SUPPLEMENTARY INFORMATION:

I. Notice of the Application for Expansion

OSHA is providing notice that Curtis-Straus LLC (CSL) is applying for expansion of recognition as a NRTL. CSL requests the addition of one test standard to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL’s scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certificate activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including CSL, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at http://www.osha.gov/dts/otpca/nrtl/index.html.

CSL currently has one facility (site) recognized by OSHA for product testing and certification, with headquarters located at: Curtis-Straus LLC, One Distribution Circle, Suite #1, Littleton, MA 01460. A complete list of CSL’s scope of recognition is available at https://www.osha.gov/dts/otpca/nrtl/csl.html.

II. General Background on the Application

CSL submitted an application, dated January 2, 2018 (OSHA–2009–0026–0079), to expand recognition to include one additional test standard. OSHA staff...
performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 lists the appropriate test standard found in CSL’s application to expand for testing and certification of products under the NRTL Program.

**III. Preliminary Findings on the Application**

CSL submitted an acceptable application for expansion of the scope of recognition. OSHA’s review of the application file, and pertinent documentation, indicates CSL can meet the requirements prescribed by 29 CFR 1910.7 for expanding recognition to include the addition of this one test standard for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of CSL’s application.

OSHA welcomes public comment as to whether CSL meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N–2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at http://www.regulations.gov under Docket No. OSHA–2009–0026.

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, the agency will make a recommendation to the Assistant Secretary for Occupational Safety and Health whether to grant CSL’s application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the Federal Register.

**IV. Authority and Signature**

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on December 18, 2018.

Loren Sweatt,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.
