DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Claim for Consequential Illness Benefits Under the Energy Employees Occupational Illness Compensation Program Act

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Office of Workers’ Compensation Programs (OWCP)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before June 28, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michelle Neary by telephone at 202–693–6312, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: Form EE–1A, Claim for Consequential Illness Benefits Under the Energy Employees Occupational Illness Compensation Program Act, will be used to initiate claims for consequential illnesses under the Act. It requests information about the employee/claimant, the specific medical diagnoses that they claim as consequential illness(es), and previous awards or settlements received in connection with the claimed consequential illnesses. For additional substantive information about this ICR, see the related notice published in the Federal Register on February 14, 2024 (89 FR 11320).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

SUPPLEMENTARY INFORMATION:

Title of Collection: NSF’s Evaluation of the Robert Noyce Teacher Scholarship Program.

OMB Number: 3145–NEW.

Expiration Date of Approval: Not applicable.

Type of Request: Intent to seek approval to establish an information collection.

Abstract: The National Science Foundation (NSF) Robert Noyce Teacher Scholarship Program (Noyce) aims to address the critical need for highly effective elementary and secondary mathematics and science teachers in high-need school districts. The program supports the recruitment, preparation, and retention of STEM (science, technology, engineering, and mathematics) undergraduate majors and professionals to become K–12 STEM teachers, as well as experienced teachers to become teacher leaders. Noyce offers four program tracks:

1. Scholarships and Stipends: Supports undergraduate STEM majors and professionals with financial assistance and stipends to become K–12 STEM teachers in high-need school districts. Requires a teaching commitment of 2 years for each year of scholarship support.

2. Teaching Fellowships: Provides support to STEM professionals to become K–12 STEM teachers in high-need districts. Requires a 4-year teaching commitment.

3. Master Teaching Fellowships: Supports experienced K–12 STEM teachers to become teacher leaders in high-need districts. Requires a 5-year teaching commitment.

4. Noyce Research: Funds research projects focused on the effectiveness and retention of K–12 STEM teachers in high-need districts.

Additionally, the program accepts Capacity Building proposals from those preparing to submit proposals in any of the program’s tracks and supports conference proposals aimed at improving STEM teacher preparation. The program also invites proposals for authentic Research Experiences in STEM Settings (RESS) for both Noyce and non-Noyce pre-service and in-service STEM teachers.

The NSF Directorate for STEM Education (EDU) Division of Undergraduate Education (DUE) requires evaluation and technical services for the Noyce program. Noyce has a 20-year history of responding to the critical need for highly effective K–
