DEPARTMENT OF LABOR

Agency Information Collection Activities; The 1,2-Dibromo-3-Chloropropane Standard

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety & Health Administration (OSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before August 25, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Nicole Bouchet by telephone at 202–693–0213, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The standard requires employers to train workers about the hazards of 1,2-Dibromo-3-Chloropropane (DBCP), to monitor worker exposure, to provide medical surveillance, and maintain

accurate records of worker exposure to DBCP. These records will be used by employers, workers, physicians and the Government to ensure that workers are not harmed by exposure to DBCP in the workplace. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 20, 2022 (87 FR 31000).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL–OSHA.

Title of Collection: The 1,2-Dibromo-3-Chloropropane Standard.

OMB Control Number: 1218–0101.

Affected Public: Private Sector—Businesses or other for-profits.

Total Estimated Number of Respondents: 1.

Total Estimated Number of Responses: 1.

Total Estimated Annual Time Burden: 1 hour.

Total Estimated Annual Other Costs Burden: \$0.

(Authority: 44 U.S.C. 3507(a)(1)(D))

MILLENNIUM CHALLENGE CORPORATION

[MCC FR 22–09]

Notice of Entering Into a Compact With the Democratic Republic of Timor-Leste

AGENCY: Millennium Challenge Corporation.

ACTION: Notice.

SUMMARY: In accordance with the provisions of the Millennium Challenge

Act of 2003, as amended, the Millennium Challenge Corporation (MCC) is publishing a summary of the Millennium Challenge Compact (Compact) between the United States of America, acting through MCC, and the Democratic Republic of Timor-Leste (Timor-Leste). Representatives of MCC and Timor-Leste signed the Compact on July 19, 2022. The complete text of the Compact has been posted at: <https://assets.mcc.gov/content/uploads/compact-timor-leste.pdf>.

(Authority: 22 U.S.C. 7709(b)(3))

Dated: July 21, 2022.

Thomas G. Hohenthaler,
Acting VP/General Counsel and Corporate Secretary.

Summary of Timor-Leste Compact

Overview of the MCC Timor-Leste Compact

MCC’s five-year Compact with the Democratic Republic of Timor-Leste in the amount of \$420 million aims to reduce poverty through economic growth. The Compact seeks to assist Timor-Leste in addressing the human capital constraint to economic growth through two primary projects: the Water, Sanitation, and Drainage (“WSD”) Project and the Teaching and Leading the Next generation of Timorese (“TALENT”) Project.

Project Summaries

The projects and activities to be completed are:

1. Water, Sanitation, and Drainage Project

The primary objective of the WSD Project is to reduce fecal pathogens in piped and stored drinking water and groundwater. The project aims to mitigate exposure to sanitary waste and pathogens in water, households, and the environment through investments in infrastructure, policy and institutional reform, and social and behavior change. The project will focus its interventions in the capital city of Dili and four nearby municipalities (Aileu, Ermera, Liquica, and Manatuto). Specifically, the WSD Project will support the following activities:

- *Activity 1: Water Disinfection.* This activity will supply disinfected water to Dili and the four municipalities of Timor-Leste through the design and construction of an onsite sodium hypochlorite generation plant.

- *Activity 2: Sanitation.* This activity includes the design and construction of a new wastewater treatment plant, an ocean outfall, wastewater collection systems, and wastewater connections to households and businesses.
