SUPPLEMENTARY INFORMATION:

I. Background

NACOSH was established by Section 7(a) of the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651, 656) to advise, consult with, and make recommendations to the Secretary of Labor and the Secretary of Health and Human Services on matters relating to the administration of the OSH Act. NACOSH is a continuing advisory committee of indefinite duration.

NACOSH operates in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), its implementing regulations (41 CFR part 102-3), and OSHA's regulations on NACOSH (29 CFR 1912.5 and 29 CFR part 1912a).

The establishment of subcommittees and subgroups, such as the NACOSH Heat Injury and Illness Prevention Work Group, is contemplated by both the FACA's implementing regulations and OSHA's regulations on NACOSH (see, e.g., 41 CFR 102-3.135; 29 CFR 1912a.13). The NACOSH Work Group will operate in accordance with the FACA and these regulations.

II. Meeting Information

NACOSH meeting: Attendance at the NACOSH meeting will be by teleconference and WebEx only. The teleconference dial-in number and passcode are as follows: Dial-in number: 1-800-779-1534; Passcode: 2969166 and the WebEx link is: <https://usdolee.webex.com/usdolee/onstage/g.php?MTID=e166e7a8eecd74858afbb6afca6a8d00a> and the meeting password is: Welcome!24. The tentative agenda will include agency updates from OSHA and the National Institute for Occupational Safety and Health (NIOSH), a discussion of OSHA's work

on heat illness prevention, and a discussion on risk-based safety.

NACOSH Work Group Meeting: The NACOSH Heat Injury and Illness Prevention Work Group will also be by teleconference and WebEx only and is open to the public. Members of the public will be able to observe and will be kept in listen-only mode. The teleconference dial-in number and passcode are as follows: Dial-in number: 1-800-779-8290; Passcode: 8130648 and the WebEx link is: <https://usdolee.webex.com/usdolee/onstage/g.php?MTID=e9dbec080b62061cecf30e01d32135c2e> and the meeting password is: Welcome!24.

The Work Group was established to help NACOSH respond to OSHA's request to provide recommendations on the agency's heat injury and illness prevention guidance and rulemaking activities. The Work Group will evaluate OSHA's heat illness and prevention guidance materials, develop recommendations for guidance materials, evaluate stakeholder input, and develop recommendations on potential elements of a proposed heat injury and illness prevention standard. It will then present its written findings and proposed recommendations to the full NACOSH committee for consideration. After deliberations, NACOSH will submit its recommendations to the Secretary of Labor.

Authority and Signature

Douglas L. Parker, Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice under the authority granted by 29 U.S.C. 655(b)(1) and 656(b), 5 U.S.C. app. 2, 29 CFR parts 1912 and 1912a, and Secretary of Labor's Order No. 8-2020 (85 FR 58393).

Signed at Washington, DC, on January 24, 2022.

Douglas L. Parker,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

LEGAL SERVICES CORPORATION

2022 LSC Technology Initiative Grant Funding Notice

AGENCY: Legal Services Corporation (LSC).

ACTION: Notice.

SUMMARY: The Legal Services Corporation issues this Notice describing the conditions for submitting

a Pre-Application for 2022 Technology Initiative Grants.

DATES: Pre-Applications must be submitted by 11:59 p.m. EST on Friday, March 18, 2021.

ADDRESSES: Pre-Applications must be submitted electronically to <https://grantease.lsc.gov/>.

FOR FURTHER INFORMATION CONTACT: David Bonebrake, Program Counsel, Office of Program Performance, Legal Services Corporation, 3333 K Street NW, Washington, DC 20007; (202) 295-1547 or dbonebrake@lsc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

Since 2000, Congress has provided an annual appropriation to LSC to award special funding for client self-help and information technology projects. LSC's Technology Initiative Grant (TIG) program funds technology tools that help achieve LSC's goal of increasing the quantity and quality of legal services available to eligible persons. Projects funded under the TIG program develop, test, and replicate innovative technologies that can enable grant recipients and state justice communities to improve low-income persons' access to high-quality legal assistance through an integrated and well-managed technology system. The TIG program also supports effective technology planning and management at LSC-funded organizations through the use of targeted assessment grants focused on improvements to technology systems and information security.

II. Funding Opportunities Information

A. Eligible Applicants

To be eligible for Technology Initiative Grants, applicants must be current grantees of LSC Basic Field-General, Basic Field-Migrant, or Basic Field-Native American grants. In addition, applicants must receive basic field funding of at least a one-year term, be up to date on reporting on any existing TIG-funded projects, and not have had a previous TIG terminated in the past three years for reporting or other performance issues.

B. Technology Initiative Grant Purpose and Key Goals

Since LSC's TIG program was established in 2000, LSC has made over 826 grants totaling over \$77 million. This grant program encourages organizations to use technology in innovative ways to:

1. Effectively and efficiently provide high-quality legal assistance to low-income persons and to promote access

to the judicial system through legal information, advice, and representation.

2. Improve service delivery, quality of legal work, and management and administration of grantees.

3. Develop, test, and replicate innovative strategies that can enable grantees and state justice communities to improve clients' access to high-quality legal assistance.

C. Funding Categories

1. General Technology Initiative Grants

Projects in this category (1) implement new or innovative approaches for using technology in legal services delivery; (2) enhance the effectiveness and efficiency of existing technologies so that they may be better used to increase the quality and quantity of services to clients; or (3) replicate, adapt, or provide added value to the work of prior technology projects. This includes, but is not limited to, the implementation and improvement of tested methodologies and technologies from previous TIG projects. We also encourage replication of proven technologies from non-LSC funded legal aid organizations as well as sectors outside the legal aid community.

LSC recommends a minimum amount for funding requests in this category of \$40,000, but projects with lower budgets will be considered. There is no maximum amount for TIG funding requests that are within the total appropriation for TIG. All applicants in this category must submit a pre-application according to the process and requirements outlined in this notice.

2. Technology Improvement Projects

LSC recognizes that grantees need sufficient technology infrastructure in place before they can take on a more innovative TIG project, and this grant category is for applicants that need to improve their basic technology infrastructure or their information security posture. The maximum funding amount for this category is \$35,000.

Please note that Technology Improvement Projects do not require a pre-application. LSC will open the application system and provide guidance for this project category by April 15, 2022. The application deadline for Technology Improvement Projects is May 20, 2022.

D. Available Funds for 2022 Grants

The availability of funds for Technology Initiative Grants for FY2022 depends on LSC's appropriation. LSC is currently operating under a Continuing Resolution for FY2022, which funds the federal government through February
