maximum penalty for violations of MSPA or the MSPA regulations from \$1,000 to \$2,355 per violation.

b. Section 501.19—Civil Money Penalty Assessment

Section 218(g)(2) of the INA, 8 U.S.C. 1188(g)(2), authorizes the Secretary of Labor to impose appropriate penalties in order to assure employer compliance with the terms and conditions of employment under the H–2A visa program. Pursuant to this and other authorities, the Secretary has promulgated regulations through notice and comment rulemaking regarding the assessment of civil money penalties. See, e.g., Final Rule, Temporary Agricultural Employment of H–2A Aliens in the United States, 75 FR 6884 (Feb. 12, 2010) (codified at 29 CFR part 501 and 20 CFR part 655) (2010 H–2A Final Rule). 29 CFR 501.19(a) of these regulations provides for the imposition of civil money penalties for each violation of the work contract, or the obligations imposed by 8 U.S.C. 1188, 20 CFR part 655, subpart B, or the regulations in 29 CFR part 501. Section 501.19(c) through (f) provides the maximum civil money penalty amounts for various violations as specified below.

First, existing § 501.19(c) provides that a civil money penalty for each violation of the work contract or of the H–2A visa program's statutory or regulatory requirements will not exceed \$1,500 per violation, with exceptions as specified below. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2010 and is the same as the existing maximum penalty amount. See 2010 H–2A Final Rule.

To adjust the existing civil money penalty for § 501.19(c), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2010 of 1.08745, which resulted in a maximum penalty of \$1,631. The amount of the increase from \$1,500 to \$1,631 is \$131, which is less than the statutory cap of 150 percent of

⁴ Although the statute and regulation refer to the amount assessed as “liquidated damages” it is appropriate to treat the amount as a civil money penalty for purposes of the Inflation Adjustment Act because the amount due is paid to the government, not the laborer or mechanic. Indeed, the Department of Labor has long recognized that the CWHSSA damages provision “operate[s] as [a] civil monetary penalty[.]” Letter to Honorable Carl Levin, Chairman, Subcommittee on Oversight of Government Management, from Ann McLaughlin, Secretary of Labor, (Feb. 22, 1988).

⁵ Although the statute and regulation refer to the amount assessed as “liquidated damages” it is appropriate to treat the amount as a civil money penalty for purposes of the Inflation Adjustment Act because the amount due is paid to the government, not the worker. Indeed, the Department of Labor has long recognized that the Walsh-Healey Public Contracts Act damages provision “operate[s] as [a] civil monetary penalty[.]” Letter to Honorable Carl Levin, Chairman, Subcommittee on Oversight of Government Management, from Ann McLaughlin, Secretary of Labor, (Feb. 22, 1988).

the existing \$1,500 penalty, which is \$2,250; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(c) is revised to increase the maximum penalty for violations specified therein from \$1,500 to \$1,631 per violation.

Second, existing § 501.19(c)(1) provides that a civil money penalty for each willful violation of the work contract, of the H-2A visa program's statutory or regulatory requirements, or for each act of discrimination prohibited by § 501.4 shall not exceed \$5,000. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2008 and is the same as the existing maximum penalty amount. *See* Final Rule, Temporary Agricultural Employment of H-2A Aliens in the United States; Modernizing the Labor Certification Process and Enforcement, 73 FR 77,110 (Dec. 18, 2008) (2008 H-2A Final Rule). This penalty amount was not adjusted by the H-2A 2010 Final Rule. Accordingly, we consider 2008 as the year in which this maximum penalty amount was last established by statute or regulation other than the Prior Inflation Adjustment Act.

To adjust the existing civil money penalty for § 501.19(c)(1), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2008 of 1.09819, which resulted in a maximum penalty of \$5,491. The amount of the increase from \$5,000 to \$5,491 is \$491, which is less than the statutory cap of 150 percent of the existing \$5,000 penalty, which is \$7,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(c)(1) is revised to increase the maximum penalty for violations specified therein from \$5,000 to \$5,491.

Third, existing § 501.19(c)(2) provides that a civil money penalty for a violation of a housing or transportation safety and health provision of the work contract or of the H-2A visa program's statutory or regulatory requirements that proximately causes the death or serious injury of any worker shall not exceed \$50,000 per worker. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2010 and is the same as the existing maximum penalty amount. *See* 2010 H-2A Final Rule.

To adjust the existing civil money penalty for § 501.19(c)(2), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2010 of 1.08745, which resulted in a maximum penalty

of \$54,373. The amount of the increase from \$50,000 to \$54,373 is \$4,373, which is less than the statutory cap of 150 percent of the existing \$50,000 penalty, which is \$75,000; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(c)(2) is revised to increase the maximum penalty for violations specified therein from \$50,000 to \$54,373 per worker.

Fourth, existing § 501.19(c)(4) provides that a civil money penalty for a repeat or willful violation of a housing or transportation safety and health provision of the work contract or of the H-2A visa program's statutory or regulatory requirements that proximately causes the death or serious injury of any worker shall not exceed \$100,000 per worker. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2010 and is the same as the existing maximum penalty amount. *See* 2010 H-2A Final Rule.

To adjust the existing civil money penalty for § 501.19(c)(4), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2010 of 1.08745, which resulted in a maximum penalty of \$108,745. The amount of the increase from \$100,000 to \$108,745 is \$8,745, which is less than the statutory cap of 150 percent of the existing \$100,000 penalty, which is \$150,000; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(c)(4) is revised to increase the maximum penalty for violations specified therein from \$100,000 to \$108,745 per worker.

Fifth, existing § 501.19(d) provides that a civil money penalty for failure to cooperate with a WHD investigation shall not exceed \$5,000 per investigation. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2008 and is the same as the existing maximum penalty amount. *See* 2008 H-2A Final Rule. This penalty amount was not adjusted by the H-2A 2010 Final Rule. Accordingly, we consider 2008 as the year in which this maximum penalty amount was last established by statute or regulation other than the Prior Inflation Adjustment Act.

To adjust the existing civil money penalty for § 501.19(d), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2008 of 1.09819, which resulted in a maximum penalty of \$5,491. The amount of the increase from \$5,000 to \$5,491 is \$491, which is less

than the statutory cap of 150 percent of the existing \$5,000 penalty, which is \$7,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(d) is revised to increase the maximum penalty for failure to cooperate with a WHD investigation from \$5,000 to \$5,491 per investigation.

Sixth, existing § 501.19(e) provides that a civil money penalty for laying off or displacing any U.S. worker employed, under the circumstances specified therein, shall not exceed \$15,000 per violation per worker. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2010 and is the same as the existing maximum penalty amount. *See* 2010 H-2A Final Rule.

