BILLING CODE 4510-43-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2006-0028]

MET Laboratories, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for MET Laboratories, Inc., as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on September 28, 2020.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of

Communications, phone: (202) 693-1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693-2110; email: robinson.kevin@dol.gov. OSHA's web page includes information about the NRTL Program (see <http://www.osha.gov/dts/otpca/nrtl/index.html>).

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of MET Laboratories, Inc. (MET), as a NRTL. MET's expansion covers the addition of two test standards to the scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding and, in the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL that details the scope of recognition.

These pages are available from the agency's website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

MET submitted two applications, one dated June 28, 2018 (OSHA-2006-0028-0066), and another dated January 14, 2019 (OSHA-2006-0028-0067). The applications seek to expand MET's scope of recognition to include two additional test standards. OSHA staff performed a detailed analysis of the applications and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

OSHA published the preliminary notice announcing MET's expansion applications in the **Federal Register** on February 21, 2020 (85 FR 10192). The agency requested comments by March 9, 2020, and received no comments in response to the preliminary notice. OSHA now is proceeding with this final notice to grant expansion of MET's scope of recognition.

To obtain or review copies of all public documents pertaining to MET's applications, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N-3655, Washington, DC 20210; telephone (202) 693-2350. Docket No. OSHA-2006-0028 contains all materials in the record concerning MET's recognition.

II. Final Decision and Order

OSHA examined MET's expansion applications, the capability to meet the requirements of the test standards, and other pertinent information. Based on the review of this evidence, OSHA finds that MET meets the requirements of 29 CFR 1910.7 for expansion of the scope of recognition, subject to conditions listed below. OSHA, therefore, is proceeding with this final notice to grant expansion of MET's scope of recognition. OSHA limits the expansion of MET's scope of recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN MET'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 60335-2-24 ...	Household and Similar Electrical Appliances—Safety—Part 2-24: Particular Requirements for Refrigerating Appliances, Ice-Cream Appliances and Ice-Makers.
UL 60079-18	Explosive Atmospheres—Part 18: Equipment Protection by Encapsulation "m".

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, OSHA may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, MET must abide by the following conditions of the recognition:

1. MET must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in the operations as a NRTL, and provide details of the change(s);

2. MET must meet all the terms of the recognition and comply with all OSHA policies pertaining to this recognition; and

3. MET must continue to meet the requirements for recognition, including all previously published conditions on MET's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of MET, subject to the conditions specified above.

III. Authority and Signature

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on September 22, 2020.

Loren Sweatt,

Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Office of Government Information Services

[NARA-2020-065]

Chief Freedom of Information Act (FOIA) Officers Council; Notice of a Meeting

AGENCY: Office of Government Information Services (OGIS), National Archives and Records Administration (NARA), and Office of Information Policy (OIP), U.S. Department of Justice (DOJ).

ACTION: Notice of meeting.

SUMMARY: We are announcing 2020's annual meeting of the Chief Freedom of Information Act (FOIA) Officers Council, co-chaired by the Director of OGIS and the Director of OIP.

DATES: The meeting will be on Wednesday, October 14, 2020, from 10 a.m. to 12:30 p.m. EDT. Please register for the meeting no later than 11:59 p.m. EDT on Monday, October 12, 2020 (registration information is detailed below).

Location: The October 14, 2020, meeting will be a virtual meeting. We will send access instructions to those who register according to the instructions below.

FOR FURTHER INFORMATION CONTACT: Martha Murphy by email at ogis@nara.gov with the subject line "Chief FOIA Officers Council" or by telephone at 202.741.5770.

SUPPLEMENTARY INFORMATION: This meeting is open to the public in accordance with the Freedom of Information Act (5 U.S.C. 552(k)). Additional details about the meeting will be available on OGIS's website at <https://www.archives.gov/ogis/about-ogis/chief-foia-officers-council> and OIP's website at <https://www.justice.gov/oip/chief-foia-officers-council>.

Procedures: This virtual meeting is open to the public. You must register through Eventbrite in advance if you wish to attend and/or submit oral statements. You must also include an email address so that we can provide you access information. To request

accommodations (e.g., a transcript), email ogis@nara.gov or call 202.741.5770. Members of the media who wish to register, those who are unable to register online, and those who require special accommodations, should contact Martha Murphy (contact information listed above).

Maureen McDonald,

Designated Committee Management Officer.

BILLING CODE 7515-01-P

NATIONAL SCIENCE FOUNDATION

Advisory Committee for Engineering; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation (NSF) announces the following meeting:

Name and Committee Code: Advisory Committee for Engineering #1170.

Date and Time: October 21, 2020: 10:30 a.m. to 5:00 p.m.; October 22, 2020: 10:30 a.m. to 4:30 p.m.

Place: National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314 (Virtual).

Type of Meeting: Open.

Contact Person: Evette Rollins, erollins@nsf.gov; 703-292-8300; The forthcoming virtual meeting information and an updated agenda will be posted at https://www.nsf.gov/events/event_summ.jsp?cntn_id=301077&org=ENG.

Purpose of Meeting: To provide advice, recommendations and counsel on major goals and policies pertaining to engineering programs and activities.

Agenda

Wednesday, October 21, 2020

- Directorate for Engineering Report
- NSF Budget Update
- Report and Recommendations From Subcommittee on the SBIR/STTR Program
- Black Lives in Engineering Panel
- E4USA Update
- Division of Industrial Innovation and Partnerships (IIP) Overview
- IIP Committee of Visitors (COV) Report
- Research Translation
- Preparation for Discussion with the Director's Office

Thursday, October 22, 2020

- Broader Impacts
- Perspectives From the Director's Office
- Reports From Advisory Committee Liaisons
- NSF Response to COVID-19 Situation
