DEPARTMENT OF LABOR

Bureau of Labor Statistics

Technical Advisory Committee; Notice of Meeting and Agenda

The Bureau of Labor Statistics Technical Advisory Committee will meet on Thursday, November 17, 2022. This meeting will be held virtually from 9:00 a.m. to 3:00 p.m. EST.

The Committee presents advice and makes recommendations to the Bureau of Labor Statistics (BLS) on technical aspects of data collection and the formulation of economic measures and makes recommendations on areas of research. The BLS presents issues and then draws on the expertise of Committee members representing specialized fields within the academic disciplines of economics, statistics, data science, and survey design.

The schedule and agenda for the meeting are as follows:

9:00 a.m.—Commissioner’s Welcome and Review of Agency Developments
9:30 a.m.—CPS Work Schedules and Work at Home Supplement
11:00 a.m.—Improved Methods to Increase CFOI Publishability
1:30 p.m.—Improved Hedonic Methods for Televisions and Wireless Phone Service Using Blended Survey and Non-Survey Data
3:00 p.m.—Approximate Conclusion

The meeting is open to the public. Any questions concerning the meeting should be directed to Sarah Dale, Bureau of Labor Statistics Technical Advisory Committee, at BLSTAC@bls.gov. Individuals planning to attend the meeting should register at blstac.eventbrite.com. Individuals who require special accommodations should contact Ms. Dale at least two days prior to the meeting date.

Signed at Washington, DC, this 13th day of October 2022.

Eric Molina,
Acting Chief, Division of Management Systems.

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA—2021–0010]

Federal Advisory Council on Occupational Safety and Health (FACOSH); Notice of Meeting

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice of FACOSH meeting.

SUMMARY: The Federal Advisory Committee on Occupational Safety and Health (FACOSH) will meet November 17, 2022. The FACOSH meeting will be from 1 p.m.—4 p.m. ET, Thursday, November 17, 2022.

ADDITIONAL INFORMATION:

Public attendance at the FACOSH meeting is open to the public. Members of the public may attend the FACOSH meeting. However, any participation by the public will be in listen-only mode.

FOR FURTHER INFORMATION CONTACT:

Press inquiries: Mr. Frank Meilinger, Director, OSHA Office of Communications; telephone: (202) 693–1999; email: meilinger.francis@osha.gov.

General information: Ms. Mikki Holmes, Director, OSHA Office of Federal Agency Programs; telephone (202) 693–2122; email: ofap@dol.gov.

Copies of this Federal Register document: Electronic copies of this Federal Register document are available at http://www.regulations.gov. This document, as well as news releases and other relevant information are also available on the OSHA web page at http://www.osha.gov.

I. Background

FACOSH is authorized to advise the Secretary of Labor (Secretary) on all matters relating to the occupational safety and health of Federal employees (Occupational Safety and Health Act of 1970 (29 U.S.C. 668), 5 U.S.C. 7902, Executive Orders 12196 and 14048). This includes providing advice on how to reduce and keep to a minimum the number of injuries and illnesses in the Federal workforce and how to encourage the establishment and maintenance of effective occupational safety and health programs in each Federal agency.

II. Meeting Information

FACOSH Meeting

FACOSH will meet from 1 p.m. to 4 p.m., ET, Thursday, November 17, 2022. The meeting is open to the public.

Meeting agenda: The tentative agenda for this meeting includes:

- Updates from OSHA Leadership
- OSHA’s Heat NEP to prevent heat at work and conduct programmed inspections
- Federal agencies responsibilities under 29 CFR part 1960

Public attendance at the FACOSH Committee meeting will be virtual only. Meeting information will be posted in the Docket (Docket No. OSHA—2021–0010) and on the FACOSH web page, https://www.osha.gov/advisorycommittee/facosh, prior to the meeting.
Authority and Signature
James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice under the authority granted by section 19 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 668), 5 U.S.C. 7902, the Federal Advisory Committee Act (5 U.S.C. app. 2), Executive Order 12196 and 14048, Secretary of Labor’s Order 08–2020, 29 CFR part 1960 (Basic Program Elements of for Federal Employee Occupational Safety and Health Programs), and 41 CFR part 102–3.

Signed at Washington, DC.
James S. Frederick,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.

NUCLEAR REGULATORY COMMISSION
[Docket No. 03033009; EA–2021–157; NRC–2022–0179]

Confirmatory Order Modifying License of Cammenga and Associates, LLC

AGENCY: Nuclear Regulatory Commission.

ACTION: Confirmatory order; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing a Confirmatory Order to Cammenga and Associates, LLC, as a result of a successful alternative dispute resolution mediation session. The commitments outlined in the Confirmatory Order were made as a part of a settlement agreement concerning apparent violations by Cammenga and Associates regarding the distribution of products containing byproduct material (hydrogen-3) without the required licensing authorization.