To adjust the existing civil money penalty for § 501.19(e), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2010 of 1.08745, which resulted in a maximum penalty of \$16,312. The amount of the increase from \$15,000 to \$16,312 is \$1,312, which is less than the statutory cap of 150 percent of the existing \$15,000 penalty, which is \$22,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(e) is revised to increase the maximum penalty for violations specified therein from \$15,000 to \$16,312 per violation per worker.

Finally, existing § 501.19(f) provides that a civil money penalty for improperly rejecting a U.S. worker who is an applicant for employment, in violation of the H-2A visa program's statutory or regulatory requirements, shall not exceed \$15,000 per violation per worker. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was set in 2010 and is the same as the existing maximum penalty amount. *See* 2010 H-2A Final Rule.

To adjust the existing civil money penalty for § 501.19(f), the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2010 of 1.08745, which resulted in a maximum penalty of \$16,312. The amount of the increase from \$15,000 to \$16,312 is \$1,312, which is less than the statutory cap of 150 percent of the existing \$15,000 penalty, which is \$22,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 501.19(f) is revised to increase the maximum penalty for violations

specified therein from \$15,000 to \$16,312 per violation per worker.

c. Section 530.302—Amounts of Civil Money Penalties

Section 11(d) of the Fair Labor Standards Act (FLSA), 29 U.S.C. 211(d), authorizes the Administrator of the WHD to issue such regulations and orders as necessary to assure compliance with the FLSA's requirements with respect to industrial homework. Pursuant to this and other authorities, the Administrator has

promulgated regulations through notice and comment rulemaking. *See* Final Rule, Employment of Homeworkers in Certain Industries; Records To Be Kept by Employers, 53 FR 45706 (Nov. 10, 1988) (codified at 29 CFR parts 516 and 530). Section 530.302 of these regulations provides for the imposition of civil money penalties. Existing § 530.302(a) imposes a civil money penalty of not more than \$500 per affected homeworkeer for any violation of the FLSA related to homework⁷, or of

part 530, or of the assurances given in connection with the issuance of a homeworkeer certificate. Existing § 530.302(b) states that the amount of civil money penalties shall be determined per affected homeworkeer within the limits set forth in a following table, except that no penalty shall be assessed in the case of violations which are deemed to be *de minimis* in nature. The table appears in the existing regulation as follows in Table A:

TABLE A—EXISTING HOMEWORK PENALTIES

Nature of violation	Penalty per affected homeworkeer		
	Minor	Substantial	Repeated, intentional or knowing
Recordkeeping	\$10–100	\$100–200	\$200–500
Monetary violations	\$10–100	\$100–200
Employment of homeworkeers without a certificate	\$100–200	\$200–500
Other violations of statutes, regulations or employer assurances	\$10–100	\$100–200	\$200–500

The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was \$500 in 1988 and is the same as the existing maximum penalty amount. *See* 53 FR 45706, 45724.

To adjust the existing civil money penalty for this section, the Department multiplied the maximum penalty amount of \$500 by the inflation adjustment factor for 1988 of 1.97869, which resulted in a maximum penalty of \$989. The amount of the increase from \$500 to \$989 is \$489, which is less than the statutory cap of 150 percent of the existing \$500 penalty, which is \$750; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 530.302(a) and (b) are revised to increase the maximum penalty from \$500 to \$989 and the percentage of that maximum penalty amount for minor (2 percent to 20 percent); substantial (20 percent to 40 percent); or repeated, intentional, or knowing (40 percent to 100 percent) violations by the same percentages of the adjusted maximum penalty amount as under the existing section. As a result, the revised penalty amounts are \$20–198 for a minor violation; \$198–396 for a substantial violation; and \$396–989 for a repeated, intentional, or knowing violation.

d. Section 578.3—What types of violations may result in a penalty being assessed?

Section 16(e)(2) of the FLSA, 29 U.S.C. 216(e)(2), and existing 29 CFR 578.3(a), provide for the assessment of civil money penalties for any person who repeatedly or willfully violates section 6 (minimum wage) or section 7 (overtime) of the FLSA. Existing § 578.3(a) provides for a civil money penalty of up to \$1,100 per violation, and that level is the result of an inflation adjustment in 2001. *See* Final Rule, Adjustment of Civil Money Penalties for Inflation, 66 FR 63501 (Dec. 7, 2001). The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was \$1,000 in 1989. *See* Fair Labor Standards Amendments of 1989, Pub. L. 101–157, § 9 (Nov. 17, 1989).

To adjust the existing civil money penalty for this paragraph, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1989 of 1.89361, which resulted in a maximum penalty of \$1,894. The amount of the increase from \$1,100 to \$1,894 is \$794, which is less than the statutory cap of 150 percent of the existing \$1,100 penalty, which is \$1,650; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 578.3(a) is revised to increase the maximum penalty for a repeated or

willful violation of section 6 (minimum wage) or section 7 (overtime) of the FLSA from \$1,100 to \$1,894 per violation.

Conforming changes to reflect the adjusted maximum civil money penalty amount were also made to § 579.1(a)(2). In addition, historical information concerning penalties for repeated or willful violations of Sections 6 or 7 of the FLSA contained in 29 CFR 578.1 is revised to reflect the passage of the Federal Civil Penalties Inflation Adjustment Act Improvement Act of 2015 (Pub. L. 114–74) and its requirement to make civil money penalty adjustments annually.

e. Section 579.1—Purpose and Scope

Section 16(e)(1)(A) of the FLSA and existing 29 CFR 579.1(a)(1)(i) provide for the imposition of civil money penalties for any violations of the provisions of sections 12 or 13(c) of the FLSA, relating to child labor, or any regulation issued pursuant to such sections. There are three levels of civil money penalties provided for by these authorities.

First, existing § 579.1(a)(1)(i)(A) provides for a civil money penalty, not to exceed \$11,000, for each employee who was the subject of a child labor violation. This penalty corresponds to the statutory provision at 29 U.S.C. 216(e)(1)(A)(i). The penalty amount last established by statute or regulation for this provision other than the Prior

⁷ Except for child labor violations, which are covered under 29 CFR part 579.

Inflation Adjustment Act was \$11,000 in 2008. *See* Genetic Information Nondiscrimination Act of 2008 (GINA), Pub. L. 110–233, § 302(a) (May 21, 2008).

To adjust the existing civil money penalty for this paragraph, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2008 of 1.09819, which resulted in a maximum penalty of \$12,080. The amount of the increase from \$11,000 to \$12,080 is \$1,080, which is less than the statutory cap of 150 percent of the existing \$11,000 penalty, which is \$16,500; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 579.1(a)(1)(i)(A) is revised to increase the maximum penalty for violations of the provisions of sections 12 or 13(c) of the FLSA, relating to child labor, or any regulation issued pursuant to such sections, from \$11,000 to \$12,080 for each employee who was the subject of such a violation.

