Check that cords and receptacles are clean, dry, and in good condition before energizing reefers.

Recognize hazards, such as electric shock, carbon monoxide gas, and fire, and know how to safely mount and dismount nose-and belly-mount generator sets.

Operate forklifts safely and observe speed restrictions. Maintain equipment and train operators according to 29 CFR 1910.178.

Inspect ladders, forklift man baskets and other lifting devices prior to use or operation.

Keep walkways and access areas clear and dry to prevent slips, trips, and falls.
