**SUPPLEMENTARY INFORMATION:** The No Surprises Act, which Congress enacted as part of the Consolidated Appropriations Act, 2021, amended section 2719A of the Public Health Service Act (the PHS Act) to specify in new subsection (e) that section 2719A shall not apply with respect to plan years beginning on or after January 1, 2022. The No Surprises Act expanded the patient protections related to emergency services to provide additional protections. In addition, the No Surprises Act added section 2799A-7 of the PHS Act, which contains the patient protections regarding choice of health care professional from section 2719A of the PHS Act. These provisions mirror those currently applicable under section 2719A of the PHS Act (minus the emergency services protections). In addition, the patient protections under the No Surprises Act apply generally to all group health plans and health insurance coverage, including grandfathered health plans. The Patient Protection Notice is used by health plan sponsors and issuers to notify certain individuals of their right to (1) choose a primary care provider or a pediatrician when a plan or issuer requires participants or subscribers to designate a primary care physician; or (2) obtain obstetrical or gynecological care without prior authorization.