Conforming changes to reflect the adjusted maximum civil money penalty amount were also made to 29 CFR 570.140(b)(1).

Second, existing § 579.1(a)(1)(i)(B) provides for a civil money penalty, not to exceed \$50,000, for each violation of section 12 or 13(c) of the FLSA, relating to child labor, or any regulation issued pursuant to those sections that causes the death or serious injury of any employee under the age of 18 years. This penalty corresponds to the statutory provision at 29 U.S.C. 216(e)(1)(A)(ii). That maximum amount was last established by statute or regulation other than the Prior Inflation Adjustment Act in 2008 and is the same as the existing maximum penalty amount. *See* GINA § 302(a).

To adjust the existing civil money penalty for this paragraph, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 2008 of 1.09819, which resulted in a maximum penalty of \$54,910. The amount of the increase from \$50,000 to \$54,910 is \$4,910, which is less than the statutory cap of 150 percent of the existing \$50,000 penalty, which is \$75,000; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 579.1(a)(1)(i)(B) is revised to increase the maximum penalty for violations of that provision, from \$50,000 to \$54,910 for each such violation.

Section 579.5(a) has also been revised to remove superfluous language regarding the effective date of this civil money penalty. Conforming changes to reflect the adjusted maximum civil

money penalty amount were also made to 29 CFR 570.140(b)(2).

Third, existing § 579.1(a)(1)(i)(B) also provides that the maximum penalty for a violation of section 12 or 13(c) of the FLSA, relating to child labor, or any regulation issued pursuant to those sections that causes the death or serious injury of any employee under the age of 18 years may be doubled if the violation is repeated or willful. Therefore, under revised § 579.1(a)(1)(i)(B), the maximum penalty amount for such a willful or repeated violation is calculated by doubling the adjusted penalty of \$54,910 for a child labor violation resulting in serious injury or death (*i.e.*, \$109,820). No change to regulatory text is needed to make this adjustment.

In addition, existing § 579.1(a) and (b) are revised to reflect the passage of the Federal Civil Penalties Inflation Adjustment Act Improvement Act of 2015 (Pub. L. 114–74) and its requirement to make civil money penalty adjustments annually, and to remove superseded information regarding the effective date of increased civil money penalties.

f. Section 801.42—Civil Money Penalties—Assessment

Section 6(a)(1) of the Employee Polygraph Protection Act of 1988 (EPPA), 29 U.S.C. 2005(a)(1) and existing 29 CFR 801.42(a) impose a civil money penalty of not more than \$10,000 for any violation of the EPPA or of part 801. The maximum penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was \$10,000 in 1988 and is the same as the existing maximum penalty amount. *See* EPPA, Pub. L. 100–347 (June 27, 1988).

To adjust the existing civil money penalty for this section, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1988 of 1.97869, which resulted in a penalty of \$19,787. The amount of the increase from \$10,000 to \$19,787 is \$9,787, which is less than the statutory cap of 150 percent of the existing \$10,000 penalty, which is \$15,000; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 801.42(a) is revised to increase the maximum penalty for a violation of the EPPA from \$10,000 to \$19,787.

g. Section 825.300—Employer Notice Requirements

Section 109(b) of the Family and Medical Leave Act (FMLA), as amended, 29 U.S.C. 2619(b), and existing 29 CFR 825.300(a)(1) provide for the assessment of a civil money

penalty for each willful violation of the posting requirement of the FMLA. Existing § 825.300(a)(1) provides for a civil money penalty of up to \$110 for each separate offense, and that level is the result of an inflation adjustment in 2008. *See* Final Rule, The Family and Medical Leave Act of 1993, 73 FR 67934 (Nov. 17, 2008). The penalty amount last established by statute or regulation other than the Prior Inflation Adjustment Act was \$100 in 1993. *See* FMLA of 1993, Pub. L. 103–3, § 109(b) (Feb. 5, 1993).

To adjust the existing civil money penalty for this paragraph, the Department multiplied that maximum penalty amount by the inflation adjustment factor for 1993 of 1.63238, which resulted in a maximum penalty of \$163. The amount of the increase from \$110 to \$163 is \$53, which is less than the statutory cap of 150 percent of the existing \$110 penalty, which is \$165; accordingly, the amount of the increase is not limited by the statutory cap. Consequently, § 578.300(a)(1) is revised to increase the penalty for violations of the posting requirement of the FMLA from \$110 to \$163 for each separate offense.

E. Occupational Safety and Health Administration (29 CFR Parts 1902, 1903)

1. General

This section E of the preamble addresses the civil monetary penalties administered by the Occupational Safety and Health Administration (OSHA) to enforce provisions of the Occupational Safety & Health Act of 1970 (OSH Act), as amended. Paragraph 2(a) explains conforming edits to the agency's State Plan regulations. Paragraph 2(b) explains revisions to each of the civil penalties administered and enforced by OSHA.

2. Specific Penalty Increases

a. Section 1902.4(c)(2)(xi)—Indices of Effectiveness

Section 18(c)(2) of the OSH Act provides that a State may assume responsibility for development and enforcement of its own occupational safety and health standards by submitting a State Plan. State Plan regulations at 29 CFR 1902.3(c)(1) and (d)(1) provide that State Plans must develop or adopt occupational safety and health standards and an enforcement program for those standards that are at least as effective as federal OSHA's standards and enforcement program. Existing § 1902.4(c)(2)(xi) provides that in order to satisfy this requirement of

effectiveness, State Plans must have effective sanctions, such as those prescribed in the OSH Act. This IFR amends § 1902.4(c)(2)(xi) to clarify that State Plans must provide sanctions as effective as those set forth in the OSH Act and in § 1903.15(d), against private-sector employers who violate State standards and orders.

b. Section 1903.15—OSH Act Penalties

The penalty amounts set forth in section 17(a) to (d) and (i) of the OSH Act (29 U.S.C. 666(a) to (d) and (i)) were last updated by the Omnibus Budget Reconciliation Act of 1990 on November 5, 1990. Pub. L. 101–508. To adjust the civil penalties for Section 17(a) to (d) and (i), the Department multiplied the penalty amounts by the inflation adjustment factor for 1990 of 1.78156. None of the resulting penalty amounts exceeded the 150 percent statutory cap. Other references to penalty amounts in Part 1903 are also amended by the new penalty amounts set out in § 1903.15(d).

i. Willful or Repeated Violation of the OSH Act, 29 U.S.C 666(a)

