§ 39.13 [Amended]

2. The FAA amends § 39.13 by adding the following new airworthiness directive:

(a) Effective Date

This airworthiness directive (AD) is effective March 2, 2022.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Stemme AG TSA–M Model S6 and S6–RT gliders, all serial numbers, certified in any category, with a propeller gearbox tooth belt marked “Synchroforce Carbon” installed.

(d) Subject

(e) Unsafe Condition

This AD was prompted by mandatory continuing airworthiness information (MCAI) issued by the aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as a new version of the propeller gearbox tooth belt with a reduced life limit. The FAA is issuing this AD to prevent a propeller gearbox tooth belt remaining in service beyond its fatigue life. The unsafe condition, if not addressed, could result in failure of the propeller gearbox tooth belt and reduced control of the glider.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

Before the propeller gearbox tooth belt accumulates 5 years since installation on a glider or within 30 days after the effective date of this AD, whichever occurs later, and thereafter at intervals not to exceed 5 years, remove the propeller gearbox tooth belt from service and install a propeller gearbox tooth belt with zero hours time-in-service.

(h) Alternative Methods of Compliance (AMOCs)

(1) The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (i)(1) of this AD and email to: 9-AVS-AIR-730-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/ certificate holding district office.

(i) Related Information

(1) For more information about this AD, contact Jim Rutherford, Aviation Safety Engineer, General Aviation & Rotorcraft Section, International Validation Branch, FAA, 901 Locust, Room 301, Kansas City, MO 64106; phone: (816) 329–4165; email: jim.rutherford@faa.gov. (2) Refer to European Union Aviation Safety Agency (EASA) AD 2020–0140, dated June 23, 2020, for more information. You may examine the EASA AD in the AD docket at https://www.regulations.gov by searching for and locating Docket No. FAA–2021–1010.

(j) Material Incorporated by Reference

None.

Issued on January 20, 2022.

Lance T. Gant,
Director, Compliance & Airworthiness Division, Aircraft Certification Service.

DEPARTMENT OF LABOR
Occupational Safety and Health Administration
29 CFR Part 1910
[Docket No. OSHA–2020–0007]
RIN 1218–AD42
COVID–19 Vaccination and Testing; Emergency Temporary Standard
AGENCY: Occupational Safety and Health Administration (OSHA), Labor.
ACTION: Interim final rule; withdrawal.

SUMMARY: OSHA is withdrawing the November 5, 2021, emergency temporary standard (ETS) which was issued to protect unvaccinated employees of large employers (100 or more employees) from the risk of contracting COVID–19 by strongly encouraging vaccination.

DATES: The withdrawal is effective January 26, 2022.

ADDRESSES: In accordance with 28 U.S.C. 2112(a), the agency designates Edmund C. Baird, Associate Solicitor of Labor for Occupational Safety and Health, Office of the Solicitor, U.S. Department of Labor, to receive petitions for review of this agency action. Service can be accomplished by email to zzSOL-Covid19-ETS@dol.gov.

FOR FURTHER INFORMATION CONTACT:
General information and press inquiries: Contact Frank Meilinger, Director, Office of Communications, U.S. Department of Labor; telephone (202) 693–1999; email meilinger.francis2@dol.gov.
For technical inquiries: Contact Andrew Levinson, Directorate of Standards and Guidance, U.S. Department of Labor; telephone (202) 693–1950.

SUPPLEMENTARY INFORMATION:

I. Background and Rationale for Withdrawal

On November 5, 2021, OSHA adopted an emergency temporary standard (the Vaccination and Testing ETS), under sections 4, 6(c), and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655(c), 657), to protect unvaccinated employees of large employers (100 or more employees) from the risk of contracting COVID–19 by strongly encouraging vaccination (86 FR 61402). The Vaccination and Testing ETS required covered employers to develop, implement, and enforce a mandatory COVID–19 vaccination policy, with an exception for employers that instead adopted a policy requiring employees to either get vaccinated or elect to undergo regular COVID–19 testing and wear a face covering at work in lieu of vaccination. That ETS also serves as a “proposed rule” for a “proceeding” to promulgate an occupational safety or health standard. 29 U.S.C. 655(c)(3); see 29 U.S.C. 655(b).

