

benefits, a QSEHRA, or a health FSA), or if the individual has become eligible for Medicare. This notice is not required to, but may note that the individual and any covered dependents may be eligible for a special enrollment period to enroll in individual market health insurance coverage offered through a Health Insurance Marketplace®. This notice must be provided 15–45 days before the date of expiration of premium assistance.

e. Alternative Notice

While COBRA provides continuation coverage requirements for group health plans under federal law, these requirements do not apply to every plan. For example, group health plans maintained by an employer that employed fewer than 20 employees in the previous calendar year are not subject to federal COBRA.⁶ However, many states have laws similar to COBRA, including those that apply to health insurers of employers with less than 20 employees (mini-COBRA). The Alternative Notice is required to be sent by issuers that offer group health insurance coverage subject to such continuation coverage requirements imposed by state law. The Alternative Notice must include the information described above and be provided to all qualified beneficiaries, not just covered employees, who have experienced a qualifying event at any time from April 1, 2021 through September 30, 2021, regardless of the type of qualifying event. The Department of Labor, in consultation with the Departments of the Treasury and Health and Human Services, is required to consult with

administrators of the group health plan and other stakeholders, to provide rules requiring the provision of such notice and a model notice. The Department has engaged in such consultations through meetings with administrators of group health plans and other stakeholders prior to the issuance of this notice and the model notices.

Continuation coverage requirements vary among states. Thus, the Department crafted a single version of this notice that should be modified to reflect the requirements of the applicable State law. Issuers of group health insurance coverage subject to this notice requirement may also use the model Alternative Notice.

III. For Additional Information

For additional information about ARP’s COBRA premium assistance provisions, contact the Department’s Employee Benefits Security Administration’s Benefits Advisors at askebsa.dol.gov or 1–866–444–3272. In addition, the Employee Benefits Security Administration has developed a dedicated COBRA web page <https://www.dol.gov/cobra-subsidy> that will contain information on the program as it is developed. Subscribe to this page to get up-to-date fact sheets, FAQs, model notices, and applications.

IV. Paperwork Reduction Act Statement

According to the Paperwork Reduction Act of 1995 (Pub. L. 104–13) (PRA), no persons are required to respond to a collection of information unless such collection displays a valid Office of Management and Budget (OMB) control number. The Department

notes that a Federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA, and displays a currently valid OMB control number, and the public is not required to respond to a collection of information unless it displays a currently valid OMB control number. See 44 U.S.C. 3507.

Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if the collection of information does not display a currently valid OMB control number. See 44 U.S.C. 3512.

Interested parties are encouraged to send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Office of Regulations and Interpretations, Attention: PRA Clearance Officer, 200 Constitution Avenue NW, Room N–5718, Washington, DC 20210 or email ebbsa.opr@dol.gov and reference the OMB Control Number 1210–XXXX.

The public reporting burden for this collection of information is shown in the following table.

V. Models

Model notices are available in modifiable, electronic form on its website: <https://www.dol.gov/cobra-subsidy>.

VI. Statutory Authority

Authority: 29 U.S.C. 1027, 1059, 1135, 1161–1169, 1191c; Pub. L. 117–2 (2021) sec. 9501; and Secretary of Labor’s Order No. 1–2003, 68 FR 5374 (Feb. 3, 2003).

Notice type	Estimated average time
General Notice	Minimal additional burden as already covered under OMB Control Number 1210–0123.
Notice in Connection with Extended Election Periods	1 minute per response.
Alternative Notice	2 minutes per response.
Notice of Expiration of Premium Assistance	1 minute per response.

Signed at Washington, DC, this 7th day of April, 2021.

Ali Khawar,

Acting Assistant Secretary, Employee Benefits Security Administration.

BILLING CODE P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA–2013–0030]

IAPMO Ventures, LLC dba IAPMO EGS: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision on the application of IAPMO Ventures, LLC dba IAPMO EGS for expansion of its scope of recognition as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on April 12, 2021.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

⁶ 26 CFR 54.4980B–2.

