

### III. Preliminary Findings on the Application

MET submitted an acceptable application for expansion of the scope of recognition. OSHA's review of the application file, and pertinent documentation, indicate that MET has met the requirements prescribed by 29 CFR 1910.7 for expanding the recognition to include the addition of the one test standard for NRTL testing and certification listed in Table 1. This preliminary finding does not constitute an interim or temporary approval of MET's application.

OSHA welcomes public comment as to whether MET meets the requirements of 29 CFR 1910.7 for expansion of the recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office. These materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2006-0028.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary for Occupational Safety and Health whether to grant MET's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

### IV. Authority and Signature

Douglas L. Parker, Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8-2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on January 20, 2022.

### SUPPLEMENTARY INFORMATION:

#### I. Notice of Final Decision

OSHA hereby gives notice that it is granting the renewal of recognition of QPS Evaluation Services, Inc. (QPS) as a NRTL under 29 CFR 1910.7.

OSHA recognition of a NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification. OSHA maintains an informational web page for

each NRTL that details the scope of recognition available at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

OSHA processes applications submitted by an NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, App. A II.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA between nine months and one year before the expiration date of the current recognition. A renewal request includes a request for renewal and any additional information demonstrating their continued compliance with the terms of the recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL headquarters and any key sites within the past 18 to 24 months, it will schedule the necessary on-site assessment prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces the preliminary decision to grant or deny renewal in the **Federal Register** and solicits comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

QPS initially received OSHA recognition as a NRTL on March 2, 2011 (76 FR 11518). QPS's most recent renewal was granted on April 25, 2016, for a five-year period ending on April 25, 2021 (81 FR 24133). QPS submitted its request for renewal in July, 2019 (OSHA-2010-0046-0016). While OSHA should have rejected the renewal request because it was submitted more than one year before the expiration of QPS's current recognition (see above discussion), OSHA failed to do so and instead accepted the request. Because OSHA accepted the request rather than rejecting it, OSHA is processing the renewal request even though it was filed outside the time period permitted by 29 CFR 1910.7 Appendix A.

The renewal application was amended on August 25, 2021 (OSHA-2010-0046-0017) to indicate that a change in company ownership had occurred after QPS submitted the original renewal application. Through communications with QPS, OSHA confirmed that QPS's acquisition by another company was the only material change that occurred after QPS submitted its initial renewal application.

QPS retains its recognition pending OSHA's final decision in this renewal process. The current address of the QPS facility recognized by OSHA and included as part of the renewal request is: QPS Evaluation Services, Inc., 81 Kelfield Street, Unit 8, Toronto, Ontario M9W 5A3 Canada.

OSHA evaluated QPS's application for renewal and made a preliminary determination that QPS can continue to meet the requirements prescribed by 29 CFR 1910.7 for recognition.

OSHA published the preliminary notice announcing QPS's renewal application in the **Federal Register** on December 15, 2021 (86 FR 71284). The agency requested comments by December 30, 2021, and received no comments in response to this notice. OSHA is now proceeding with this final notice to renew QPS's NRTL recognition.

To obtain or review copies of the publicly available information in QPS's application and other pertinent documents (including exhibits), as well as all submitted comments, contact the Docket Office, Room N-3653, Occupational Safety and Health Administration, U.S. Department of Labor; these materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2010-0046. Please note: Due to the COVID-19 pandemic, the Docket Office is closed to the public at this time but can be contacted at (202) 693-2350.

## II. Final Decision and Order

OSHA hereby gives notice of the renewal of recognition of QPS as a NRTL. OSHA examined QPS's renewal application and all pertinent information related to QPS's request for renewal of NRTL recognition. Based on this review of the renewal request and other pertinent information, OSHA finds that QPS meets the requirements of 29 CFR 1910.7 for renewal of recognition as a NRTL, subject to the specified limitation and conditions. OSHA limits the renewal of QPS's recognition to include the terms and conditions of QPS's recognition found in 81 FR 24133. The NRTL scope of recognition for QPS is also available on the OSHA website at: <https://www.osha.gov/dts/otpca/nrtl/qps.html>. This renewal extends QPS's recognition as a NRTL for a period of five years from January 26, 2022.

### A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, QPS must abide by the following conditions of recognition:

1. QPS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in their operations as a NRTL, and provide details of the change(s);

2. QPS must meet all the terms of their recognition and comply with all OSHA policies pertaining to this recognition; and

3. QPS must continue to meet the requirements for recognition, including all previously published conditions on QPS's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby renews the recognition of QPS as a NRTL.

## III. Authority and Signature

Douglas L. Parker, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8-2020 (85 FR 58393, September 18, 2020), and 29 CFR 1910.7.