Section 17(a) of the OSH Act, 29 U.S.C 666(a), provides that employers who willfully or repeatedly violate the requirements of section 5 of the OSH Act, any standards, rules or orders promulgated under section 6 of the OSH Act, or applicable regulations may be assessed a civil penalty of not more than \$70,000 for each violation, but not less than \$5,000 for each willful violation. No minimum penalty is set forth in the OSH Act for repeated violations. To adjust the existing civil money penalty for this paragraph, the Department multiplied the penalty amounts by the inflation adjustment factor for 1990 of 1.78156, which resulted in a maximum penalty of \$124,709 for willful and repeated violations, and a minimum penalty of \$8,908 for willful violations. The updated civil monetary penalties for willful and repeated violations are set out in § 1903.15(d)(1) and (2).

ii. Serious Violation of the OSH Act of 1970, 29 U.S.C 666(b)

Section 17(b) of the OSH Act, 29 U.S.C 666(b), provides that employers who have received a citation for a serious violation of the requirements of section 5 of the OSH Act, of any standard, rule, or order promulgated under section 6 of the OSH Act, or applicable regulations may be assessed a civil penalty up to \$7,000 for each violation. After applying the inflation adjustment factor, the penalty amounts were rounded to the nearest dollar, which resulted in a maximum penalty of \$12,471. The updated maximum civil

monetary penalty for serious violations is set out in § 1903.15(d)(3).

iii. Other-Than-Serious Violation of the OSH Act of 1970, 29 U.S.C 666(c)

Section 17(c) of the OSH Act, 29 U.S.C 666(c), provides that employers who have received a citation for a violation of the requirements of section 5 of the OSH Act, any standard, rule or order promulgated under section 6 of the OSH Act, or applicable regulations, and such violation is determined not to be of a serious nature, may be assessed a civil penalty of up to \$7,000 for each violation. After applying the inflation adjustment factor, the penalty amounts were rounded to the nearest dollar, which resulted in a maximum penalty of \$12,471 for each day during which such failure or violation continues. The updated maximum civil monetary penalty for other-than-serious violations is set out in § 1903.15(d)(4).

iv. Failure To Correct a Violation of the OSH Act of 1970, 29 U.S.C 666(d)

Section 17(d), 29 U.S.C 666(d), provides that any employer who fails to correct a violation for which a citation has been issued under section 9(a) of the OSH Act within the period permitted for the correction may be assessed a civil penalty of not more than \$7,000 for each day during which such failure or violation continues. After applying the inflation adjustment factor, the penalty amounts are rounded to the nearest dollar, which resulted in a maximum penalty of \$12,471. The updated maximum civil monetary penalty for failing to correct a violation is set out in § 1903.15(d)(5).

v. Violation of a Posting Requirement of the OSH Act of 1970, 29 U.S.C 666(i)

Section 17(i) of the OSH Act, 29 U.S.C. 666(i), provides that employers who violate any of the posting requirements, as prescribed under provisions of the OSH Act, shall be assessed a civil penalty of up to \$7,000 for each violation. After applying the inflation adjustment factor, the penalty amounts are rounded to the nearest dollar, which resulted in a maximum penalty of \$12,471. The updated maximum civil monetary penalty for violations of the posting requirements is set out in § 1903.15(d)(6).

F. Employee Benefits Security Administration (29 CFR Part 2560, 2575, 2590)

1. General

This section F of the preamble addresses the civil monetary penalties administered by EBSA to enforce title I of the Employee Retirement Income

Security Act of 1974, as amended, (ERISA). Paragraph 2(a) explains how the Department determined the date each civil monetary penalty was last adjusted by law or regulation (other than the Prior Inflation Adjustment Act, as amended), and Paragraph 2(b) describes the calculation of the catch-up adjustment for each ERISA civil monetary penalty through the use of a table. Paragraph 2(c) addresses the restructuring of 29 CFR part 2575 and other technical changes to the Department's regulations needed to reflect the amendments made to the Prior Inflation Adjustment Act by the Inflation Adjustment Act.

2. Specific Penalty Increases

a. Determination of Date Civil Monetary Penalty was Last Adjusted by Law or Regulation (Other Than the Prior Inflation Adjustment Act)

Section 5(b)(2)(B) of the Inflation Adjustment Act states that the initial cost-of-living adjustment (*i.e.*, catch-up adjustment) shall be applied to the “amount of the civil monetary penalty as it was most recently established or adjusted under a provision of law other than the [Prior Inflation Adjustment Act].” OMB guidance clarifies that the definition of the term “law” includes regulations where the statute grants the agency authority to establish a penalty or the dollar amount of the penalty by regulation. The Department has determined that no ERISA penalty amount has been adjusted by regulation or statute (other than the Prior Inflation Adjustment Act) subsequent to the enactment of the statute that established the initial amount of the penalty.

Certain ERISA civil monetary penalties apply to violations of more than one ERISA provision. For example, new violations of ERISA were subsequently added to the civil penalty provisions of sections 502(c)(4), and 502(c)(7).⁸ The addition of a violation to an existing penalty statute neither establishes nor adjusts the “amount of the civil monetary penalty” within the meaning of section 5(b)(2)(B) of the Inflation Adjustment Act. Because no ERISA civil monetary penalty amount has been adjusted by law (other than the Prior Inflation Adjustment Act) subsequent to its establishment, the enactment date of an ERISA penalty statute rather than the date a violation first becomes subject to the penalty

⁸ Section 502(c)(4) was enacted in 1993 by Pub. L. 103–66, 107 Stat.312. A new violation was added to section 502(c)(4) in 2006 by Pub. L. 109–280, 120 Stat. 780. Section 502(c)(7) was enacted in 2002 by Pub. L. 107–204, 116 Stat. 745. Section 502(c)(7) also was amended in 2006 by Pub. L. 109–208, 120 Stat. 780, to add a new violation.

determines both the amount of and the date from which the penalty is adjusted. For example, a failure to furnish certain multiemployer plan financial and actuarial information upon request under section 101(k) of ERISA will be subject to a penalty under ERISA section 502(c)(4) adjusted for inflation

from 1993 (the year of enactment of section 502(c)(4), even though section 101(k) violations did not become subject to section 502(c)(4) until 2008.⁹ This interpretation tracks the language of the statute and ensures that ERISA violations subject to the same penalty are adjusted for inflation in a consistent

manner. The Department is of the view that this consistency will in turn reduce both confusion and, ultimately, the burden upon the regulated community. The enactment dates of the ERISA statutes establishing the amount of the civil monetary penalties follow in Table B:

b. Calculation of Catch-Up Inflation Adjustment

Table C shows the calculation of the catch-up adjustment. Column (1) contains the United States Code and ERISA citations for the penalty statute. Column (2) contains the dollar amount most recently established by law (other than the Prior Inflation Adjustment Act) for each ERISA civil monetary penalty along with a description of the violations subject to the penalty. Column (3) sets out the year the amount

of the civil monetary penalty was most recently established by law (other than the Prior Inflation Adjustment Act) based on the date of enactment found in Table B. Column (4) sets out the factor determined by OMB to adjust for inflation from October of the corresponding year in column (3) to October 2015. Column (5) sets out the adjusted civil monetary penalty resulting from the product of the dollar amount of the civil monetary penalty set out in Column (2) multiplied by the inflation factor in column (4). Column

(6) sets out the actual civil monetary penalty in effect on November 2, 2015. Column (7) sets out the maximum catch-up penalty, which is the sum of the penalty amount in Column (6) plus the maximum penalty increase of 150 percent for a total of 250 percent of the 2015 penalty.¹¹ Column (8) reflects the actual catch-up penalty, effective August 1, 2016, which is the lesser of the adjusted civil monetary penalty in Column (5) or the maximum civil monetary penalty in Column (7).

