BILLING CODE 4410–15–P

DEPARTMENT OF JUSTICE

[OMB Number 1121–0259]

Agency Information Collection Activities; Proposed eCollection eComments Requested; Reinstatement Without Change of a Previously Approved Collection

AGENCY: Office of Justice Programs, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The Department of Justice, Office of Justice Programs, Bureau of Justice Assistance is submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: The Department of Justice encourages public comment and will accept input until July 6, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Assistance, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the

information to be collected can be enhanced; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* reinstatement without change of a previously approved collection.

2. *The Title of the Form/Collection:* Public Safety Officer Medal of Valor (Pub. L. 107–12).

3. *The agency form number:* There is no form number associated with this information collection. The nomination process is managed through the internet, using the Office of Justice Programs’ (OJP) Public Safety Officer Medal of Valor (MOV) online nomination system at: <https://bja.ojp.gov/program/medalofvalor>.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* The information that is being collected is solicited from federal, state, local and tribal public safety agencies, who wish to nominate their personnel to receive the Public Safety Officer Medal of Valor (MOV). This information is provided on a voluntary basis, includes agency and nominee information along with details about the events for which the nominees are to be considered when determining who will be recommended to receive the MOV.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The recordkeeping and reporting requirements established by the PREA standards are based on incidents of sexual abuse. An estimated 13,119 covered facilities nationwide are required to comply with the PREA standards. If all covered facilities were to fully comply with all of the PREA standards, the new burden hours associated with the staff time that would be required to collect and maintain the information and records required by the standards would be approximately 1.16 million in the first year of full compliance, or about 89 hours per facility.

6. *An estimate of the total public burden (in hours) associated with the collection:* Base upon the average number of submissions over the referenced two-year period, and the estimated time required to complete

each submission, the estimated annual public burden would be 56.45 hours.

a. $135.5 \times 25 \text{ minutes} = 3,387.5 \text{ minutes}/60 = 56.45 \text{ hours}$.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The National Longitudinal Survey of Youth 1979 (NLSY79) is a representative national sample of persons who were born in the years 1957 to 1964 and lived in the U.S. in 1978. These respondents

were ages 14 to 22 when the first round of interviews began in 1979; they were ages 57 to 64 as of December 31, 2021. The NLSY79 was conducted annually from 1979 to 1994 and has been conducted biennially since 1994. The longitudinal focus of this survey requires information to be collected from the same individuals over many years in order to trace their education, training, work experience, fertility, income, and program participation.

In addition to the main NLSY79, the biological children of female NLSY79 respondents have been surveyed since 1986. A battery of child cognitive, socio-emotional, and physiological assessments was administered biennially from 1986 until 2012 to NLSY79 mothers and their children. Starting in 1994, children who had reached age 15 by December 31 of the survey year (the Young Adults) were interviewed about their work experiences, training, schooling, health, fertility, self-esteem, and other topics. Funding for the NLSY79 Child and Young Adult surveys has been provided by the Eunice Kennedy Shriver National Institute of Child Health and Human Development through an interagency agreement with the BLS and through a grant awarded to researchers at the Ohio State University Center for Human Resource Research. The collection referenced in this notice does not include a collection of the NLSY79 Child and Young Adult surveys, but additional collections may be contemplated in the future.

One of the goals of the Department of Labor is to produce and disseminate timely, accurate, and relevant information about the U.S. labor force. The BLS contributes to this goal by gathering information about the labor force and labor market and disseminating it to policymakers and the public so that participants in those markets can make more informed, and thus more efficient, choices. Research based on the NLSY79 contributes to the formation of national policy in the areas of education, training, employment programs, school-to-work transitions, and preparations for retirement. In addition to the reports that the BLS produces based on data from the NLSY79, members of the academic community publish articles and reports based on NLSY79 data for the DOL and other funding agencies. To date, more than 2,750 articles examining NLSY79 data have been published in scholarly journals. The survey design provides data gathered from the same respondents over time to form the only data set that contains this type of information for this important
