V. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 8–2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on August 5, 2022.

James S. Frederick,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.

Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor; telephone (202) 693–1999 or email meilinger.francis@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor; telephone (202) 693–2110 or email robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of FM Approvals LLC (FM) as a NRTL. FM’s expansion covers the addition of other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing FM’s expansion application in the Federal Register on June 17, 2022 (87 FR 36542). The agency requested comments by July 5, 2022, but it received no comments in response to this notice. OSHA is now proceeding with this final grant of expansion of FM’s NRTL recognition.

To obtain or review copies of all public documents pertaining to the FM’s application, go to http://www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. Docket No. OSHA–2007–0041 contains all materials in the record concerning FM’s recognition. Please note: Due to the COVID–19 pandemic, the Docket Office is closed to the public at this time but can be contacted at (202) 693–2350.

II. Final Decision and Order

OSHA staff examined FM’s expansion application, its capability to meet the requirements of the test standard, and other pertinent information. Based on its review of this evidence, OSHA finds that FM meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitations and conditions listed in this notice. OSHA, therefore, is proceeding with this final notice to grant FM’s expanded scope of recognition. OSHA limits the expansion of FM’s recognition to testing and certification of products for demonstration of conformance to the test standard listed below in Table 1.
OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL’s scope of recognition does not include these products.

A. Conditions

Recognition is contingent on continued compliance with 29 CFR 1910.7, including, but not limited to, abiding by the following conditions of the recognition:

1. FM must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);

2. FM must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. FM must continue to meet the requirements for recognition, including all previously published conditions on FM’s scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition for FM as a NRTL, subject to the limitations and conditions specified above.

III. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to Section 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on August 5, 2022.

James S. Frederick,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition for Eurofins Electrical and Electronic Testing NA, Inc. a/k/a MET Laboratories, Inc., as a Nationally Recognized Testing Laboratory (NRTL).

OSHA recognition of a NRTL signifies that the organization meets the requirements specified by 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification of the products.

The agency processes applications by a NRTL for initial recognition, or for expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding and, in the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL that details the scope of recognition. These pages are available from the agency’s website at http://www.osha.gov/dts/otpca/nrtl/index.html.

MET submitted an application, dated November 1, 2021 (OSHA–2006–0028–0089), to expand the recognition to include one additional test standard. The standard requested in the expansion application is a replacement standard for ISA 12.12.01, which is currently included in MET’s NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packets and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to the application.

OSHA published the preliminary notice announcing MET’s expansion application in the Federal Register on June 17, 2022 (87 FR 36541). The agency requested comments by July 5, 2022, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of MET’s scope of recognition.

To obtain or view copies of all public documents pertaining to MET’s application, go to http://www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210–0001.