⁹Pub. L. 109–280, August 17, 2006, effective for failures occurring in plan years beginning after 2007.

¹⁰Initially, section 502(c)(4) applied to a failure of a group health plan administrator to furnish information to the Medicare Medicaid Coverage Data Bank under former section 101(f) of ERISA. This requirement was repealed effective October 2, 1996, by the Child Support Incentive Act of 1998, Pub. L. 105–200. The reference to section 101(f) in

section 502(c)(4) was deleted and replaced with a reference to violation of the notice requirements of section 302(b)(7)(F)(vi) of ERISA by section 104(a)(2) of the Pension Funding Equity Act of 2004, Pub. L. 108–218. Sections 103(b)(2), 502(a)(2), 502(b)(2) and 902(f)(2) of the PPA deleted the reference to section 302(b)(7)(F)(vi) and replaced it with references to violations of sections 101(j), 101(k), 101(l) and section 514(e)(3) of ERISA.

¹¹Section 5(2)(b)(C) of the Inflation Adjustment Act states that increase in the penalty resulting from the initial or catch-up adjustment may not be greater than 150 percent of the penalty amount on November 2, 2015. Mathematically, a maximum increase of 150 percent equals 250 percent of the penalty. See Bipartisan Budget Act of 2015 Section by Section Summary at p. 6 available at <http://docs.house.gov/meetings/RU/RU00/CPRT-114-RU00-D001.pdf>.

c. Structure

Currently, subpart A of part 2575 (Adjustment of Civil Penalties under ERISA Title I) of title 29 of the Code of Federal Regulations contains 7 sections (one general section and a separate section for the six previously adjusted penalties). Due to the large number of title I penalties adjusted for inflation by this IFR, the Department has decided to simplify the structure of subpart A of part 2575. This IFR replaces §§ 2575.100, 2575.209b-1, 2575.502c-2, 2575.502c-5, and 2575.502c-6 with new §§ 2575.1, 2575.2, and 2575.3. Section 2575.1 *In general* contains the implementing language. Section 2575.2 *Catch-up adjustments to civil monetary penalties* sets out the inflation adjustments for each ERISA penalty from establishment of the penalty amount through August 1, 2016. Section 2575.3 *Subsequent adjustments to civil monetary penalties* addresses post-2016 non-regulatory inflation adjustments.

Also, as a result of the amendments made to the Prior Inflation Adjustment Act by the Inflation Adjustment Act, the IFR also makes minor technical changes to §§ 2560.502c-2, 2560.502c-4, 2560.502c-5, 2560.502c-6, 2560.502c-7, and 2560.502c-8 of 29 CFR part 2560 and § 2590.715-2715(e) of 29 CFR part 2950.

G. Mine Safety and Health Administration (30 CFR Part 100)

1. General

This section G of the preamble addresses the civil monetary penalties administered by Mine Safety and Health Administration (MSHA) to enforce provisions of the Federal Mine Safety &

Health Act of 1977 (Mine Act) (Pub. L. 95-173), as amended. Paragraphs 2(a) through (c) explain revisions to each of the civil penalties administered and enforced by MSHA.

2. Specific Penalty Adjustments

In accordance with the Inflation Adjustment Act, MSHA is adjusting its penalty amounts in §§ 100.3, 100.4, and 100.5 by calculating the catch-up adjustments for these penalties from the date of the last statute or regulation (other than the Prior Inflation Adjustment Act) that set these penalties. All MSHA penalties were last set in 2007. *See* 72 FR 13592 (Mar. 22, 2007). Subsequently (after 2007), some but not all of MSHA's penalties also were adjusted for inflation. This rule uses the 2007 final rule as the base year in calculating all of MSHA's penalty inflation adjustments, rounded to the nearest dollar. While this has resulted in different relative impacts on particular penalty amounts depending on whether any inflation adjustments occurred for that penalty since 2007, the net effect of these adjustments is to increase MSHA's penalties.

a. Section 100.3—Determination of Penalty Amount; Regular Assessment

Regularly assessed penalties are established by a penalty conversion table in part 100 that sets penalties based on the number of points a citation has been assigned. MSHA assigns points using a number of factors described in part 100, including the negligence of the operator and the gravity of the violation, among other criteria. Currently, a range of points—from 60 or fewer to 144 or more—is available; more points result in

higher penalties. Penalties can range anywhere at or between the minimum penalty and the maximum penalty, based on the number of points assigned. Thus, the effect of MSHA's penalty conversion table as a whole is a function of both the amount of the minimum and maximum penalties and the rate of the progression between those two outer points. In order to fully assess how to adjust for inflation as prescribed by the statute, it is necessary to look at the interaction of all three of these factors—minimum penalty, maximum penalty, and the rate of progression between the two. As described below, we have adjusted all three elements. The result is an upward adjustment for inflation equal to 13.6% for penalties assessed overall pursuant to the penalty table (calculated using MSHA's 2015 penalty data).

Existing § 100.3(a)(1) provides that an operator of any mine in which a violation of a mandatory health or safety standard occurs or who violates any other provisions of the Mine Act shall be regularly assessed a civil penalty of not more than \$70,000. To calculate the adjustment of this penalty under the Inflation Adjustment Act, MSHA multiplied \$60,000, the maximum civil penalty last established by regulation (other than the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which results in a penalty amount of \$68,300. The inflation-adjusted amount of \$8,300 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$70,000 penalty in effect as of November 2, 2015, which is \$105,000. Therefore, the maximum regular

assessment for an operator of any mine in which a violation of a mandatory health or safety standard occurs or who violates any other provisions of the Mine Act is \$68,300, a decrease of \$1,700 from the existing penalty amount of \$70,000. The new maximum penalty of \$68,300 is also the maximum amount available under MSHA's penalty conversion table in § 100.3(g).