DATES: The Confirmatory Order became effective on October 6, 2022.

ADDRESSES: Please refer to Docket ID NRC–2022–0179 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:
  • Federal Rulemaking website: Go to https://www.regulations.gov and search for Docket ID NRC–2022–0179. Address questions about Docket IDs in Regulations.gov to Stacy Schumann; telephone: 301–415–0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the FURTHER INFORMATION CONTACT section of this document.
  • NRC’s Agencywide Documents Access and Management System (ADAMS): You may obtain publicly available documents online in the ADAMS Public Documents collection at https://www.nrc.gov/reading-rm/adams.html. To begin the search, select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to PDR.Resource@nrc.gov. The Confirmatory Order modifying license of Cammenga and Associates, LLC, is available in ADAMS under Accession No. ML22278A182.
  • NRC’s PDR: You may examine and purchase copies of public documents, by appointment, at the NRC’s PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8:00 a.m. and 4:00 p.m. Eastern Time (ET), Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The text of the order is attached.

Dated: October 14, 2022.
For the Nuclear Regulatory Commission.
Dori Willis,
Acting Director, Office of Enforcement.
Attachment—Confirmatory Order Modifying License of Cammenga and Associates, LLC

UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION
In the Matter of Cammenga and Associates, Inc. Dearborn, Michigan License Nos. 21–26460–03E
863530
Federal Register / Vol. 87, No. 201 / Wednesday, October 19, 2022 / Notices

Effective upon issuance

Cammenga and Associates, LLC, (Cammenga or Licensee) is the holder of Materials License No. 21–26460–03E and Sealed Source and Device Registration (SSD) Certificate No. NR–0210–D–101–E issued by the U.S. Nuclear Regulatory Commission (NRC) pursuant to Part 30 and 32 of Title 10 of the Code of Federal Regulations (10 CFR). The license authorizes Cammenga to distribute products containing byproduct material (tritium, hydrogen-3) to persons exempt from the regulations. For the products authorized under License No. 21–26460–03E, an SSD is required and is captured as a License Condition in the license. The SSD identifies the models that are authorized for distribution under the license.

I. The NRC conducted investigations in 2021 (Case No. 3–2021–008) related to apparent violations by Cammenga regarding the distribution of products containing byproduct material (hydrogen-3) without the required licensing authorization.

On March 17, 2022, the NRC issued a letter to Cammenga that detailed the results of the investigation and outlined two apparent violations. The first apparent violation involved Cammenga’s failure to limit its distribution of self-luminous products to the products authorized in its NRC License No. 21–26460–03E. The product was listed on a redistributor’s website as the Tritium Pry Bar. Specifically, between late 2020 and January 27, 2021, the licensee distributed to an unlicensed entity at least 25 Tritium Pry Bars that were not included in the products authorized in NRC License No. 21–26460–03E, in accordance with NRC SSD registration certificate No. NR–0210–D–101–E. The second apparent violation involved Cammenga’s failure to limit its distribution of self-luminous products to the products authorized in its NRC License No. 21–26460–03E, in accordance with NRC SSD registration certificate No. NR–0210–D–101–E.

The NRC determined that regarding the first violation identified in the March 17, 2022, letter, Cammenga’s actions were willful. Specifically, Cammenga distributed 25 products containing tritium, identified as the Tritium Pry Bar. The NRC’s determination of willfulness was not based on a finding that Cammenga deliberately intended to violate NRC requirements, but rather on Cammenga’s careless disregard in failing to pursue necessary actions to ensure Cammenga’s compliance. Willful violations are of significant concern to the NRC because the NRC’s regulatory programs rely upon the integrity of entities, applicants, and licensees without the required licensing authorization.

II. The Confirmatory Order became effective on October 6, 2022.

The Confirmatory Order is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on June 28, 2022.

III. The Confirmatory Order modifying license of Cammenga and Associates, LLC, is available in ADAMS under Accession No. ML22278A182. The NRC determined that regarding the first violation identified in the March 17, 2022, letter, Cammenga’s actions were willful. Specifically, Cammenga distributed 25 products containing tritium, identified as the Tritium Pry Bar. The NRC’s determination of willfulness was not based on a finding that Cammenga deliberately intended to violate NRC requirements, but rather on Cammenga’s careless disregard in failing to pursue necessary actions to ensure Cammenga’s compliance. Willful violations are of significant concern to the NRC because the NRC’s regulatory programs rely upon the integrity of entities, applicants, and licensees without the required licensing authorization.

The Confirmatory Order became effective on October 6, 2022.

The Confirmatory Order is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on June 28, 2022.

This Confirmatory Order is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on June 28, 2022.
