Section 166(i)(4) of the Workforce Innovation and Opportunity Act, 29 U.S.C. 3221(i)(4) requires the Secretary of Labor (Secretary) to establish and maintain the NAETC. The statute, as amended, requires the Secretary, to formally consult at least twice annually with the NAETC on the operation and administration of the WIOA Section 166 Indian and Native American Employment and Training programs. In addition, the NAETC advises the Secretary on matters that promote the employment and training needs of Indians and Native Americans, as well as to enhance the quality of life in accordance with the Indian Self-Determination and Education Assistance Act. The NAETC also provides guidance to the Secretary on how to make DOL discretionary funding and other special initiatives more accessible to federally recognized tribes, Alaska Native entities, and Native Hawaiian organizations.

Each NAETC member will be appointed for a two-year term. A vacancy occurring in the Council membership will be filled in the same manner as the original appointment. [Docket No. OSHA–2013–0016]

Nemko North America, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

DATES: The expansion of the scope of recognition becomes effective on July 19, 2023.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of Nemko North America, Inc. (NNA) as a NRTL. NNA requests the addition of eight test standards to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL’s scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes an application by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A, 29 CFR 1910.7. This appendix requires that the agency publish two notices in the Federal Register in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including NNA, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at http://www.osha.gov/dts/otpca/nrtl/index.html.

NNA submitted an application on October 14, 2020 (OSHA–2013–0016–0019), to expand the recognition to include ten additional test standards. This application was revised on January 18, 2022 to remove two standards from the original request. This expansion covers the remaining eight standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing NNA’s expansion application in the Federal Register on June 7, 2023 (88 FR 37286). The agency requested comments by June 22, 2023, but it received no comments in response to this notice. OSHA is now proceeding with this final grant of expansion to NNA’s NRTL scope of recognition.

Docket No. OSHA–2013–0016 contains all materials in the record concerning NNA’s recognition. To obtain or review copies of all public documents pertaining to NNA’s expansion application, go to http://www.regulations.gov. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693–2350 for assistance in locating docket submissions.

II. Final Decision and Order

OSHA staff examined NNA’s expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that NNA meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitations and conditions listed in this notice. OSHA, therefore, is proceeding with this final notice to grant NNA’s expanded scope of recognition. OSHA limits the expansion of NNA’s recognition to testing and certification of products for demonstration of conformance to the test standards listed below in Table 1.