Section 100.3(g) provides the penalty conversion table used to convert total penalty points to a dollar amount. As discussed above, the points are assigned to a violation based on the criteria listed in 30 CFR part 100. The existing penalty conversion table assigns dollar amounts to penalty points that range from 60 or fewer to 144 or more. For this final rule, MSHA is using the penalty point conversion table last established by regulation (other than the Prior Inflation Adjustment Act) in 2007 (72 FR 13592)—both for purposes of determining minimum and maximum penalties and the point range between those two points. The penalty point range in the 2007 regulation used a penalty point range from 60 points or fewer to 140 points or more. For this reason, MSHA is changing the existing penalty point maximum of 144 points or more back to the maximum of 140 points or more. As described below, the result is an upward adjustment for inflation equal to 13.6 percent for penalties assessed overall (using 2015 penalty data) pursuant to the penalty conversion table.

To adjust the existing minimum penalty for inflation, MSHA multiplied \$112, the minimum civil penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$127. The \$15 penalty increase is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$112 penalty in effect as of November 2, 2015, which is \$168. Therefore, the minimum penalty in the penalty conversion table is \$127.

The inflation adjusted penalty conversion table in § 100.3(g) maintains the minimum penalty for 60 points or fewer at the new inflation-adjusted amount of \$127. For each additional point above 60 up to 140, the existing penalty conversion table increased the dollar penalty by the same 2007 inflation adjustment factor of 1.13833 for each point. After calculating all values, MSHA rounded all values to the nearest dollar. Although the maximum penalty decreased from \$70,000 to \$68,300, applying the new table to MSHA's 2015 assessment data results in

a 13.6 percent increase (just slightly less than the 13.8 percent inflation adjustment for 2007).

b. Section 100.4—Unwarrantable Failure and Immediate Notification

Section 100.4(a) provides the minimum penalty for citations or orders issued under § 104(d)(1) of the Mine Act at \$2,000. To adjust the existing minimum penalty for inflation, MSHA multiplied \$2,000, the minimum penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$2,277. The penalty increase of \$277 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$2,000 penalty in effect as of November 2, 2015, which is \$3,000. Therefore, the minimum penalty for any citation or order issued under section 104(d)(1) of the Mine Act is \$2,277.

Section 100.4(b) states that the minimum penalty for any order issued under section 104(d)(2) of the Mine Act is \$4,000. To adjust the existing minimum penalty for inflation, MSHA multiplied \$4,000, the minimum penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$4,553. The penalty increase of \$553 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$4,000 penalty in effect as of November 2, 2015, which is \$6,000. Therefore, the minimum penalty for any citation or order issued under section 104(d)(2) of the Mine Act is \$4,553.

Section 100.4(c) states that the penalty for failure to provide timely notification of a death or entrapment of a miner or miners at a mine to the Secretary of Labor under section 103(j) of the Mine Act, as amended, will not be less than a penalty of \$5,000 and not more than a penalty of \$65,000. To adjust the existing minimum penalty, MSHA multiplied \$5,000, the minimum civil penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$5,692. The penalty increase of \$692 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$5,000 penalty in effect as of November 2, 2015, which is \$7,500. Therefore, the minimum penalty for failure to provide timely notification to the Secretary

under section 103(j) of the Mine Act is \$5,692. To adjust the existing maximum penalty, MSHA multiplied \$60,000, the maximum penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$68,300. The penalty increase of \$8,300 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$65,000 penalty in effect as of November 2, 2015, which is \$97,500. Therefore, the maximum penalty for failure to provide timely notification to the Secretary under section 103(j) of the Mine Act is \$68,300.

c. Section 100.5—Determination of Penalty Amount; Special Assessment

Section 100.5(c) addresses penalties that may be assessed daily to an operator who fails to correct a violation for which a citation or order has been issued under Section 104(a) of the Mine Act. The existing maximum daily penalty assessment is \$7,500.

To adjust the penalty for inflation, MSHA multiplied \$6,500, the penalty amount last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$7,399. The inflation-adjusted amount of \$899 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$7,500 penalty in effect as of November 2, 2015, which is \$11,250. Therefore, the daily penalty assessed an operator who fails to correct a violation for which a citation or order has been issued under Section sec. 104(a) of the Mine Act is \$7,399, a decrease of \$101 from the existing penalty amount of \$7,500.

Section 100.5(d) addresses penalties for miners who violate mandatory safety standards relating to smoking and smoking materials underground. The existing maximum smoking penalty is \$375. To adjust the penalty for inflation, MSHA multiplied the penalty \$275, the maximum smoking penalty amount last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$313. The inflation-adjusted amount of \$38 is less than the statutory catch-up adjustment cap of a 150 percent increase of the \$375 penalty in effect as of November 2, 2015, which is \$563. Therefore, the penalty assessed for a miner who violates mandatory safety standards relating to smoking and smoking materials underground is \$313,

a decrease of \$62 from the existing penalty amount of \$375.

Section 100.5(e) provides a maximum penalty for violations that are deemed to be flagrant under 110(b)(2) of the Mine Act. The existing maximum penalty is \$242,000. To adjust the penalty for inflation, MSHA multiplied \$220,000, the penalty last established by regulation (other than under the Prior Inflation Adjustment Act) in 2007 (72 FR 13592), by the inflation adjustment factor for 2007 of 1.13833, which resulted in a penalty of \$250,433. The penalty increase of \$8,433 is less than the statutory catch-up adjustment increase cap of a 150 percent increase of the \$242,000 penalty in effect as of November 2, 2015, which is \$363,000. Therefore, the maximum penalty for violations that are deemed flagrant under sec. 110(b) of the Mine Act is \$250,433.

IV. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)) requires that the Department consider the impact of paperwork and other information collection burdens imposed on the public. The Department has determined that this final rule does not require any collection of information.

V. Executive Order 12866: Regulatory Planning and Review, and Executive Order 13563: Improving Regulation and Regulatory Review

Executive Order 12866 requires that regulatory agencies assess both the costs and benefits of significant regulatory actions. Under the Executive Order, a “significant regulatory action” is one meeting any of a number of specified conditions, including the following: Having an annual effect on the economy of \$100 million or more; creating a serious inconsistency or interfering with an action of another agency; materially altering the budgetary impact of entitlements or the rights of entitlement recipients, or raising novel legal or policy issues. The IFR’s increases in the maximum civil money penalties that agencies are authorized to assess for violations of laws they administer are required by the statutorily-mandated provisions of the Inflation Adjustment Act, which was enacted by Congress as part of the Bipartisan Budget Act of 2015. This IFR is a “significant” regulatory action because the Department’s analysis shows that it could potentially have an annual effect on the economy of more than \$100 million.