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, phone: (202) 693-1999 or email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, OSHA Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, U.S. Department of Labor, phone: (202) 693-2110 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of IAPMO Ventures, LLC dba IAPMO EGS (IAPMO) as a NRTL. IAPMO’s expansion covers the addition of six test standards to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition, and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in

Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including IAPMO, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

IAPMO submitted two applications to OSHA to expand their NRTL recognition. The first application to add one standard to the NRTL scope of recognition was received on September 29, 2019 (OSHA-2010-0030-0014), and this application was amended on November 25, 2020 (OSHA-2010-0030-0015), to add five additional standards. The applications would add six additional test standards to the NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packets and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to these applications.

OSHA published the preliminary notice announcing IAPMO’s expansion applications in the **Federal Register** on February 23, 2021 (86 FR 11002). The agency requested comments by March 10, 2021, but no comments were received in response to this notice.

OSHA is now proceeding with this final notice to grant expansion of IAPMO’s NRTL scope of recognition.

To obtain or review copies of all public documents pertaining to IAPMO’s application, go to <http://www.regulations.gov> or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N-3653, Washington, DC 20210. Docket No. OSHA-2013-0030 contains all materials in the record concerning IAPMO’s recognition. Please note: While OSHA’s Docket Office is continuing to accept and process submissions by regular mail, due to the COVID-19 pandemic, the Docket Office is closed to the public and not able to receive submissions to the docket by hand, express mail, messenger, and courier service.

II. Final Decision and Order

OSHA staff examined IAPMO’s expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that IAPMO meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant IAPMO’s scope of recognition. OSHA limits the expansion of IAPMO’s recognition to testing and certification of products for demonstration of conformance to the test standards listed in Table 1 below.

TABLE 1—LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN IAPMO’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 197	Standard for Commercial Electric Cooking Appliances.
UL 962	Standard for Household and Commercial Furnishings.
UL 676	Standard for Underwater Luminaires and Submersible Junction Boxes.
UL 73	Standard for Safety Motor-Operated Appliances.
UL 763	Standard for Commercial Safety for Motor-Operated Commercial Food Preparing Machines.
UL 399	Drinking Water Coolers.

OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL’s scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American

National Standards. However, for convenience, OSHA may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program’s policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, IAPMO must abide by the following conditions of the recognition:

1. IAPMO must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. IAPMO must meet all the terms of its recognition and comply with all

OSHA policies pertaining to this recognition; and

3. IAPMO must continue to meet the requirements for recognition, including all previously published conditions on IAPMO's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of IAPMO, subject to the limitation and conditions specified above.

III. Authority and Signature

James S. Frederick, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to Section 29 U.S.C. 655(6)(d), Secretary of Labor's Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1905.11.

Signed at Washington, DC, on April 5, 2021.

James S. Frederick,

Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 7555–01–P

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Seek Approval To Establish an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request approval for the collection of research and development data through the Directorate of Computer and Information Science and Engineering (CISE) Research Experience for Undergraduates (REU) Past Participant Survey. In accordance with the requirement of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by June 11, 2021 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: CISE REU Past Participant Survey—2021 Impact of REU Participation on Career Pathways.

OMB Approval Number: 3145–NEW.

Expiration Date of Current Approval: Not applicable.

Type of Request: Intent to establish an information collection.

Abstract: Every year the National Science Foundation (NSF) funds hundreds of Research Experience for Undergraduates (REU) activities through its REU program. The Directorate of Computer and Information Science and Engineering (CISE) is seeking to evaluate the effectiveness of the CISE REU program.

REUs provide undergraduate students at US higher education institutions to work with a faculty on a research project. They can take the form of REU Sites or REU Supplements. REU Sites are based on independent proposals to initiate and conduct projects that engage a number of students in research, and