On January 13, 2022, the U.S. Supreme Court stayed the Vaccination and Testing ETS, finding that challengers were likely to prevail on their claims. Nat’l Fed’n of Indep. Bus. v. Dep’t of Labor, 595 U.S. , (2022) (per curium) (slip op. at 5, 9). After evaluating the Court’s decision, OSHA is withdrawing the Vaccination and Testing ETS as an enforceable emergency temporary standard. To the extent that this withdrawal is not already generally exempt from the notice and comment requirements of the Administrative Procedure Act and the OSH Act, OSHA finds good cause that the opportunity for public comment on this withdrawal is impracticable, unnecessary, and contrary to the public interest within the meaning of 5 U.S.C. 553(d)(1), (3).

Although OSHA is withdrawing the Vaccination and Testing ETS as an enforceable emergency temporary standard, OSHA is not withdrawing the ETS to the extent that it serves as a proposed rule under section 6(c)(3) of the Act, and this action does not affect the ETS’s status as a proposal under section 6(b) of the Act or otherwise
affect the status of the notice-and-comment rulemaking commenced by the Vaccination and Testing ETS. See 29 U.S.C. 655(c)(3).

Notwithstanding the withdrawal of the Vaccination and Testing ETS, OSHA continues to strongly encourage the vaccination of workers against the continuing dangers posed by COVID–19 in the workplace.

II. Minor Revisions to § 1910.504 and § 1910.509

OSHA has removed the reference to § 1910.501 from the introductory text of the Mini Respiratory Protection requirements in § 1910.504 because the former section is now removed. The Mini Respiratory Protection Program section is retained, however, because it remains a requirement for respirator use under § 1910.502(f)(4). Similarly, OSHA has revised the incorporation-by-reference list in § 1910.509 by removing the reference to § 1910.501(h) from § 1910.509(b)(5), as the incorporation by reference list now pertains only to documents incorporated by reference in § 1910.502.

Because these minor revisions do not make any substantive change to the duties of employers, OSHA finds good cause that the opportunity for public comment on these revisions is unnecessary within the meaning of 5 U.S.C. 553(b)(B) and 29 U.S.C. 655(b). In addition, OSHA finds that public comment is impracticable in light of the need to provide clarity to the regulated community and to workers.

III. State Plans

The occupational safety and health programs run by the 28 States and U.S. territories with their own OSHA-approved occupational safety and health plans (State Plans) must be at least as effective as Federal OSHA’s program. This includes a requirement that, when Federal OSHA makes a program change that renders its program more effective, the State Plan must timely adopt a corresponding change in order to maintain a safety and health program that is at least as effective as Federal OSHA (29 CFR 1902.32(e); 29 CFR 1902.44(a)). However, where, as here, the Federal program change does not impose any new requirements or otherwise render the Federal program more effective, State Plans are not required to take any action.

List of Subjects in 29 CFR Part 1910

Authority and Signature

Douglas L. Parker, Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this document pursuant to the following authorities: Sections 4, 6, and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657); Secretary of Labor’s Order 8–2020 (85 FR 58393 (Sept. 18, 2020)); 29 CFR part 1911; and 5 U.S.C. 553.

Signed at Washington, DC, on January 21, 2022.

Douglas L. Parker,
Assistant Secretary of Labor for Occupational Safety and Health.

For the reasons set forth in the preamble, part 1910 of title 29 of the Code of Federal Regulations is amended as follows:

PART 1910—OCCUPATIONAL SAFETY AND HEALTH STANDARDS

Subpart U—COVID–19

1. The authority citation for subpart U continues to read as follows:

Authority: 29 U.S.C. 653, 655, and 657; Secretary of Labor’s Order No. 8–2020 (85 FR 58393); 29 CFR part 1911; and 5 U.S.C. 553.

§ 1910.501 [Removed and Reserved]

2. Remove and reserve § 1910.501

3. Amend § 1910.504 by revising paragraph (a) to read as follows:

§ 1910.504 Mini Respiratory Protection Program.

(a) Scope and application. This section applies only to respirator use in accordance with § 1910.502(f)(4).

* * * * *

4. Amend § 1910.509 by revising paragraph (b)(5) to read as follows:

§ 1910.509 Incorporation by reference.

* * * * *

(b) * * *

* * * * *