The Department considered two potential effects of the increased penalties mandated by the Inflation

Adjustment Act: (1) Increased transfers from employers and others who violate the law (and therefore pay penalties) to the government; and (2) the benefits to workers, retirees, and responsible employers and others of increased penalties that will encourage greater compliance with the laws that the Department enforces. Each of these effects is discussed in turn.

Transfers to Government

The Department estimated the increased transfers from employers and others who violate the law to the government by conducting a provision-by-provision analysis of each of the penalties affected by the Inflation Adjustment Act. The Department considered the total dollar amount of penalties collected under each affected penalty over the immediately preceding three complete fiscal years (2013, 2014, and 2015) to calculate the average total penalties collected under each statute.¹² Then the Department projected how the amount collected under each statute would increase if it did so in proportion to the percentage increase of the maximum penalty for that statute.¹³ The result—approximately \$140 million in additional transfers from the regulated community to the government each year—is enumerated by agency in Table D.

TABLE D—PROJECTED PENALTIES
(Inflation Adjustment Act: Total penalties by agency, 3-year average (2013–2015))

Agency	Dollar Amount Collected (\$FY2015)		
	Total (current penalties)	Total (projected penalties)	Numeric change
EBSA	\$17,667,363	\$33,134,336	\$15,466,973
MSHA	73,112,904	82,812,155	9,699,251
OSHA (federal)	141,969,042	252,927,499	110,958,457
OWCP	19,674	45,470	25,797
WHD/ETA/OSEC	6,894,835	10,541,217	3,646,383
Total	239,663,817	379,460,677	139,796,860

The Department notes that this amount could be an overestimate of transfers given that its collections are likely to be lower than projected under

the new penalties established by the Inflation Adjustment Act. First, it does not account for a key factor underpinning long-established

deterrence principles: That rational actors are *less likely* to commit violations when faced with higher penalties.¹⁴ It is therefore conceivable

¹²The total penalties collected in fiscal years 2013 and 2014 were adjusted for inflation using the CPI-U to put them into fiscal year 2015 dollars previous to the calculation of three-year collection averages.

¹³Exceptions were made to this method with respect to three provisions of the Mine Act. To calculate projected total penalty collections under sections 104(d)(1) and 104(d)(2), the three-year averages of penalties collected under each provision between fiscal years 2013 and 2015 were multiplied

by the percentage increases in the minimum required penalties for each statute. To calculate projected total penalties collected using MSHA’s penalty conversion table, MSHA used the detailed assessment data from fiscal years 2013, 2014, and 2015 to estimate total assessed dollar values for each year using both the existing and new conversion tables. The total dollar values produced using the new inflation-adjusted conversion table were then compared to the dollar values produced using the existing conversion table. The resulting annual percent changes for fiscal years 2013, 2014,

and 2015 were 13.5 percent, 13.5 percent, and 13.6 percent respectively. These annual percentages were then multiplied by the annual dollar collection totals for each fiscal year to obtain projected collections by fiscal year, and a three-year average was then taken to produce a single projected collection total.

¹⁴ See generally Gary S. Becker, *Essays in the Economics of Crime and Punishment*, Ch. 1 (1974), available at <http://www.nber.org/chapters/c3625.pdf>. These concepts are also reflected in the

that the increase in penalties collected would not be proportional to the increase in penalties that might be assessed by an agency, but would instead be less.¹⁵ In addition, this estimate also assumes that the Department's collections will continue at approximately the same rate each year despite increased penalties. Together, these factors suggest that the amount of the transfers from the regulated community to the government is likely to be lower than the \$140 million projected above.

OSHA's penalty increases under the Inflation Adjustment Act will necessitate an increase to the maximum and minimum penalty amounts required by states that administer their own occupational safety and health programs as well. Section 18 of the OSH Act (29

U.S.C. 667) requires states with OSHA-approved State Plans covering private-sector and state and local government employees to have standards and an enforcement program that are at least as effective as Federal OSHA's standards and enforcement program. Twenty-two (22) States and U.S. territories have State Plans that cover private sector employees and state and local government employees: Alaska, Arizona, California, Hawaii, Indiana, Iowa, Kentucky, Maryland, Michigan, Minnesota, Nevada, New Mexico, North Carolina, Oregon, Puerto Rico, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, and Wyoming. The existing regulation at 29 CFR 1902.4(c)(2)(xi) provides that in order to satisfy this requirement of effectiveness, State Plans must have effective

sanctions, such as those prescribed in the OSH Act. Similarly, 29 CFR 1902.37(b)(12) requires State Plans with final approval to propose penalties in a manner at least as effective as under the federal program. This IFR amends 29 CFR 1902.4(c)(2)(xi) to clarify that State Plans must provide sanctions as effective as those set forth in the OSH Act and in 29 CFR 1903.15(d).

OSHA will require State Plans to increase their penalties to reflect the federal penalties increases at the state levels in order to maintain this "at least as effective" status. If every State Plan state increases its own penalties in line with the federal increases, using the same methodology outlined above, the additional transfer from employers to OSHA State Plans would be \$57.1 million, as enumerated in Table E.

TABLE E—PROJECTED PENALTIES
[Inflation Adjustment Act: OSHA state plans, 3-Year average (2013–2015)]

	Dollar amount collected (\$FY2015)		
	Total (current penalties)	Total (projected penalties)	Numeric change
OSHA State Plans	\$73,121,821	\$130,271,603	\$57,149,782

Benefits to Workers, Retirees, and Responsible Employers

Meanwhile, the Inflation Adjustment Act's penalty increase will have significant benefits for workers, retirees, and responsible employers and others in the regulated community. While most employers play by the rules, there are too many cases where workers are cheated out of their hard-earned wages or retirement benefits or forced to endure an unsafe workplace. By deterring violations and promoting compliance, more workers and retirees will benefit from the core employment law protections that the Department administers and enforces. Furthermore, responsible employers and others who remain in compliance with the

Department's laws will face less competition from the minority of employers who make a calculated decision to save money by eschewing compliance with these laws.¹⁶ Those who follow the law will essentially benefit from a more level playing field when competing with those who do not. The Department has been unable to quantify these significant benefits.

VI. Regulatory Flexibility Act and Small Business Regulatory Enforcement Fairness Act

The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.* (RFA), imposes certain requirements on Federal agency rules that are subject to the notice and comment requirements of the Administrative Procedure Act (APA), 5

U.S.C. 553(b), and that are likely to have a significant economic impact on a substantial number of small entities. This IFR is exempt from the requirements of the APA because the Inflation Adjustment Act directed the Department to issue an interim final rule. Therefore, the requirements of the RFA applicable to notices of proposed rulemaking, 5 U.S.C. 603, do not apply to this IFR. Accordingly, the Department is not required to either certify that the IFR would not have a significant economic impact on a substantial number of small entities or conduct a regulatory flexibility analysis.

Inflation Adjustment Act. 28 U.S.C. 2461 Note, Sec. 2(a)(1) ("[T]he power of Federal agencies to impose civil monetary penalties for violations of Federal law and regulations plays an important role in deterring violations and furthering the policy goals embodied in such laws and regulations[.]"); 2(b)(2) ("The purpose of this Act is to establish a mechanism that shall . . . maintain the deterrent effect of civil monetary penalties and promote compliance with the law."); S. 535: Hearing before Subcomm. Legis & Nat'l Sec. of the H. Comm. Gov't Ops., 101st Cong. 3 (1990) (hereinafter 1990 Hearing) (statement of Rep. Conyers) ("At the heart . . . of regulatory statutes . . . are the monetary fines intended to both penalize and deter practices prohibited by these laws."); *Id.* at 70 (statement of HHS Inspector Gen. Kusserow) ("We have found that civil monetary penalties are a very effective enforcement tool [and] have also seen them become

a very good deterrent against fraud."). Research suggests that the same concepts apply in labor law violations as well. *See, e.g.,* Orley Ashenfelter & Robert S. Smith, Compliance with the Minimum Wage Law, 87 *Journal of Political Economy* 333 (1979), available at http://www.jstor.org/stable/1832090?seq=1#page_scan_tab_contents.

¹⁵ In addition, it is important to note that the IFR does not revoke existing provisions of the laws above that provide the Department with discretion in determining the appropriate civil penalty amounts below any particular maximum penalty. Nor does the IFR amend any requirements in these laws that the Department consider mitigating factors in making such determinations, such as the severity of the violation, the number of workers affected by the violation, the entity's compliance history, or the size of the entity.

¹⁶ Entities that violate the basic labor protections described above such that they are subject to civil penalties have often benefitted from their non-compliance with such requirements over a length of time before being investigated, assessed and required to pay penalties for their illegal activities. As noted above, the rule only adjusts the authorized levels of civil money penalties to account for inflation over time. Of course, to the extent that civil penalties increase, there will be increased revenues to the government from entities that have been found to have violated the law. *See* 1990 Hearing at 15 (discussing the importance of the government fully understanding how many civil monetary penalties are assessed and collected and discussing the benefit to taxpayers of increased revenue for government).

VII. Other Regulatory Considerations

A. *The Unfunded Mandates Reform Act of 1995*

The Department estimates that the IFR may result in transfers of up to \$140 million per year, and acknowledges that this IFR may yield effects that make it subject to UMRA requirements. Therefore, the Department carried out the requisite cost-benefit analysis in the section discussing Executive Orders 12866 and 13563 above.

B. *Executive Order 13132: Federalism*

As described above, Section 18 of the OSH Act (29 U.S.C. 667) requires OSHA-approved State Plans to have standards and an enforcement program that are at least as effective as federal OSHA's standards and enforcement program. The existing regulation at 29 CFR 1902.4(c)(2)(xi) provides that in order to satisfy this requirement of effectiveness, State Plans must have effective sanctions, such as those prescribed in the OSH Act. Similarly, 29 CFR 1902.37(b)(12) requires State Plans with final approval to propose penalties in a manner at least as effective as under the federal program. This IFR amends 29 CFR 1902.4(c)(2)(xi) to clarify that State Plans must provide sanctions as effective as those set forth in the OSH Act and in 29 CFR 1903.15(d).

In accordance with Part 1953, State Plans are required to adopt penalty changes that are at least as effective as federal OSHA, within six months after publication of the Department's IFR amending OSHA's penalties. Thereafter, OSHA penalties will be increased by the cost-of-living adjustment for every subsequent year by January 15th. State Plans will also be required to increase their penalties regularly in the future to maintain at least as effective penalty levels.

State Plans are not required to impose monetary penalties on state and local government employers. See § 1956.11(c)(2)(x). Five (5) states and one territory have State Plans that cover only state and local government employees: Connecticut, Illinois, New Jersey, New York, Maine, and the Virgin Islands. Therefore, the requirements to increase the penalty levels do not apply to these State Plans. Twenty-one (21) states and one U.S. territory have State Plans that cover both private sector employees and state and local government employees: Alaska, Arizona, California, Hawaii, Indiana, Iowa, Kentucky, Maryland, Michigan, Minnesota, Nevada, New Mexico, North Carolina, Oregon, Puerto Rico, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, and Wyoming.

These states must increase their penalties for private-sector employers.

Other than as listed above, this IFR does not have federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government. Accordingly, Executive Order 13132, Federalism, requires no further agency action or analysis.

C. *Executive Order 13175: Indian Tribal Governments*

This IFR does not have "tribal implications" because it does not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes. Accordingly, Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, requires no further agency action or analysis.

D. *The Treasury and General Government Appropriations Act of 1999: Assessment of Federal Regulations and Policies on Families*

This IFR will have no effect on family well-being or stability, marital commitment, parental rights or authority, or income or poverty of families and children. Accordingly, section 654 of the Treasury and General Government Appropriations Act of 1999 (5 U.S.C. 601 note) requires no further agency action, analysis, or assessment.

E. *Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks*

This IFR will have no adverse impact on children. Accordingly, Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks, as amended by Executive Orders 13229 and 13296, requires no further agency action or analysis.

F. *Environmental Impact Assessment*

A review of this Final Rule in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321 *et seq.*; the regulations of the Council on Environmental Quality, 40 CFR 1500 *et seq.*; and the Departmental NEPA procedures, 29 CFR part 11, indicates that the Final Rule will not have a significant impact on the quality of the human environment. As a result, there is no corresponding environmental

assessment or an environmental impact statement.

G. *Executive Order 13211: Energy Supply*

This IFR has been reviewed for its impact on the supply, distribution, and use of energy because it applies, in part, to the coal mining and uranium industries. MSHA has concluded that the adjustment of civil monetary penalties to keep pace with inflation and thus maintain the incentive for operators to maintain safe and healthful workplaces is not a significant energy action because it is not likely to have a significant adverse effect on the supply, distribution, or use of energy.

This IFR has not been identified to have other impacts on energy supply. Accordingly, Executive Order 13211 requires no further Agency action or analysis.

H. *Executive Order 12630: Constitutionally Protected Property Rights*

This IFR will not implement a policy with takings implications. Accordingly, Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights, requires no further agency action or analysis.

I. *Executive Order 12988: Civil Justice Reform Analysis*

This IFR was drafted and reviewed in accordance with Executive Order 12988, Civil Justice Reform. This IFR was written to provide a clear legal standard for affected conduct and was carefully reviewed to eliminate drafting errors and ambiguities, so as to minimize litigation and undue burden on the Federal court system. The Department has determined that this IFR meets the applicable standards provided in section 3 of Executive Order 12988.
